Adler Built Industries, Inc.—Common Stock Offered -Pursuant to a Dec. 5, 1960 offering circular, H. P. Black & Co., Washington, D. C., offered for public sale, 100,000 shares of this firm's common stock (par 10¢) at \$3 per share.

BUSINESS—The company, of 1201 W. 66th St., Hialeah, Fla., is engaged in the acquisition, development, and sale of residential and commercial real estate, the construction of homes and home improvement and general construction. Adler Built Construction Co., the company's wholly-owned subsidiary, engages in the business of home improvements and general construction. The company plans to acquire and develop land for its use in developing residential subdivisions and commercial properties and for sale to other builders primarily in Dade County, Fla. The company, however, may develop land outside of Dade County, Fla., and is also contemplating development outside of the United States.

PROCEEDS—Assuming all shares offered are sold, proceeds to the company will amount to \$240,000,000 after deducting underwriting commissions and expenses in the aggregate amount of \$60,000,000. These proceeds will be used for the following purposes in the order of

priority shown: Expenses of offering Development in Westhaven Heights Subdivision

Acquisition of land abutting Westhaven Heights Subdivision

Acquisition of land in Puerto Rico for proposed subdivision 40.000 Payment past due trade accounts_

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Outstanding Authorized 1,000,000 shs. 350,000 shs.

Air Products, Inc.—Record First Quarter—

Unaudited results for the first fiscal quarter ended Dec. 31, 1960, were announced by Air Products, Inc. of Allentown, Pa. Revenues were \$11,080,538 and net income was \$677,661. Revenues during the same period of the previous year were \$9,333,269 and net income was \$189,818. Income for the first quarter of this fiscal year was equivalent to \$0.50 per share compared to \$0.14 per share in the previous

year.

In his letter to the stockholders, Mr. Leonard P. Pool, president of Air Products, stated that it is anticipated that revenues and net income for the balance of the year will continue to show improvement over last year.—V. 190, p. 1413.

Air Reduction Co., Inc.—Sales Up, Net Down-

Sales for 1960 established a new record of \$202,486,344, it was anounced on Jan. 25 by John A. Hill, president. Sales in 1959 were

Net income in 1960 was \$14,692,381 as compared with 1959 net income of \$14,850,600. Earnings for the year 1960 were \$3.73 as compared with 1959 earnings of \$3.81.

In the fourth quarter of 1960, sales were \$49,354,634 and net income was \$3,078,133. In 1959, fourth quarter sales were \$49,550,743 and net income was \$3,405,898. Earnings in the fourth quarter of 1960 were \$.78, as compared with fourth quarter 1959 earnings of \$.87.

The board of directors of the company declared the regular quarterly dividend of 62½ c per share on the common stock of the company, payable on March 6, 1961, to stockholders of record on Feb. 20, 1961. This will be the 175th consecutive regular quarterly dividend paid by the company on its common stock.—V. 192, p. 1393.

Air-X Industries, Inc., Bronx, N. Y .- Files With SEC

The corporation on Jan. 31, 1961 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at \$3 per share, through Lewis Wolf Associates, New York, New York York, New York.

The proceeds are to be used for the purchase of machinery and equipment and furniture and fixtures and leasehold improvements including electrical plumbing and heating work.

Alabama Gas Corp.—Earnings—

The corporation reported earnings of one cent per share of common stock on operating revenues of \$10,161,000 for the three-month period ended Dec. 31, 1960, compared with earnings of 31 cents per share on revenues of \$9,423,000 for the corresponding period in 1959.

Earnings for the 12 months ending Dec. 31, 1960 were \$2.15 per share on operating revenues of \$41,135,000, compared with earnings of \$1.85 per share on operating revenues of \$4.135,000, compared with earnings of

per share on revenues of \$34,677,000 for the year ended Dec.

In a letter to stockholders, J. N. Greene, Chairman, and R. A. Puryear, Jr., president, noted that the decline in the three-month earnings was the result of increased costs of purchased gas which were only partially offset by rate relief. Also, the major portion of the decline in earnings did not in fact constitute a decline in earnings, but rather a postponement of earnings. While the weather in the first two months of the quarter was 16% warmer than normal, in the month of December, it was 21% colder than normal and 38% colder than December 1959. The volumes of gas purchased in December were the largest for any one month in the company's history and the cost of gas is reflected in the quarterly figures. Since a large portion of the cold weather in December occurred during the latter part of the month, a substantial amount of the gas delivered to customers in December will be billed in January, and the revenue from these billings December will be billed in January, and the revenue from these billings will be included in the March quarter. If all of the gas sold in December had been billed to customers in that month, earnings for the quarter would have been equal to, or in excess of, those for the comparable quarter of the previous year, the company noted.

The company applied to the Alabama Public Service Commission for an increase in its rates to compensate for increased costs of gas purchased from its supplier, Southern Natural Gas Co., which became effective June 1, 1960 and Aug. 13, 1960, and to offset other increased operating costs. On Dec. 9, 1960, the Commission issued an interim order, subject to further hearings and final determination approving rates which would increase the company's gas revenue by \$2,600,000 annually, based on normal weather conditions. Of this sum, \$1,500,000

Alleghany Corp.—B & O Ownership-

Allan P. Kirby, Chairman of the Board at Alleghany Corp. and Chairman of the Executive Committee of the New York Central System, announced on Feb. 2 that between them, the holding company and the railroad system it controls, have, to date, acquired ownership of more than 20% of the outstanding shares of the Baltimore and Ohio RR. Co.

He Said: "The Central is ready and willing to sit down now with the B&O and the Chesapeake and Ohio to plan for an early merger of the three railroads. We believe, as the President of the B&O has affirmed, that only such a merger is in the best interests of the public, the territories the railroads serve, and the railroads themselves.

"The benefits of such a merger must be realized, and Alleghany is determined to use every means at its command to bring it about and to protect our investment in the railroad industry."—V. 193, p. 1.

American Can Co.—Sales, Net Down—

Sales in 1960 totaled \$1,058,994,165, compared to the 1959 sales figure of \$1,107,361,078, it has been reported by William C. Stolk, chairman of the board, and Roy J. Sund, President.

Based on a preliminary report of the year's operations, earnings in 1960 were \$35,382,413, after provision for taxes, compared to \$40,-890,769 in 1959. After payment of preferred dividends, earnings were equivalent to \$2.06 per share on the 15,753,291 shares of common stock outstanding on Dec. 31, 1960, compared with \$2.42 in 1959.

The lower sales and earnings reflected "the performance of industry generally," Mr. Stolk said.

"In addition, inventory reduction by customers and weather conditions, which were unfavorable to both crop production and beverage consumption, had an unfavorable influence on sales."

Mr. Stolk indicated that "a number of the factors which limited sales and earnings will not recur in 1961."

Final results for 1960 will be announced next month, after which the Annual Report will be mailed to stockholders.—V. 192, p. 205.

American-Marietta Co.—To Acquire—

The signing of an agreement providing for the acquisition of the business and assets of Manley Sand Co., Rockton, Ill., and an affiliate, Portage-Manley Sand Co., was announced on Jan. 30 by American-Marietta Co. The transaction will involve a total of \$4,825,000 in cash and securities.

The Manley operations serve important customers throughout the nation in the foundry and glass industries. Manley silica sand is also widely used by manufacturers of pottery, cleansers, fiberglass insulation and chemical compounds.

The two firms will continue operations as the Manley Sand Co., Divi-ion of American-Marietta Co., with Karl O. Geng remaining as President.

The acquisition will include plants and extensive reserves of high silica sand deposits at Portage, Wis.; Oregon and Savannah, Ill.; Festus, Mo.; Michigan City, Ind., and Sawyer, Mich. Manley Sand was founded in 1907.—V. 193, p. 597.

American Microwave & Television Corp.-Formed-Formation of this corporation was announced on Feb. 7 by F. W. Bailey, president and board chairman of Missile Systems Corp. of Los Angeles.

The new corporation will be formed from the American Microwave Division of Missile Systems, and Vicon Division of Insul-8 Corp. of San Francisco. Sierra Capital Co. of San Francisco also will participate in the undertaking as a principal investor.

Mr. Balley said the venture provides an excellent opportunity for Missile Systems to participate in the rapidly growing field of educational and industrial television, as well as the microwave communication market. American Microwave & Television will establish executive offices and plant facilities in San Carlos, Calif.

F. Dan Meadows, an authority on television and microwave communication, will head the company. He was formerly an executive of Ampex Corp. and Sarkes & Tarzin.

American Optical Co.—Sells Subsidiary—

The Southbridge, Mass. company, announces that a contract has been entered into with the William Getz Corp. of Chicago, Ill., for the sale of its wholly owned subsidiary, Hanau Engineering Co., Inc., of Buffalo, N. Y.

Hanau is engaged in manufacturing and distributing products related

to the dental trade and the dental profession, and the William Getz Corp. of Chicago is also engaged in a similar activity.

Management and operation of Hanau will be under the direction of William Getz. No changes are contemplated in production or sales as the result of this transfer of ownership.—V. 193, p. 489.

American Radiator & Standard Sanitary Corp.-Sales, Net Down-

Consolidated net sales of American-Standard in 1960 totaled \$480,-236,000, compared with sales of \$517.413,000 in 1959, it was announced on Feb. 2 by Joseph A. Grazier, President.

The company's consolidated net income for 1960 amounted to \$13,189,000 equal to \$1.10 per share of the 11,648,037 shares of common stock outstanding. In 1959 net income amounted to \$21,371,000 equal to \$1.80 per common share.

The decline in sales and earnings was due primarily to reduced volume and lower margins in the United States, where a substantial decline in residential construction occurred.

The Board of Directors declared a dividend of 20 cents per share on the common stock, payable March 10, 1961 to stockholders of record at the close of business on Feb. 10, 1961.

The Board also declared the regular quarterly dividend of \$1.75 er share on the preferred stock, payable March 1, 1961 to stock-olders of record at the close of business on Feb. 10, 1961.—V. 192,

Annandale Terrace Limited Partnership — Files for Offering-

The company, of 1722 L Street, N. W., Washington, D. C., filed a registration statement with the SEC on Feb. 1, 1961, covering 306 limited partnership interests to be offered for sale at \$1,000 per unit, or an aggregate of \$306,000. The offering is to be made by Berens Securities Corp., Washington, D. C., which will receive a commission of \$90 per unit.

The partnership was formed on Jan. 27, 1961, by George W. De-Franceaux and Eugene F. Ford, as general partners, and John Mergner as the initial limited partner. Each has contributed \$1,000 for one partnership unit. The partnership proposes to purchase an undivided one-half interest as tenant in common in the Annandale Terrace Apartments in Annandale, Fairfax County, Va., and, together with the other tenant in common, to operate the apartments. Frederick W. Berens Sales, Inc., has entered into a contract with L. G. Meltzer Associates, Inc., as seller, for the purchase by Berens Sales of a one-half interest in the apartments. The purchase price for such one-half interest is to be \$265,000; and, in addition, the purchaser is to take such one-half interest subject to one-half of the \$1,340,500 trust deed. Berens Sales has agreed to assign its interest in the contract to the Berens Sales has agreed to assign its interest in the contract to the partnership. Meltzer Associates and the partnership will enter into a joint operating agreement on the settlement date. The purpose of a joint operating agreement on the settlement date. The purpose of this offering by the partinership is to acquire funds to purchase a one-half interest in the Annandale Terrace Apartments. The net proceeds of this offering will amount to approximately \$267,460 after deduction of approximately \$11,000 for expenses. The partnership has received contributions from the general partners and the initial limited partner in the total amount of \$3,000, so that upon completion of this offering it will have approximately \$270,460 of capital. Of such amount,

\$265,000 will be used to purchase the one-half interest in the Annandale Terrace Apartments and the balance will be used to defray settlesment costs arising with respect to such purchase.

Arkansas Louisiana Gas Co.—FPC Authorizes Facils. The Federal Power Commission has authorized Arkansas Louisiana Gas Company, of Shreveport, La., to construct facilities having a total cost not to exceed \$6,918,500, with the cost of any single project limited to \$500,000.

Similiar proposals by Natural Gas Pipeline Company of America, of Chicago, Ill., Transwestern Pipeline Company, of Houston, Texas, and Colorado Interstate Gas Company, of Colorado Springs, Colo., have been accepted for filing by the FPC. The four proposals are not related.

Natural proposes to construct facilities having a total cost of not more than \$3,500,000, with the cost of any single project not to exceed \$500,000. Transwestern would build facilities having a total cost not in excess of \$3,000,000, with the cost of any single project not to exceed \$500,000. Colorado Interstate proposes to build facilities having a total cost not in excess of \$800,000, with the cost of one project not to exceed \$400,000 and the cost of any other single project not exceed \$200,000.

All of the facilities authorized for Arkansas Louisiana and proposed

by the other three pipeline companies would be built during 1961. The facilities would be used by the pipeline companies to take into their main transmission systems supplies of natural gas purchased from producers in the general area of their existing systems.—V. 192,

Armco Steel Corp.—Sales, Net Down—

The Middeltown, Ohio, corporation earned \$70,459,000 in 1960, Logan T. Johnston, president, announced on Jan. 26 in a preliminary unaudited report.

This was equal to \$4.76 per share of common stock.

In 1959, the company earned \$77,064,249, or \$5.21 per share. Armco's sales totaled \$937,967,000 in 1960. The profit earned was equal to 7.5 cents on each dollar of sales. In 1959, sales amounted to \$1,022,428,742 and also returned a profit of 7.5 cents on each

Sales for the fourth quarter of 1960 were \$203,311,000, compared

Corporate and Municipal Financing Ahead By SIDNEY BROWN

Several fairly large corporate bond and stock, and municipal public offerings coming up this week (they are listed at the end of this column) by themselves would have made the total float an active one. The shift, however, of General Motors Acceptance Corp.'s \$150 million debentures from the backlog of probable financing without issue dates to the calendar day of February 16 changes the picture to one of even greater interest. Heightening this is the reception accorded the Treasury's announcement of its distribution of new refunding 18-month \$7,343,000,000 notes upon high-grade capital securities and the money markets.

Notwithstanding the mid-week holiday, financing scheduled for next week (February 20-25) looms almost twice as large as this week's. This is due almost entirely to A.T.&T.'s common stock rights offering to its owners occurring on Thursday, Feb. 23. The table immediately following depicts the prospective dollar volume of public offerings with sales dates set as of this writing coming up in each of the forthcoming four weeks classified by principal type of issue. The issues that are tabulated are those described in the February 9 issue of the *Chronicle*'s "Securities Now in Registration." Data as to capital sought are obtained from private and public sources and are checked out weekly and necessary changes are made accordingly. The four-week float contains four new investment funds, not including those involving an exchange, out of those being registered with the SEC in increasing frequency.

FOUR-WEEKS' FINANCING FLOAT

		** ***			
	Corporate	Corporate	Total		Total of Both

^{* \$1} million or more.

BACKLOG OF CORPORATES DOWN AND MUNICIPALS UP A BIT

The total backlog of corporates with and without offering dates possessing explicit financing details is provided in the table below. The recapitulation is based upon the issues described in last Thursday's Chronicle. Excluded are exchanges and indefinitely postponed issues even if they happen to be bonds. There must be some reasonable certainty as to whether a capital issue will or will not be offered in order to determine its inclusion in the backlog. (The data in parentheses denote number of issues.) Municipal issues with dates have increased by about \$21 million dollars compared to last week's figure and total corporates declined by about \$65 million.

	Total Backlog			
	This Week		Last Week	
Corporate bonds with dates Corporate bonds without dates_	\$448,362,300 93,553,300	(27) (24)	\$344,612,300 251,768,300	(32) (24)
Total bonds	\$541,915,600	(51)	\$596,380,600	(56)
Corporate stocks with dates\$ Corporate stocks without dates_	\$1,023,458,500 212,332,720		\$1,040,724,450 206,261,220	
Total stocks	\$1,235,790,920	(241)	\$1,246,985,670	(251)
Total Corporates;	51,777,706,520	(292)	\$1,843,366,270	(307)
Total Municipals with dates	\$399,304,000	(59)	\$378,324,000	(57)

[‡] Includes five preferreds with dates amounting to \$22,871,000 and two preferreds without dates amounting to \$2,418,290.

Going beyond the probable backlog covered above to reports of possible corporate offerings without sufficient specifics to classify them as serious contenders for investible funds, the latest tabulation of still inexplicit issues (some of which may not appear until 1963) comes to \$1,414,000,000. Some of the reports furnished by indicate the total possible external financing, but they do not break this down in terms of debt versus equity financing. Included here for the first time are these recent announcements: Flintkote Co. may receive owners' authorization to issue possibly \$30 million in debentures; General Telephone Co. of Florida expects to offer \$15 million next November in bonds; Central Hudson Gas & Electric Co. is considering \$5 to \$7 million in preferreds in the second quarter; and Commerce Oil Refining Corp. whose still active registration goes back to December, 1958, may issue \$48 million in debt obligations.

CONTRADICTIONS IN THE WHITE HOUSE?

Consolidated Natural Gas Co.'s \$45 million debentures received a most favorable reception from the corporation's point of view last week. This has led many to aver that the Government is getting the lower yield it set itself out to obtain in long term rates. Actually, though, was last week's evidence of bond price firming due to the Government's verbosity, proposals and measures, or to the scarcity of high grade corporate debt issues?

Significant factors affecting the market, notwithstanding the Administration's plans

and policies, have changed but little in the past several weeks.

What has happened, however, is a possible contradiction as to what the Government intends to do with its oft proclaimed desire to lower the interest rate of long term debt issues. This has created a foggy situation over the still unchanged landscape. Witness, for example, President Kennedy's last press conference (Feb. 8) in which he disavowed any intention on the part of the Government to dictate the long term market rate. To say the least this is contradictory and confusing to underwriters and syndicate managers as well as to individual and institutional buyers of capital issues. The implication of the President's press conference remarks is that intervention will come from the Federal Reserve and not from the Government. If this is a correct interpretation, then it can only mean one thing-i. e., the

Fed has given up what it has consistently and correctly lectured since it regained its independence over the wishes of Harry Truman and John W. Snyder. Of course, Mr. Kennedy's remarks may also mean that he will leave the interest rate matter up to the Federal Reserve's better judgment. If so, then there is hope that the Fed will stick to its bills preferably policy.

if our favorable export gap can increase itself even further to cover the hard core, basic deficit in our balance of payments which President Kennedy delineated in his gold and balance of payments message to Congress last February 6, then we need not fear future drastic domestic and international economic measures. A lot will depend upon what happens to our cost and price trend and the elasticity of response by consumers and business. The crucial problem is, will we innovate sufficiently to employ our resources at a high level, productively, with a stable or, better yet, lower price level? To depend upon government spending to solve our unemployment problem is no solution. With each recession after World War II followed by a less and less full recovery, the antidote of government spending which keeps costs and prices up has proven to be a palliative but not a cure.

Will the Europeans find it to their advantage to use the dollars in their possession to buy American goods and/or invest here instead of converting their assets into dollars, and their dollars into gold. Our recovery with a lowering price level based primarily on business and labor inventiveness should solve our international economic problems. It goes without saying that it will solve the domestic one.

CHANGES IN THE PAST WEEK

Corporate stocks publicly offered in the week ending Feb. 8 came to \$59,577,500 and senior debt issues totaled \$54,500,000. Additions to the Chronicle's corporate calendar amounted to \$189,269,800. This included the G.M.A.C.'s \$150 million and the \$9,850,000 Portland Terminal bonds.

Municipal sales in the week through Feb. 8 were \$128,468,000 and additions to the Chronicle's calendar of larger municipal issues were \$101,468,000.

VALIDITY OF STOCK AND BOND PROJECTIONS

How valid or invalid have been the projections of capital financing done here in the past two years? By following the procedure used by a large New York investment banking firm, the estimates made each week for each month during 1959 were totaled and averaged and the 12 monthly averages were, in turn, added up and compared to the S.E.C. computation of actual public offerings that year.

AVERAGE MONTHLY PROJECTION

AVERAGE MON	THEY PROJEC.	LION
	1959	1960 (6 Months)
January	\$460,000,000	\$275,000,000
February		474,000,000
March		562,000,000
April	= 0 0 000 000	526,000,000
May		731,000,000
June		613,000,000
July		
August		
September		
October	555,000,000	
November	501,000,000	
December	204,000,000	
Total	\$5,139,000,000	\$3,181,000,000
SEC's Total	\$5,993,000,000	\$3,167,000,000

Comparison made with the SEC's compilation of actual public offerings, not registrations, reveals our projection was off by \$844,154,000 for the entire year 1959. As for the first six months of 1960, the comparison shows our projection to have been \$13,480,000 more than the SEC's. In other words, the 1959 projection achieved an 85% accuracy, and a $99\frac{1}{2}\%$ accuracy for the first half of 1960. The latter's score is almost embarrassing. Gauging 15% less, as in the case of 1959, makes more sense because of the conservative methodology employed in handling, particularly, stock issues within the context of a changing stock market and last minute issue changes. The practice of weekly checks and adjustments made is responsible for what appears to be quite a satisfactory methodology, and serves to substantiate the validity of using equities in backlog projections. Without stocks the demand picture for capital would be out of focus.

LARGER ISSUES IN THE NEXT FOUR WEEKS

Included in the following list of the larger corporate and municipal issues expected in the next four weeks are two equipment trust certificates.

Week of Feb. 13-Feb. 17: \$9,850,000 in bonds of Portland Terminal Co.; \$50 million Atlantic Fund for Investment in U. S. common; 155,000 shares of Mortgage Guaranty Insurance Corp., common; 750,000 shares of Southern Co., common; \$20 million in bonds of Chesapeake & Potomac Telephone Co.; 326,682 shares of Puget Sound Power & Light Co., common and a day later, Feb. 16, \$15 million in bonds; \$8 million in bonds of West Texas Utilities Co.; \$150 million in debentures of General Motors Acceptance Corp.; and in Municipals-\$8.6 million Georgia State Hospital Authority, Ga.; \$32,550,000 Baltimore, Md.; \$6,900,000 Providence, R. I.; \$15,802,000 St. Louis, Mo.; \$8 million Cuyahoga County, Ohio; \$5 million Johnstown Municipal Authority, Pa.; \$8 million South Charleston, W. Va.

February 9, 1961.

with \$241,779,522 in the same period of 1959. Fourth quarter earnings amounted to \$17,032,000, compared with \$17,618,285 in 1959.

Johnston reported that fourth quarter earnings included favorable vear-end adjustments.

Last year Armco produced 4,964,200 tons of steel, compared with

5,128,907 tons in 1959, a year in which some of Armco's plants were closed by the steel strike. Shipments of steel mill products totaled 3,993,798 tons, against 4,103,543 tons in 1959.

Earnings before Federal income taxes were \$135,304,000, compared with \$152,926,364 in 1959. Depreciation and amortization totaled \$40,133,000. In 1959, these charges amounted to \$36,937,862.—V. 193,

Atlantic Refining Co.-Net Up-News-

The company reported on Jan. 31 an increase of 54% in earnings for 1960. Net income for the year amounted to \$46,566,000 or \$5 per common share, compared to the abnormally low \$30,174,000 and \$3.19 per share in 1959.

The company also said that net profits for both the second half and the fourth quarter were the highest for any similar periods in the company's history. Net income for the fourth period was \$19,161,000.

"Atlantic's favorable earnings for 1960 were largely the reflection of the strengthened internal position of the company," said Henderson Supplee, Jr., President. "Our substantial improvement in crude oil self-sufficiency, our emphasis on a more profitable mix of products, and important reductions in operating expenses were the major factors contributing to the year's results. These factors have now become built-in advantages which should continue to bring us benefits in the future. Our financial position has also improved considerably as demonstrated by an increase in working capital of \$20,000,000 at the year end, mainly the result of the retirement of \$24,000,000 in short-term debt during 1960."

Supplee reported that average crude oil production during 1960 rose 11% to a new high of 152,700 barrels daily, or 80% of the company's refinery runs for the year. Production in Venezuela averaged 51,400 barrels per day, 15,500 barrels a day more than the previous year. Despite a 15% decrease in allowable producing days in Texas, domestic production was maintained within 1% of last year's level. Domestic natural gas sales increased to a record 509.7 million cubic feet per day.

Supplee stated that product prices in the fourth quarter were slightly better than for the similar period a year ago, but the 12-month average of prices was below that of 1959. Despite this unfavorable price differential, sales and other operating revenue increased to \$561,205,000 compared to \$541,274,000 in 1959. Supplee said that improved product mix, and perticularly the significant increase in sales of the company's premium gasoline, contributed to this higher revenue. He added that heating oil sales received benefit from colder than normal weather only during the last few weeks of the year.

"During the past year the perfections in the production in the past year.

"During the past year, the petroleum industry has shown more responsible management of both crude oil supplies and refinery output." said Supplee. "If the industry continues to exercise this restraint, prices should remain favorable in the months ahead. This situation, coupled with our own internal improvement, would naturally benefit Atlantic's profit outlook."—V. 189, pp. 2887 and 1018.

Auburn Burner Co., Edgerton, Ohio-Files With SEC

The company on Jan. 18, 1961 filed a letter of notification with the SEC covering 10,000 shares of common stock (no par) to be offered at \$30 per share, without underwriting.

The proceeds are to be used to retire current short-term obligations, for an additional plant and equipment, and working capital.

Automatic Canteen Co. of America—Registers Common -To Acquire-

This company, located in the Merchandise Mart Plaza, Chicago, Ill., This company, located in the Merchandise Mart Plaza, Chicago, Ill., filed a registration statement with the SEC on Feb. 7, 1961, covering (1) 210,228 common shares to be offered by the company pursuant to certain stock option plans, (2) 10,023 common shares to be offered in exchange for all of the outstanding capital shares of Helmut Rehbock, GmgH, of Hamburg, Germany, (3) 56,350 common shares to be offered for all of the outstanding common stock of Trimount Coin Machine Co., Trimount Enterprises, Inc., and Automatic Music Service, Inc., (4) 500,000 common shares to be offered for the acquisition of additional businesses and properties, and (5) 127,725 outstanding common shares to be offered for public sale by the present holders thereof who received such shares in exchange for stock of Nationwide Food Service, Inc., and certain Ohio distributors.

Nationwide Food Service, Inc., and certain Onlo distributors.

The company is engaged in various phases of the automatic merchandising business including the development, manufacture and sale of vending machines, the leasing of such machines to independent franchised distributors, the purchase and sale of merchandise to such distributors, the operation and servicing of vending machines in certain territories and the manufacture, sale and lease of coin-operated automatic phonographs and accessories. By its recent acquisition of Nationwide Food, the company has expanded its business into the field of food service management and contract catering. As an aid Nationwide Food, the company has expanded its business into the field of food service management and contract catering. As an aid to financing the sale of products manufactured by its subsidiaries, the company has recently acquired all of the outstanding common stock of Commercial Discount Corp. and in excess of 99% of the capital stock of Hubshman Factors Corp. These companies are engaged in financing the operations of business firms. Through the acquisition of A.B.T. Manufacturing Corp., the company has entered the field of manufacturing coin and bill changers and slug rejectors. The net proceeds from the stock sale upon exercise of the stock options which have been or will be granted under the company's stock option plans will be added to the general funds to be available for corporate purposes which may include the acquisition of additional equipment, the reduction of long-term debt, and the augmenting of working capital. the reduction of long-term debt, and the augmenting of working capital.

In addition to certain indebtedness, the company has outstanding 6,240,613 shares of common stock. Frederick L. Shuster is listed as Board Chairman and John W. Cox as President. The prospectus as Board Chairman and John W. Cox as Frestdent. The prospectus lists 42 selling stockholders including stockholders who received shares of the company in the Nationwide Food acquisition and those who will receive shares in the Helmut Rehbock and Trimount Coin acquisitions. Included in such list are David S. Bond (54,874 shares) and Ben Regan (31,837 shares).

Automation Canteen has agreed to acquire in a straight stock transaction, Trimount Automatic Sales Co., Boston, Mass., distributor and operator of coin-operated equipment and basic sound systems, it was announced on Feb. 2 by Frederick L. Schuster, Automatic Canteen Board Chairman.

Trimount sells, operates, and rents a variety of coin-operated equipment throughout the New England states. Through a special service division, the firm is active in background music and is a distributor for the R. C. A. commercial sound line as well as other sound and communications equipment.

It also installs industrial and institutional intercommunications systems as part of a complete sound service for various facilities, including schools, hospitals, factories, offices, bowling alleys, shopping centers and supermarkets.—V. 193, p. 599.

Avionics Investing Corp.—Seeks Exemption—

This corporation, of Washington, D. C., has applied to the SEC for an order under the Investment Company Act declaring that it has ceased to be an investment company as defined in that Act; and the commission has issued an order giving interested persons until Feb. 15.

1961, to request a hearing thereon. Avionics Investing is also a small business investment company licensed under the Small Business Investment Act of 1958. It has eight shareholders, including seven individuals and Sutro Bros. & Company, an investment banking firm, which recently acquired from existing shareholders a majority of the outstanding shares and intends to participate in the management of the company and to make further investments in or procure additional funds for the company by means of a private offering of its securities. Avionics has requested withdrawal of its Securities Act registration statement which proposed the public offering of 250,000 shares.—V 192 statement which proposed the public offering of 250,000 shares .- V. 192,

Babcock & Wilcox Co.—Record Net-Jap. Agreement The company reported on Feb. 7 net income for 1960 of \$17.818,000, or \$2.88 per share, on shipments of \$310,999,000. This income is 12% higher than that for the previous year and is the highest in the company's history.

Commenting on the improved earnings, Mr. Nielsen, company President, stated: "These results were achieved despite a 6% decline in shipments, primarily by continued general improvement in operating efficiency throughout the company. This improvement has been brought about both through better utilization of personnel and through savings in production costs made possible by the large capital investments in plant and equipment during the past several years.

New orders received during 1960 of \$301,146,000 were \$9,853,000 less than shipments during the year. The backlog on Dec. 31, 1960, therefore, was \$291,095,000 compared with \$300,948,000 for a year earlier.

The annual report for 1960 will be distributed to stockholders early in March.

The company reported on Feb. 6 that it has signed an agreement with the Isolite Insulating Products Co., Ltd., of Osaka, Japan, which permits the Japanese concern to manufacture and sell B & W's entire line of refractories. The pact covers a ten-year period, dating from January, 1961.

Under terms of the agreement, B & W will aid in the start-up of manufacturing operations at Isolite's new 215,000 square foot plant in Toyokawa, Japan, and will continue to furnish technical assistance on existing and new product developments for the period of the agreement.

In announcing the agreement, Mr Nielsen termed it "a good return on our know-how and experience from a market area in which we would otherwise be unable to compete."

R. A. Barr, Vice-President, who is in charge of B & W's Refractories division, went to Japan to negotiate the agreement. The Isolite Insulating Products Co. is Japan's oldest and largest producer of insulating firebrick for the Japanese domestic market. The company now operates a total of three plants in Japan, employing over 1,100 people.

Babcock & Wilcox is a major domestic supplier of refractories products. The B & W Refractories division has a plant in Augusta, Ga., and main offices at the company's headquarters in New York

In addition to its refractories production, Babcock & Wilcox is a major supplier of steam generating equipment, tubular products, soot-blowing systems, meters and controls, electronic equipment and nuclear systems and components.—V. 192, p. 2606.

Baird-Atomic, Inc.—Contract—

Baird-Atomic, Inc., 33 University Road, Cambridge, Mass., has been awarded a two million dollar contract for a Reliability Testing Program, in connection with the MIDAS Satellite Program, by the Missiles and Space Division of the Lockheed Aircraft Corp., Suunnyvale, Calif. Lockheed is prime contractor to the U.S. Air Force for the MIDAS Program, aimed to provide early warning of enemy ballistic missile launchings by means of satellite-borne infrared detection.

Baird-Atomic, Inc., recently announced its delivery of the first of series of Infrared Surveillance Satellite Payloads to Lockheed. The Cambridge firm has been active in the early research and development work for the MIDAS program, including the instrumentation of many high-altitude balloon flights to provide fundamental target and background data on which some of the capabilities of the MIDAS system are based.

Approximately half of the Baird-Atomic business is commercial—spectro-chemical, atomic, and electronic instruments—the other half contract research, development and engineering, principally for the government and government prime contractors.—V. 192, p. 2606.

Baltimore Gas & Electric Co.-Net Up-

For the year ended Dec. 31, 1960, the company reports net income of \$21,952,000, equivalent to \$1.48 per share of common stock. Net income for the year 1959 amounted to \$20,966,000, which resulted in earnings per common share of \$1.41.

For the three months ended Dec. 31, 1960, the company earned \$0.34 common share, compared with \$0.28 per share in the final quarter

J. Theodore Wolfe, President, said that customers used more electricity and gas than in any prior year but the increases were not as large as expected because of the slowdown in business activity and housing construction, both of which were experienced nationally. He also said that contracts obtained in 1960 for additional electric and gas service to industrial and commercial customers, when fully effective, are estimated to produce more annual revenue than similar new business obtained in any previous year.—V. 193, p. 3.

Bastian-Blessing Co.-Plans 4-For-1 Split of Common Directors of the Chicago company have voted to submit a proposal for a 4-for-1 split of common stock to stockholders at the company's regular annual meeting to be held April 7, 1961.

Under the proposed split, stockholders would receive three additional shares for each share held. The split would increase the number of common shares outstanding from 183,543 to 734,172. To accommodate the proposed split, stockholders will be asked to vote an increase in authorized shares from 200,000 to 1,000,000.

The company expects to continue its \$4.00 annual dividend rate on present shares or a \$1.00 rate on new shares.

Bastian-Blessing is the world's largest manufacturer of fountain and counter food-service equipment. The company's RegO Division is also a major manufacturer of valves, manifolds, regulators, cylinder outfits and other equipment for the L-P Gas industry.—V. 180, p. 2694.

Bell & Gossett Co.—Acquires—

The Morton Grove, Ill. company announced on Feb. 2 the acquisition of Circuit Development Corp., Boulder, Colo., producers of electronics equipment and specialized printing devices.

According to R. E. Moore, President of Bell & Gossett, the company was acquired through an exchange of stock. Specific details of the transaction were not disclosed,

Circuit Development Corp., founded only a year ago, produces printed circuit boards for electronics equipment, silk screen printing, high vacuum metalizing, micro-film electric heaters and a three-dimensional advertising display device.

Mr. Moore said the Boulder firm was acquired as part of Bell & Gossett's expansion of its electronics division. Last year the company acquired Colorado Research Corp., Broomfield Heights, Colo., a leader the development of new electronic devices for government and industry.-V. 192, p. 111.

Bevis Shell Homes, Inc .- Securities Sold-Narragansett Capital Corp., a Federal licensee under the Small Business Investment Act of 1958, announced on Feb. 8 purchase of a 10-year capital note in the amount of \$1,100,000 from Bevis Shell Homes, Inc., together with a warrant to purchase 100,000 shares of the firm's common stock as follows: \$3.50 per share for five years; \$5.50 per share for the next 21/2 years, and \$7.50 per share for the following 21/2 years.

BUSINESS—Bevis is a long-established unit in the rapidly expanding shell home industry. It is a combination construction and finance company whose principal business is to provide plans for, and to sell, construct and finance, shell homes. The company was incorporated in 1955 to continue a business established in 1943. Its headquarters are in Tampa, Fla., with sales operations being conducted throughout the South. Over one-half of the company's present volume stems from Florida and Mississippi volume stems from Florida and Mississippi.

PROCEEDS—The \$1,100,000 supplied by Narragansett Capital Corporation places the company in a position to expand senior borrowings by a material amount in order to finance the company's expansion program.—V. 192, p. 111.

Bowl-Mor Co., Inc.—Debentures Offered—An issue of \$2,000,000 Bowl-Mor's 51/2% convertible subordinated debentures due 1976 was publicly offered on Feb. 9 by an underwriting group headed jointly by Paine, Webber, Jackson & Curtis and Granbery, Marache & Co. The debentures were priced at 100% and accrued interest.

REDEMPTION—The debentures are convertible into common stock of the company at a conversion price of \$40 per share. They are redeemable at 105.5% prior to Feb. 15, 1964 and at declining prices thereafter, and for the sinking fund at 100%. Sinking fund payments commencing in 1965 are calculated to retire all of the debentures prior to maturity.

PROCEEDS—The proceeds from the sale with the proceeds from a recent sale of additional common stock will be used for working capital, including part of the financing of the company's conditional sales and leases of its pin-setting machines, certain costs involved in entering the tenpin field and payment of costs in entering the ninepin field and the development of a foreign market for all of the company's products.

BUSINESS—Initially the company manufactured and distributed a pin-setting machine used for candlepins, the "small ball" bowling ball prevalent in most of the New England States and in the Maritime Provinces of Canada. The company also manufactures and distributes machines used for duck pin and rubber-band duck pin bowling. It is now in the process of developing machines for "large ball" bowling, as played in most sections of the United States, and for ninepin bowling, as played in many European countries. as played in many European countries.

EARNINGS—For the 11 months ended Nov. 26, 1960 the company reported consolidated income of \$7,086,000 and consolidated net earnings of \$635,108, compared with \$5,420,209 and \$544,355, respectively, for the like pediod of 1959.

CAPITALIZATION-After completion of this sale, the company will have outstanding \$6,000,000 of long-term debt, \$1,000,000 of short-term debt, 160,757 shares of 30 cents cumulative preferred stock of \$1 par

and 868,508 shares of common stock of 10 cents par.

UNDERWRITERS—The underwriters named below, for whom Paine,
Webber, Jackson & Curtis and Granbery, Marache & Co. are acting
as representatives, have severally agreed to purchase from the
company, the respective principal amounts of the debentures set

forth below:

Irving Trust Co. has been appointed New York paying agent, registrar, exchange and conversion agent of the corporation's \$25,634,400 principal amount 4½% convertible subordinated debentures due Jan. 1, 1981.—V. 193, p. 198.

Budd Co.-Sales Up, Net Down-

The company earned \$4,743,000 during 1960, equivalent to \$0.96 per common share on sales of \$350,068,000 after Federal income taxes of \$5,700,000, it was announced on Jan. 27 by Edfard G. Budd, Jr., President, following a meeting of the board of directors. This compared with 1959 earnings of \$11,041,000 or \$2.41 per common share on sales of \$321,692,000 of \$321,692,000

In the fourth quarter, Mr. Budd said the company lost \$765,000 on sales of \$80,294,000. This was equal to \$.21 per common share.

In the fourth quarter of 1959 the company earned \$1,809,000 or \$.38 per common share on sales of \$80,733,000.

Nineteen-sixty figures are subject to year-end audit by the public

The Board of Directors declared a dividend of \$.15 on the common shares outstanding and \$1.25 on the preferred shares, both payable March 1, 1961 to shareholders of record Feb. 14, 1961.

In commenting on the action of the Board reducing the dividend from \$.25 to \$.15 for the quarter, Mr. Budd said: "The Board felt that the inadequate results for the first quarter, made it wise to reduce the dividends at this time."—V. 192, p. 1395.

Bulova Watch Co., Inc.—Sales Up, Net Down-

Net sales of Eulova for the 39-week fiscal period ended Jan. 1961 were \$56,626,172, an increase of 5.4% over sales of \$53,679.277 for the corresponding period ended Dec. 27, 1959, Harry B. Henshel, President, has reported.

For the same period net earnings were \$1,605,890, equivalent to 82 cents per share of common stock (subject to year-end adjustments) compared with earnings of \$2,339,688, or \$1.20 per share, in the corresponding period a year ago.

Mr. Henshel pointed out that Bulova had in mid-November introduced the world's first electronic wrist timepiece following eight years of research. Some of the costs of development, pre-production tooling and introductory promotion and marketing efforts, as well as inventory buildup, were a considerable penalty to earnings in this period and are expected, to a lesser degree, to be a factor in the next fiscal period Mr. Henschel said period, Mr. Henschel said.

Initial sales of the new product, called "Accutron," were restricted by production limitations to 32 market cities. Plans are now under way to extend distribution of the new timepiece throughout the United States, Canada, the Far East and Australia.—V. 192, p. 1811.

Business Capital Corp.—Common Stock Offered-Financing for the largest small business investment company so far organized in Chicago and in Illinois, in the amount of 500,000 shares of common stock of this corporation, priced at \$10 per share, was done on Feb. 9 by an underwriting group headed by Blunt Ellis & Simmons, Hornblower & Weeks and Cruttenden, Podesta & Company.

PROCEEDS—The new corporation will use proceeds from the financing for providing capital for its loans to small businesses.

Carriers & General Corp.—Annual Report—

Net asset value per share of the common stock of the corporation was \$30.67 at the end of 1960, it was revealed in the corporation's 31st annual report. After crediting the capital gains distribution of 90 cents per share made during the year, the gain for the year was 1% over the net asset value of \$31.25 at Dec. 31, 1959.

Total net assets of the corporation on Dec. 31 1960 were \$19,076.984 before deducting the principal amount (\$1,8.700) of outstanding debentures. On Dec. 31, 1959, comparable total net assets were

In addition to the distribution of 90 cents per share from capital gains, four quarterly dividends were paid from net investment income totaling 80 cents per share, the same amount as that paid in 1959.

'The nature of the company's investments during 1960," the report stated, "enabled the value of shares to remain relatively stable. Portfolio changes during the year were not extensive in view of the company's substant 'l investments in the relatively well-situated financial, consumers goods and public utility fields.

The report also sumfid:
"Although selectivity is the usual characteristic of the stock market, the past year has been extreme in this respect, some groups showing extraordinary gains and others substantial losses. There is every likelihood that this element of selectivity will continue to be a very important factor in the investment markets of 1961."—V. 189, p. 1924.

Carter Products, Inc.—Reports Sales, Net Down-

Net earnings were \$1,583,603, equal to \$0.61 per common share, in the firm's third quarter ended Dec. 31, 1960, H. H. Hoyt, President, on Jan. 25 reported. This compares with earnings of \$2,272,509 (\$0.87 per share) during the corresponding quarter of 1959. Net sales for the third quarter were \$13,102,359, as compared to \$14,573,212 in the 1959

Sales and earnings for the fiscal nine months ended Dec. 31, 1960, impared with the previous year, were:

	Parent III	The feeting from the contract of the contract	1960	1959
Net	sales		\$42,052,128	\$44,250,755

Per	share	********	\$2.23	\$2.82

Carter Products manufactures proprietary medicines, toiletries, and through its pharmaceutical division, Wallace Laboratories, a wide range of prescription drugs, including "Miltown," "Deprol" and "Soma."—V. 191, p. 699.

Cenco Instruments Corp.-New Activity-

This producer and supplier of teaching equipment formally announced on Feb. 1 its entry into the educational film field to "augment

America's teaching staffs and to help them meet the growing need for scientifically trained students.

The announcement was made in connection with the annual meetings of the American Physical Society and the American Association of Physics Teachers at the Hotel New Yorker.

Ralph C. Read, Cenco's Executive Vice-President, said he felt that films, particularly in mathematics and science, were desperately needed to ease the growing teacher shortage.

"With school populations virtually exploding and classrooms already overcrowded, our mathematics and science teachers face a difficult problem in maintaining student attention let alone instructing.

"Only highly interesting—as well as informative—films can hold classroom attention today. We have organized a professional staff under direction of executive producer David Wisner to be known as Cenco Educational Film Division. Our films are produced with the same scientific care and precision as our high-grade laboratory apparatus and in collaboration with leading educational authorities,"

Cenco currently has available two series of film for elementary and high schools; one on "Science for Children," the other "Discovering Solids," which deals with solid geometry and dramatically depicts the many geometric designs we see around us every day but barely notice.

'Exploring by Satellite," suitable for civic audiences as well as senior and junior high school students, is a vivid 28-minute film on the launching and tracking of the Vanguard missile and was made in co-operation with the Navy and other agencies engaged in the International Geophysical Year.

Just being completed is a seven-film series on "Nuclear Radiation," produced for high school physics classes and incorporating the latest in nuclear instrumentation and techniques to explain the detection and uses of radiation in medicine, earth study and outer space. The fact and fiction of fallout are also covered.—V. 192, p. 699.

Centennial Fund II, Inc.—Receives Order-

The SEC has issued an order under the Investment Company Act granting an application of Centennial Fund II, Inc., Denver investment for an exemption from the requirement of Section 14 (a) of the Act that an investment company may not make a public offering of securities unless it has a net worth of at least \$100,000. The Fund will offer its shares in exchange for securities held by individual investors.—V. 193, p. 376.

Central Hudson Gas & Electric Corp.—Net Up-

Increased earnings for the year 1960 were reported on Feb. 1 by this corporation, of Poughkeepsie, N. Y.

Preliminary figures place the company's net income at \$5,632,705 for 1960, as compared with \$5,427,224 for 1959.

On a per-share basis, the 1960 earnings are equivalent to \$1.47 on the 3,369,228 common shares outstanding at year end, versus \$1.41 on 3,366,152 shares in 1959.

In their quarterly report to Central Hudson's more than 18,000 common shareholders, Chairman of the Board Ernest R. Aker and President Lelan F. Sillin, Jr. attribute the increased earnings principally to "the generally good economic conditions that prevailed in our service area throughout most of the year," pointing out that sales of both electricity and gas to normal customer classifications increased 5% beyond the 1959 level.

Also cited as an important factor is the 140,000-kilowatt third generating unit at the company's Danskammer Point power plant, which had its first full year of operation in 1960, enabling Central Hudson "materially to reduce the amount of electricity purchased from outside sources and to increase its revenues from surplus power transactions by selling spare capacity and surplus economy energy to neighboring utilities." utilities.'

The report highlights the economic vitality of the Mid-Hudson Valley by citing the fact that the 1960 census shows a 10-year population increase of over 27% for the area served by the company, twice as large as New York State's 13% gain and half again as much as the national increase of 18%. The Central Hudson area now has 387,310

Speaking of Empire State Atomic Development Associates, Inc., a non-profit research corporation recently organized by seven New York State investor-owned electric companies with Mr. Acker as President, the report states that Central Hudson has agreed to contribute up to \$615,000 over a period of four years to the nuclear research program undertaken by ESADA. Involved is a long-range program leading toward ultimate construction in New York State of an atomic power plant ranging between 300,000 and 500,000 kilowatts in generating capacity. Total indicated cost of the research and development phase is more than \$20 million, of which the participating utilities will contribute one-half. General Electric Co. and General Atomic Division of General Dynamics Corp. are the contractors.

Central Hudson increased its quarterly dividend rate last November

Central Hudson increased its quarterly dividend rate last November for the second time within 12 months. The new rate is 25 cents per share, up from 23 cents earlier in 1960 and 20 cents prior to Novem-

ber 1959.

Dividend checks accompanying the current report continue the unbroken record of 57 years during which Central Hudson and its principal predecessors have paid dividends without interruption.—V. 192, p. 1812.

Century Geophysical Corp. (& Subs.)-Record Sales-

Income before taxes of \$282,539 from sales of \$3.875,161 for the

Income before taxes of \$282,539 from sales of \$3.875,161 for the six month period ending Dec. 31, 1960, was reported for this corporation of Tulsa, Okla., and its subsidiaries, by Mr. T. A. Manhart, President in the company's quarterly report to stockholders. Century Electronics & Instruments Inc., a wholly owned subsidiary, realized the major portion of its sales from substantial additions to its Minuteman Telemetry Cart program under subcontract to Boeing Aircraft Co. A significant increase in sales of instrumentation was also reported. also reported

The corporation's service facilities, including domestic and foreign geophysical, uranium, seismic reference service divisions, and Data, Inc., a scouting service subsidiary, have expanded their facilities by adjusting to the changing requirements of industry.

Smalley's Radio Ltd., the Canadian electronic components subsidiary, in pursuance of its planned expansion program has established new

outlets

sales outlets.

Century Universal Inc., the newest subsidiary, has been organized to manufacture and market the "Euphorian seat," which was specifically designed to conform with the ultimate comfort requirements of air travel. Substantial sales are indicated for this product.

Mr. Manhart, in summarizing the future prospects of the corporation, stated that, "the trend of our sales and profits indicates continuing satisfactory results in the final six months of this fiscal year."—V. 191, p. 2303.

Chain Belt Co.-Files Stock Plan-

This company, of 4701 West Greenfield Ave., Milwaukee, Wis., filed a registration statement with the SEC on Feb. 6 covering 73,839 shares of capital stock, to be offered to employees of the company and its subsidiaries pursuant to its 1959 restricted stock option plan for its subsidiaries pursuant to employees.—V. 188, p. 2461.

Chromalloy Corp .-- Acquires-

The corporation announced on Feb. 6 acquisition of Shunk Manufacturing Co., Bucyrus, O., the world's oldest and largest manufacturer of replaceable blades and cutting edges for earth-moving, road construction, road maintenance and snowplow equipment.

Purchase of the privately-owned firm was made for an undisclosed amount of Chromalloy stock. It will be operated as a wholly-owned subsidiary of Chromalloy, under the presidency of Raymond W. Burman, the present chief executive of Shunk. Mr. Burman will also become

a director of the parent company. "Based on 1960 figures," Joseph Friedman, Chromalloy chairman, said, "this acquisition will boost Chromalloy's sales volume more than 40% and should make a substantial contribution to its earnings. The currently projected expansion of the Federal highway program will materially increase Shunk's immediate potential.

"The company, a leader in its field for more than a hundred years, has been consistently and substantially profitable," he asserted.

The Shunk Company's cutting blades, tractor attachments and other The Shunk Company's cutting blades, tractor attachments and other road construction equipment are sold about equally to heavy machinery manufacturers and as replacement parts to users of such equipment. This replacement parts business leaves Shunk little affected by the cyclical nature of the heavy machinery business.—V. 192, p. 2608.

Church Builders, Inc.—Proposes Offering—

This company, of 501 Bailey Ave.. Fort Worth, Texas, filed a registration statement with the SEC on Feb. 6, 1961, covering 50,000 shares of common stock, series 2, to be offered for public sale at \$5.50 per share. The offering will be made on a best efforts basis through Associates Management, Inc., the company's investment adviser, for which it will receive \$0.4675 per share selling commission. The company is a closed-end diversified investment company of

The company is a closed-end diversified investment company of the management type. It initially operated as a specialized lending institution providing interim and permanent financing for construction, improvement and furnishing of buildings for the Churches of Christ. Investments were limited to leans secured by real estate mortgages or chattel mortgages until about Jan. 23, 1960, at which time the corporate policy was changed to permit other investments. The net proceeds from the stock sale will be added to general funds and used for investment used for investment.

The company has 106,787 shares of common stock outstanding, of which management officials as a group own 5.88%. Jack E. Burton is listed as president of the company and vice-president of the investment adviser, and J. H. Richards, Sr. as board chairman of the company and a director of the investment adviser.

Clark Cable Corp.—Gov't Orders at Record—

Contracts awarded by the United States Government in December, 1960 to Clark Cable Corp. and its subsidiary, Test Institute Corp., totaled \$473,471, according to William S. Beckenbach, Vice-President, today. This represents the largest single-month business volume since June, 1960, Mr. Beckenbach said, and is a marked increase over any other month in the second half of 1960.

For the months of December, 1960 and January, 1961, Government defense contracts awarded to Clark Cable and its subsidiary totaled \$843,486, Mr. Beckenbach stated

\$843,486, Mr. Beckenbach stated.

Shipment of completed orders by Clark Cable in the last three months of 1960 totaled \$1,160,000 and insured a new high in sales for the fiscal year ending Jan. 31, 1961.—V. 192, p. 2016.

Coburn Credit Co., Inc.-Common Stock Offered-Pursuant to a Feb. 7, 1961 prospectus, Brand, Grumet & Seigel, Inc., and Kesselman & Co., Inc., both of New York City, offered for public sale, 50,000 shares of common stock (par \$1) at \$4 per share.

BUSINESS—The company was incorporated in New York in March, 1957. It is engaged primarily in the consumer sales finance business. This business consists of the purchase by the company from retail dealers of installment contracts entered into by customers with the dealers in connection with installment purchases of merchandise. The company has its principal office in Rockville Centre, N. Y., and since October 1969, a welly-covered subsidiary before overview. and since October, 1960, a wholly-owned subsidiary has operated a branch office in Fort Lee, N. J.

PRCCEEDS—The net proceeds to be received by the company from the sale of the shares will be added to the general funds of the company and will be available for its general corporate purposes and to increase working capital. The company's working capital requirements have increased in recent months as a result of the establishment of its office and the growth of its business in New Jersey.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Indebtedness to A. J. Colorado Fuel & Iron Corp.—Shows Loss-

The corporation released on Jan. 27 unaudited figures covering its operations for the 1960 calendar year.

Operations for the 1960 calendar year.

Operations for this year, excluding a non-recurrent loss due to the sale of the corporation's Claymont, Del., plant, resulted in a net loss of \$1.196,625 after provision for Federal income taxes, equal to a loss of 41 cents per share, after preferred dividend requirements, on 3.892,630 shares of common stock outstanding. This compares with net earnings for 1959 of \$4,364,554 after provision for Federal income taxes, equal to \$1.04 per share, after preferred dividend requirements, on the 3,739,967 shares of common stock then outstanding.

The loss on the sale of the Claymont plant, net of Federal income taxes, was \$3,606,104 resulting in an aggregate net loss for 1960 of \$4,802,729 after provision for Federal income taxes and after preferred dividend requirements, equal to \$1.34 per share on the 3,892,630 shares of common stock outstanding.

The net loss of 1960 before Federal income taxes was \$2,729,325,

excluding the non-recurrent loss due to the sale of the Claymont plant, and was \$8,641,029 after giving effect to such sale. This compared with net earnings before Federal income taxes of \$8,088,154 in

For the fourth quarter of 1960 the corporation reported a net loss of \$1,602.000 after provision for Federal income tax credit, equal to a loss of 43 cents per share, after preferred dividend requirements, on 3,892,630 shares of common stock outstanding. This compares with a net loss for the corresponding quarter of last year of \$1,999,729 after provision for Federal income taxes, equal to a loss of 6 cents per share, after preferred dividend requirements, on 3,739,967 shares of common stock then outstanding.

The net loss before Federal income taxes was \$3,338,007 for the fourth quarter of 1960 as compared with a net loss of \$4,654,129 for the corresponding quarter of last year.

The first quarter shipments are showing improvement over the fourth quarter of 1960.—V. 192, p. 2120.

Colorado Interstate Gas Co .- FPC Authorizes Facils. See Arkansas Louisiana Gas Co., above.-V. 191, p. 199

Consolidated Development Corp.—Hearing Postponed

The SEC has granted a request of counsel for Consolidated Development Corp., of Havana, Cuba, for a postponement from Feb. 2 to Feb. 27, 1961, of the hearing in proceedings under the Securities Exchange Act to determine whether Consolidated Development stock should be suspended or withdrawn from listing and registration on the American Stock Exchange. The postponement was requested in order to allow additional time for the parties to prepare a factual stipulation which might avoid the necessity for an evidentiary hearing.—V. 192,

Consolidated Natural Gas Co .- Debentures Offered-An underwriting group headed by Morgan Stanley & Co. and The First Boston Corp. and comprising 75 investment firms offered for public sale on Feb. 8, a new issue of \$45,000,000 of this company's 4% debentures due Feb. 1, 1986. The debentures are priced at 100% and accrued interest to yield approximately 4.325% to maturity. The issue was awarded to the group on Feb. 7 on its competitive bid of 99.92% which named the 4%% coupon. There were two other bids for the debentures with a 438% coupon: White, Weld & Co. and Paine, Webber, Jackson & Curtis, jointly, 99.7299, and Halsey, Stuart & Co., Inc., 99.67.

REDEMPTION—A sinking fund for the debentures provides for annual payments commencing Feb. 1, 1956, calculated to retire 80% of the issue before maturity. The initial sinking fund redemption price is 100.74%. Optional redemption prices range from 105.13% to the principal amount.

BUSINESS—Consolidated Natural Gas is a holding company whose six operating companies constitute an interconnected natural gas system engaged in all phases of the natural gas business.

PROCEEDS—Proceeds from the sale of the debentures will be used to pay a short-term construction bank loan of \$25,000,000 and to finance in part the 1961 construction program of the Consolidated System. The system expects to make plant expenditures in 1961 of approximately \$70,000,000. Plant expenditures for 1960 amounted to around \$58,500,000.

Cities served at retail by Consolidated Natural Gas subsidiaries include Cleveland, Akron, Youngstown, Canton, Warren and Marietta in Ohio; a part of Pittsburgh and Altoona and Johnstown in Pennsylvania, and Clarksburg and Parkersburg in West Virginia. Other subsidiaries supply natural gas at wholesale to non-affiliated utilities.

REVENUES-For the 12 months ended Sept. 30, 1960 the company reported total operating revenues of \$359,111,000 and gross income before income deductions of \$41,257,000. For the 1959 calendar year total operating revenues were \$334,453,000 and gross income

Cook Coffee Co.-Sales, Net Up-

Max Freedman, President, advised shareholders on Jan. 26 that preliminary figures for the 52 weeks ended Dec. 31, 1960 indicate total sales of \$107,973,673 or an increase of 15.4% above the total sales of \$93,527,499 in the comparable period in 1959. This represents an alltime high and is the first year in which the company has passed the

\$100,000,000 mark.

Sales during the concluding four-week period totaled \$9,092,613, which was a 12.2% increase over sales of \$8,104,176 in the four weeks ended Jan. 2, 1960.

"Operating earnings for 1960 will compare favorable with the \$1.17 per share earned from operations in 1959, when the total earnings included 12 cents per share in nonrecurring income derived from the sale of the company's former headquarters," Mr. Freedman said in an

rine company's former headquarters," Mr. Freedman said in an interim letter to shareholders.

"In addition to the home service route operations conducted in 11 states and the 42 Pick-N-Pay supermarkets operated by the company in the four-county Greater Cleveland sector, three new stores are under construction and two others are to be started shortly with a view to opening all five new units during the current year."

Farmings were computed on the basis of shares outstanding Jan. 2

Earnings were computed on the basis of shares outstanding Jan. 2, 1960, adjusted for the effect of stock dividends paid in 1960.—V. 192, p. 2507.

Datamation, Inc.—Common Stock Sold—Pursuant to a Feb. 2 offering circular, Bertner Bros. & Earl Edden Co., both of 63 Wall Street, New York 5, N. Y., publicly offered and sold 80,000 shares of this firm's 10¢ par common stock at \$2 per share. The stock was all sold.

BUSINESS—Datamation, Inc. was incorporated on the 11th day of February, 1959, under the laws of the State of New Jersey. It maintains its office and data processing center at 100 South Van Brunt Street, Englewood N. J.

The company is in the business of preparing statistical information for its customers through the use of data processing equipment,

The company is relatively new in its field of business which is the rendering of services. It operates with nominal fixed assets and since its inception has sustained losses of \$28,120.75. It there are earnings they shall be retained in the business and no cash dividends are presently contemplated.

Robert L. Rocke, President, is a substantial stockholder in the company and his holdings are set forth under the caption "Frincipal Stockholders and Management." As of Feb. 2, 129,500 shares of the common stock of the company (59% of all the outstanding shares) were held by Mr. Rocke.

PROCEEDS-The net proceeds from the sale of stock are approxi-PROCEEDS—The net proceeds from the sale of stock are approximately \$140,000 after deduction of the underwriting commissions and all expenses. The proceeds of the offering will be used in the following order of priority: to prepay all indebtedness of the company where the interest rate on such loans is more than the company can earn by investing its own funds (\$22,418.18). In addition, all current loans will be paid. The balance of the proceeds shall be apportioned among sales programs and literature (\$20,000): the initial expense of preparing for new customers (\$10,000); the preparation of additional leased space which the company feels will be needed in the near future (\$15,000); the maintenance of inventory (\$10,000); addvertising and promotion (\$10,000); and such other expenses as the business may incur in expansion. The balance of approximately \$53,000 shall be added to working capital. added to working capital.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Authorized Outstanding 545,600 *300,000 Common stock (10c par)_

This figure includes the 80,000 shares sold but does not include certain contingent options to purchase 50,000 shares by management and certain other options.—V. 192, p. 2324.

Diana Stores Corp.—Sales Down—

The corporation for the first six months of its fiscal year, ended Jan. 31, 1961, reports sales of \$26.364.616, indicating a decrease of 6.1% sales of \$28,066,202 reported for the six months ended

January, 1961 sales of \$2,021,171 were 21.0% less than the sales of \$2,558,211 for January, 1960. Stores in operation on Jan. 31, 1961, numbered 293, as compared with 297 on the same date of 1960.—V. 192, p. 2342.

Digitronics Corp.—Common Stock Offered—Granbery, Marache & Co. and associates made an initial public offering on Feb. 9 of 50,000 shares of this corporation at \$22.50 per share.

PROCEEDS-Proceeds from the offering will be used to retire short term debt of \$200,000 and the balance added to general funds of the company for new product development.

EUSINESS—Digitronics Corp., organized in 1957, specializes in the design, production, sale and lease of electronic digital systems, and electronic components for data handling and file processing. Substantially, all of the company's current business is produced on a custom basis and its of a non-military nature. Main offices, laboratory and plant are located on Long Island, N. Y. At the year-end 1960, the company had a backlog of orders of approximately \$930,000, compared with orders of \$500,000 at year-end 1959.

EARNINGS—Sales of the company for the six months ended Sept. 30, 1960 totaled \$700,000 and net was \$35,900, compared with sales of \$444,800 and net of \$23,200 for the like period in 1959. For the fiscal year ended March 31, 1960 sales totaled \$821,800 and net \$35,550, compared with sales of \$553,200 and net of \$23,600 for the 1959 period.

CAPITALIZATION—Giving effect to the offering, outstanding capitalization of the company will be 446,066 shares of capital stock, par value 10 cents and no debt .- V.

UNDERWRITERS—Upon the terms and subject to the conditions set forth in the underwriting agreement the company has agreed

to sell, and each of the underwriters, for whom Granbery, Marache & Co. are acting as representatives, has severally agreed to purchase, the respective numbers of shares of capital stock set forth below:

Granbery, Marache & Co. 20,000 Carl M. Loeb, Rhoades & Co. Spencer Trask & So... Gunn, Carey & Roulston Inc. & Co. —V. 193, p. 6. 6.000

Directomat, Inc.—Suspension Permanent—

The Commission's order of May 11, 1960, temporarily suspending the Regulation A exemption from registration under the Securities Act with respect to a public stock offering by Directomat, Inc., of New York, has become permanent following withdrawal by the company of its request for a hearing on the question whether the suspension order should be vacated or made permanent. Following a hearing in July, 1960, Directomat stipulated that a promoter and controlling person was not disclosed in the company's notification and offering circular, as required by provisions of Regulation A, although that such promoter and controlling person is not now nor has he for a long time been connected with the company.—V. 192, p. 111.

Dixon Chemical & Research, Inc.—To Acquire—

This major Eastern producer of sulphuric acid has entered the field of specialty coatings, sealing compounds and chromic acid by contracting to purchase all of the capital stock of Better Finishes and Coatings Co. and its subsidiaries, it was announced recently by Arthur W. Dixon, Jr., and Myron Bryant, President of Better Finishes.

Dixon agreed to pay \$750,000 in cash and stock to purchase the Newark-based company, which includes the stock of its subsidiaries, Surface Coating Engineers, Inc., and Doremus-Passaic Realty, Inc. Mr. Bryant has agreed to continue as President, and H. C. Tapper as Vice-President.

Better Finishes, originally formed to manufacture the "Liquid Envelope" used in mothballing ships, now also produces a variety of industrial and maintenance coatings, such as urethanes, epoxies, vinyls and

The company is active in the field of corrosion-resistant urethane satings. Chemical Week estimates that this field has grown from sales of \$1,070,000 in 1958 to \$8,000,000 in 1960.

A large portion of Better Finishes' \$4,300,000 sales is made up of chromic acid, of which it currently accounts for over one-third of total production in the United States. The company is one of the largest suppliers of acid used in chrome plating to the automobile industry.

Mr. Dixon pointed out that the chromic acid production of Better Finishes utilizes substantial quantities of sulphuric acid per year, and called the agreement "another step in the upgrading of our own basic product, which began last year with the construction of our own aluminum sulphate plant, and will continue when the hydrofluoric acid plant of our affiliate, Dixon Chemical Industries, comes on stream at Paulshore this summer."

Paulsboro this summer."

According to Mr. Bryant, the acquisition by Dixon "will provide our company with the resources to develop those areas of the fast-growing coating and sealing industry—especially poly-urethanes—that offer the greatest potential."—V. 190, p. 1733.

Dob Corp., Los Angeles, Calif.—Files With SEC-

The corporation on Jan. 30, 1961 filed a letter of notification with the SEC covering 75,000 shares of common stock (no par) to be offered at \$4 per share, through Morgan & Co., Los Angeles, Calif.

The proceeds are to be used for lease improvements, to purchase new machinery and equipment, increase inventory, and for working

Dunn Engineering Associates, Inc.—Annual Report—

A sales increase in 1960 of 32% over the previous year, and an order backlog increase of 300% were reported for Dunn Engineering Associates, Inc., of Cambridge, Mass., in its annual report issued to stockholders on Jan. 26.

Joseph M. Dunn, President of the firm which specializes in advanced and other missile subsystems, said 1960 sales reached \$749,130, and the backlog stood at \$1,500,000 as of Sept. 30, 1960, end of the company's fiscal year. During the year, he reported to stockholders, the firm had a non-recurring loss of \$126,784, incurred through the purchase of additional facilities and the improvement and enlargement of the product line. Dunn had 165,930 shares outstanding at the end of the firstal year. the fiscal year.

During the year, Mr. Dunn said in his letter to stockholders, the company developed a basically new method of increasing range and resolution of high powered radar, which the U.S. Air Force Air Research and Development Command has termed "an advance in the state-of-the-art" in the radar field.

"This is a unique device developed for modification of existing radar systems," he said, "and we intend to exploit this proprietary development by utilizing it in the design of a new radar system."

The company's position in 1960 was further strengthened, Mr. Dunn said, by the award of a \$500,000 contract for production test equipment, the direct result of the company's development of improved testing devices for radomes and microwave antennas.

Predicting substantial sales increases for 1961, Mr. Dunn said the major achievements of 1960—the acquisition of Cambridge Engineering Laboratory of Sierling Precision Corporation and the testing device and radar developments—were important strengthening steps. The company operated profitably during the first quarter of 1961, he said.—V. 190, p. 257.

Dynatronics, Inc.—Files for Offering—

This company, of P. O. Box 2566, Orlando, Fla., filed a registration statement with the SEC on Feb. 3, 1961, covering 120,000 shares of common stock, to be offered for public sale through underwriters headed by R. S. Dickson & Co. The public offering price and underwriting terms are to be supplied by amendment. The company will sell to the principal underwriter for \$100, five year warrants to purchase up to an additional 10,000 common shares at 110% of the public offering price. The registration statement also includes an additional 60,060 common shares which are to be offered by the

additional 60,060 common shares which are to be offered by the company at \$1.75 per share to holders of outstanding bearer warrants. The company is engaged in the design, manufacture and sale of electronic equipment and systems, including antenna, digital and timing systems. Of the net proceeds from the stock sale, \$200,000 will be used to reduce current bank borrowings; \$50,000 for the purchase of new test equipment and the erection and equipping of additional manufacturing facilities on its leased premises; and the balance to provide working capital.

In addition to indebtedness, the company has outstanding 554,034

In addition to indebtedness, the company has outstanding 554,034 shares of common stock, of which Parker Painter, Jr., President and Board Chairman, owns 159,730 shares, George F. Anderson, Vice-President, 111,332 shares, and management officials as a group 538,-498 shares.—V. 192, p. 796.

Edison Brothers Stores Inc.—Sales Off—

Month of January-\$7,591,465 \$7,634,918 Sales —V. 193, p. 200.

Edwards Industries, Inc.-Appointment-

The Chemical Bank New York Trust Company has been appointed ole transfer agent for the common stock of the corporation.—V. 192,

Electronic Tube Co. — Common Stock Offered — An investment banking group headed by Harrison & Co. offered publicly on Feb. 2 a new issue of 100,000 shares of this corporation's \$1 par value common stock at a price of \$4 per share.

BUSINESS-Electronic Tube Corp., with headquarters in Springfield Township, Montgomery County, Pa., designs, manufactures and

sells single gun and multiple gun cathode ray tubes, single channel and multiple channel cathode ray tube oscilloscopes and associated electronic devices, for use in the aircraft, missile, ballistic and other industries requiring testing of electronic data, including the medical

PROCEEDS—Net proceeds from the sale of the stock will be used primarily for development of new products and expansion of the company's proprietary items, to repay existing indebtedness and for additional working capital.

EARNINGS—For the eight months ended Aug. 31, 1960 net sales were \$551,887 and net income \$7,117. For the year ended Dec. 31, 1959, net sales were \$879,507 and net income \$7,371.

CAPITALIZATION—Upon completion of this financing, capitalization will consist of \$102,500 of 5% notes payable to bank, 255,000 shares of common stock and 10,000 common stock purchase warrants.

UNDERWRITERS—The underwriters named below have severally agreed, subject to the terms and conditions of the underwriting agreement, to purchase from the company the respective numbers of shares of common stock set forth opposite their names below:

	Snares				Shares
Harrison & Co.	30,000	Winslow,	Cohu	& Stetson.

Executive Fund, Inc.—Proposes Offering-

Executive Fund, Inc., 229 West Berry St., Fort Wayne, Ind., filed a registration statement with the SFC on Feb. 2, 1961, covering 2,500,000 shares of common stock. The Fund was organized under Maryland law in November 1960. Phil J. Schwanz is President. The Fund has entered into management and distribution agreements with Executive Management Corporation of Fort Wayne, which will serve as principal underwriter of the Fund's shares. The said Management Corporation is owned by Midwestern Companies, Inc. Mr. Schwanz is board chairman of the Management Corporation and president and snareholder of Midwestern Companies.

Fastoff Crown Corp.—Offering Suspended—

The SEC has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a proposed public offering of stock by Fastoff Crown Corp., of Rockville, Ind.

Regulation A provides a conditional exemption from registration Regulation A provides a conditional exemption from registration for public offerings of securities not exceeding \$300,000 in amount. In a notification filed in June 1960, Fastoff Crown proposed the public offering of 2,669 snares of common stock at \$100 per share. The Commission's suspension order asserts that certain terms and conditions of Regulation A were not complied with; that the company's offering circular contains false and misleading representation of certain material facts; and that the stock offering would violate Section 17(a) (the anti-fraud provision) of the Act. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

According to the Commission's order, it appears that Fastoff Crown's offering circular fails to disclose in the forepart certain factors regarding the speculative nature of the company's business and those affecting the value of the shares being offered; is misleading in its description of the company's past and proposed business operations; fails to disclose the cost to promoters and management officials' of patent rights transferred by them to the company in return for cash and company stock; and fails to disclose that the company has no funds with which to honor its offer to rescind past stock sales in violation of the Securities Act registration requirement, that such funds would necessarily have to come from the proceeds of the proposed offering, and that such funds would not be available for use in the company's business. Moreover, the order asserts that certain terms and conditions of Regulation A were not compiled with by reason of the company's failure, among other things, to include in the offering circular a reasonably itemized statement of the purposes for which he net cash proceeds of the sale of stock would be used and to disclose therein all direct and indirect interests of each management official in the company and in material transactions or proposed transactions with the company and an adequate description of the company's proposes product, the market therefor, properties held or to be acquired, and the serial number and date of the patent allegedly held by the company.—V. 192, p. 112. According to the Commission's order, it appears that Fastoff Crown's

Federal Resources Corp.—Net Up—News—

The Salt Lake City corporation showed net income of \$1,122,400, or slightly more than 13 cents a share, for the six months ending Oct. 31, 1960, according to the company's semi-annual report distributed on

Nels W. Stalheim, Chairman of the Board and Chief Executive Officer, said that net income for the six months compares with a net of \$843,190 for the previous 12 months.

set, said that net income for the six months compares with a net of \$843.190 for the previous 12 months.

Federal is active in uranium, beryllium and silver. The company has mining and milling interests in Utah, Wyoming and Idaho. The company has declared a semi-annual dividend of five cents a share payable March 28 to shareholders of record Feb. 10, 1961.

Mr. Stalheim reported that the Federal-Gas Hills Partners, in which Federal has a 60% interest, recently developed a new ore body containing more than 100,000 tons of commercial grade ore in the Gas Hills of Wyoming. The ore is located within five miles of the Partners' uranium processing mill and can be mined at low cost because of its shallow depth, Mr. Stalheim reported.

In beryllium, Mr. Stalheim reported that Beryllium Resources, Inc., in which Federal holds a 29½% interest, has outlined additional ore at Topaz mountain discovery by drilling, and that additional drilling is in progress to determine the extent of this ore and the most economical method of mining such ore.

"While this property is in the development stage, a mining and milling operation is planned during 1961." Mr. Stalheim reported. He said that the pilot plant utilizing the concentrating process developed by E. Van Dornick was being operated in Los Angeles. Brush Beryllium Co. of Cleveland, Ohio, one of two producers of beryllium metal products, has completed negotiations to purchase a 29½% interest in Beryllium Resources, stockholders were told.

In silver, Federal plans to begin this spring its project to sink the Conjecture mine shaff from the local contents and process developed to sink the Conjecture mine shaff from the local contents.

In silver. Federal plans to begin this In silver, Federal plans to begin this spring its project to sink the Conjecture mine shaft from the 1,000-foot level to the 2,000-foot level and drift through the ore zone in a deep probe of the St. Regis

Mr. Stalheim reported that Federal received net income of \$759,398 after depletion charges from the Radon uranium mine in the Big Indian District of Utah. In south central Wyoming, the Shirley Basin Partners, in which Federal holds a 30% interest, has outlined new ore reserves which it plans to market in the post-1962 period. has outlined new ore

The increase in profit for the six months was due principally to income from the Federal-Gas Hills Partners' uranium mining and milling operation is Wyoming, which returned \$497,700 to Federal; during the previous year, the operation showed a loss of \$360,670. Under the partnership agreement, Federal has been receiving 100% of mill profits, but in the future, will receive 60% of profits. This, coupled with the fact that the mill production was reduced during recent modifications, could result in a smaller profit from the Partnership for the second half of the company's fiscal year, the report said.—V. 192, p. 2121.

Figuretie, Ltd.—Name Change—

See Cal-Tech Systems, Inc., above.-V. 191, p. 2745.

F.intkote Co.-Meeting of Holders-

The company announced on Feb. 2, that a special meeting of The company announced on Feb. 2, that a special meeting of holders of the company's 4½% convertible second preferred, the \$1.50 series A convertible second preferred, and the \$2.25 series B convertible second preferred stocks will be held in Boston on March 22 for the purpose of voting on a proposal to consent to an increase in Flintkote's funded debt not to exceed \$50 million in excess of the restrictions provided for in such preferred stocks. The regular annual meeting of stockholders also will be held that day at the company's statutory office, 31 St. James Avenue. Boston. The company contemplates borrowing approximately \$20 million later this year.—V. 193, p. 105.

Fotochrome Inc.-Acquires-

Fotochrome Inc. announced on Jan. 31 the acquisition of the General Photo Laboratories Corp. Frank Nadaline, Jr., Chairman of the Board of Fotochrome, said that the acquisition involved an exchange of stock, plus some cash. The amount was not disclosed.

Fotochrome is a leading national color and black and white photo-finisher and photofinishing equipment manufacturer whose common stock recently became a publicly traded issue in the Over-the-Counter

General Photo operates a nation-wide photofinishing and film sales business. The company's sales volume is currently running at an annual rate of approximately \$4,500,000.

Fotochrome also announced that the General Photo consolidation is the first in a number of acquisitions that have been approved by the Board of Directors and which are now in the final stages of negotiation and should be consummated in the near future.

Fotochrome began as a black and white processor and subsequently branched out to all phases of color processing when Eastman Kodak entered into a consent decree with the government in 1954 whereby that company was required to grant non-exclusive licenses to other processors. Prior to that time, substantially all color processing in the United States had been done by Eastman Kodak.

Net earnings for the company were \$491,708, or \$0.33, for the six months ended Sept. 30, 1960, on 1,481.780 shares outstanding prior to going public. The company went public Nov. 2, 1960, and therefore no comparative figures for the six months period ended Sept. 30, 1959, are available. The net income for the reported six months exceeded the entire fiscal year ended March 31, 1960, which showed per share earnings of \$0.12.—V. 192, p. 2121.

Franklin Stores Corp.—Sales Lower—

Period Ended Jan. 31— 1961—Month—1960 1961—7 Mos.—1960 ales \$2,162,537 \$2,359,576 \$26,515,465 \$28,017,866 Sales __V. 193, p. 602.

Freeport Sulphur Co.-Net, Sales Down-

Net income for the year 1960 amounted to \$13,193,537 after all charges including provision for Federal and state taxes, according to the company's preliminary report submitted to directors on Jan. 25 by Langbourne M. Williams, Chairman, and Charles A. Wight, President.

These earnings are equivalent to \$1.75 per share on the 7,519.140 shares of common stock outstanding. They compare with 1959 earnings of \$14.477.795 or \$1.93 per share, on the 7,517,400 shares of the stock then outstanding.

Gross sales of the company amounted to \$52,996,554 in 1960 compared with \$53,233.634 in 1959.—V. 193, p. 7.

Freoplex, Inc.—Common Stock Offered—Alessandrini & Co., Inc., and Hardy & Hardy of New York City, publicly offered on Feb. 9, pursuant to a Feb. 3 offering circular, 60,000 shares of Freoplex, Inc. 10¢ par common stock at \$5 per share.

BUSINESS—The company, which is located in East Brunswick, New Jersey, is principally engaged in the sale and servicing of home food freezers and sales of bulk food supplies for home freezer use and consumption.

EARNINGS—Consolidated sales for the fiscal year ended May 29, 1960 amounted to \$2.285,980 as compared with sales of \$1,941,455 for the preceding year. Earnings per share were \$.72 on the 122,000 shares outstanding and \$.50 (pro forma) giving effect to this offering.

PROCEEDS Of the net proceeds, bank loans and notes will be repaid, and the balance will be used for sales promotion and advertising, inventory purchase, a carrying customers' accounts receivable and the construction of an additional retail outlet.—V. 192, p. 2325.

Garrett Corp.—Earnings—Backlog—

The corporation, in a preliminary report for the first six months, ended Dec. 31, 1960, of its fiscal year, announced sales of \$94,506.000 and a net profit of \$711,000, or 67 cents per share on the 1,064.971 shares outlanding at the beginning of the period. The quarter ended Dec. 31 showed per share earnings on this basis of 36 cents compared

Dec. 31 showed per share earnings on this basis of 36 cents compared with 31 cents for the previous quarter.

Earnings for the six months operations were affected by high starting loads on new programs now in progress, and to a lesser degree by an unavoidable delay in moving to the new Torrance, Calif. plant and the cost of transferring to that location.

Per share earnings for the six months, based on 1.421,395 shares outs' anding, after sale of 100,000 shares in July followed by a 3% stock dividend in December and the conversion of nearly \$10,000.000 of subordinated debentures into common stock, amounted to 50 cents per share.

J. C. Garrett. President, said: "Although the first half of our fiscal year started slowly, and is not as good as last year's comparable period, we feel that the second half will show a very definite improvement and that 1961 should end up as good or better than last The company's backlog is currently \$103,000,000, up \$10,000,000 from last July.—V. 193, p. 7.

General Foam Corp.—Debentures Offered—Public offering of \$550,000 convertible subordinated debentures of the corporation was made on Feb. 9 at 100% by Brand, Grumet & Seigel, Inc., and Kesselman & Co. Inc. The debentures carry a 6% coupon and mature Jan. 1, 1976.

BUSINESS—The corporation and its subsidiaries, Schwab Rubber Co., Inc., and Schwab Latex Co., Inc., are engaged in the manufacturing, processing and distributing of Urethane and other synthetic foam products. Plants are located in New York City and Hazleton, Pa.

PROCEEDS—Net proceeds from the sale of the debentures will be used by the company to purchase and install additional processing and fabricating equipment. Balance of the funds will be added to working capital enabling the company to carry additional inventories and receivables.

CONVERSION—The debentures are convertible into common stock at a price of \$7.50 per share through Jan. 1, 1966; at \$8.50 per share through Jan. 1, 1971; and at \$9.50 per share until maturity. The debentures may also be redeemed at optional redemption prices receding from 105% to par, plus accrued interest.

EARNINGS-For the ten months ended Oct. 31, 1960, the company reported net sales of \$6,013,705 and net income of \$44,601, equal to 12 cents per common share.

CAPITALIZATION—Upon completion of the current financing, capitalization of the company will consist of \$550.000 of the 6% convertible subordinated debentures and 372,000 shares of common stock.—V. 192,

General Railway Signal Co .- Interest Acquired-

General Railway Signal Co., has acquired a controlling interest in Cardion Electronics, Inc., Westbury, Long Island, it was announced on Jan. 30 by Nathan N. Owen, Chairman of the executive committee of the Rochester, N. Y., signal system manufacturer. Owen is also a general partner in J. H. Whitney & Co., a New York investment firm which acquired an important interest in General Railway in

General Railway, which was established in 1904, is one of the nation's leading manufacturers of railway signal systems and also manufactures highway, aviation and other electronic control systems.

Cardion Electronics, Inc., which designs and manufactures electronic control and communication equipment was organized last year by a group of engineers headed by Orville M. Dunning, President, who previously had been Vice-President and director of the engineering and production division of Airborne Instruments Laboratory. Before that, Dunning was Vice-President in charge of engineering of Hazeltine Electronics Corp. Fletcher H. Moore, Cardion Vice-President, was formerly chief engineer of Airborne Instruments Laboratory and before that, Assistant Vice-President of Hazeltine Electronics Corp.—V. 182, p. 914.

Georgia Power Co.-Divestment Proposed-

The SEC has scheduled a hearing for Mar. 21, 1961, under the Holding Company Act on a plan filed by its Division of Corporate Regulation which proposes the divestment from The Southern Co., of the Rome, Ga., transportation properties and business of Georgia Power Co., a subsidiary of Southern Co.

Power Co., a subsidiary of Southern Co.

In a 1947 order of the commission pursuant to Section 11(b)(1) of the Act, Southern Co. was directed to cease to own, operate, control or have any interest, direct or indirect, in the said transportation properties and business. The purpose of the hearing is to determine whether the plan complies with the said order and, if not, whether it should be modified or what other type of plan is required; whether the plan, as filed or as modified, is fair and equitable to persons affected thereby and, if not, in what respects it should be modified to make it fair and equitable; and whether, if the plan is not approved as filed or modified, the commission shall approve any plan proposed by any person having a bona fide interest.

If any such plan is approved by the commission, it will apply to a

If any such plan is approved by the commission, it will apply to a Federal court for its approval and enforcement. The court will take exclusive jurisdiction and possession of all the buses and related facilities now owned and operated by Georgia Power and appoint a trustee to hold and administer such assets; and the trustee will, after due public notice, hold a public sale of said assets. Subject to court confirmation, the proceeds from the sale of the assets will be transferred to Georgia Power for use in its electric operations.—V. 193, p. 498.

Geotechnics & Resources, Inc .- Appointment-

The Chase Manhattan Bank has been appointed registrar of the corporation's 25-cent par value capital stock.-V. 193, p. 201.

Glens Falls Insurance Co.—Exchange Offer Accepted

More than 80% of the outstanding shares of Kansas City Fire and Marine Insurance Company capital stock has been tendered in exchange for shares of Glens Falls Insurance Company capital stock under an exchange offer made on Jan. 10, according to City National Bank & Trust Company, Kansas City, Mo., which is acting as exchange agent.

In announcing that the exchange offer had become effective, George D. Mead, President of Giens Fails, stated that Morton T. Jones, President of Kansas City Fire will be nominated for election to the board of directors of Giens Fails at the annual meeting in March. He further mentioned that plans contemplated operation of Kansas City Fire as a separate company at its present office in Kansas City Saff will be retained and augmented as the Kansas City company continues to grow.—V. 193, p. 201.

Granite City Steel Co .- Net, Sales Down-

The company earned \$11,121,000 in 1960, or \$2.59 per share of common stock, Nicholas P. Veeder, Chairman of the Board and President, reported at a meeting of the company's board of directors held on Jan. 25. The profits reported are based on preliminary and unaudited figures on last year's operation.

The directors declared a first quarter cash dividend of 35 cents per share of common stock, payable March 15, 1961, to stockholders of record Feb. 23. The company paid a 35-cent per share dividend in each of the four quarters of last year.

Mr. Veeder said Granite City Steel's 1960 earnings were "the fourth best in the company's history despite the weak market for steel mill products that developed during the year."

They compare with 1959's earnings of \$16,142,000, or \$3.76 per com-They compare with 1959's earnings of \$16,142,000, or \$3.76 per common share, based on the present number of shares outstanding. In 1958, the last year prior to 1960 in which the demand for steel fell oif, Granite City Steel earned \$9,374,000, or \$2.18 per common share.

Mr. Veeder said Granite City Steel produced 1,143,000 tons of steel in its open hearth furnaces during 1960, as compared with 1,308,000 tons in 1959 when the company was one of the steel producers that operated during the 116-day strike that idled most of the nation's steelmaking canacity.

operated during the 116-day strike that idled most of the hatton's steelmaking capacity.

Net sales were \$137,328,000 in 1960 as compared with \$164,371,000 in 1959. Granite City Steel shipped 958,000 tons of steel products in 1960, as compared with 1,126,000 tons in 1959. Mr. Veeder pointed out that Granite City Steel earned 8.1% on 1960 sales.

"There was a mild pickup in the demand for steel in the first weeks of 1961 as compared with the last half of 1960," Mr. Veeder said. "It

would appear that most manufacturers have brought down their inven-tories of steel to the lowest point possible, and that shipments from the mills are now tied very closely to consumption." Granite City Steel's 550-acre plant is in Granite City, Ill., a part of metropolitan St. Louis.—V. 191, p. 1218.

Grove Valve & Regulator Co.-Shipment-

This Oakland, Calif., subsidiary of Walworth Co. has shipped out the first huge mainline gate valve which will be installed in the new Alberta-California natural gas pipeline project.

The pipeline, now under construction, will be one of the longest and largest natural gas transmission lines in North America when put in service in the winter of 1961-1962. Beginning northwest of Edmonton and terminating at a Pacific Gas & Electric Co. terminal at Antioch, Calif., the 36-inch diameter transmission line will stretch

at Antioch, Calif., the 36-inch diameter transmission line will stretch 1,400 miles.

The Grove valves for service in the 36-inch line are the largest full-opening valves ever fabricated by the company and are among the largest mainline valves ever put in pipeline service. The valves, incorporating all the features of Grove's exclusive Seal-O-Ring design, will weigh more than 28,000 pounds each and stand approximately 20 feet high.—V. 191, p. 605.

Harris-Intertype Corp.—Earnings—

The Cleveland, Ohio corporation reported on Jan. 30 shipments totaling \$39,037,194 for the first six months of the fiscal year ending June 30, 1961, compared with \$33,506,850 last year. Net earnings were \$2,609,733 or \$1.41 per share, against last year's \$2,604,968 or \$1.40 per share.

George S. Dively, Chairman and President of the manufacturer of printing equipment and electronic products, said, "Earnings, which were at about the same level as last year, reflect the absorption of some unusual expenses during this period in connection with the introduction of new products."

In the quarterly report covering the first six months, Dively also told shareholders that, "The incoming rate of new orders continues at a fairly active level although affected somewhat by the changed economic atmosphere. The current backlog of unfilled orders is substantially above a year ago and the shipment outlook for the balance of the fiscal year remains favorable."—V. 191, p. 605.

Henry Engineering Co.-Capital Stock Offered-Pursuant to a Jan. 24, 1961 offering circular, this company, of 3625 West Pacific Ave., Burbank, Calif., has offered for public sale, 100,000 shares of capital stock (par \$1 per share) at \$2.50 per share through Taylor & Co., Beverly Hills, Calif.

Beverly Hills, Calif.

BUSINESS—This company, organized under California law, is the outgrowth of a sole proprietorship founded by Gilbert A. Henry in 1945 and known as Henry Engineering Co.

The business was transferred to Henry Engineering Co., a California corporation, in December of 1248.

Basically, the principal business of the company was the design, manufacture and distribution of model aircraft kits with a complement of accessories which included engines, spinners, tanks and wheels. Subsequently, the company entered into a diversification program beginning in 1950. At this time, the company became active in supplying formed and fabricated thermoplastic items to aircraft and aircraft seat manufacturers.

manufacturers. Since 1952, covers for the Air Force and Navy standard electrical terminal boards have been supplied to the aircraft and missile field. These covers were developed by Henry Engineering for North American Aviation, Inc. Glow plugs, which are an accessory item to model engines, are supplied to other engine manufacturers.

engines, are supplied to other engine manufacturers.

CAPITALIZATION—The articles of incorporation of the company, as amended, authorize a total of 1,000,000 shares, all of which are common shares with a par value of \$1.00 per share. In August, 1960, the corporation amended its articles of incorporation by changing the par value of each share from \$100.00 to \$1.00 and by increasing the authorized capital to \$1,000,000. In October, 1960, it issued 31,500 shares with a par value of \$1.00 each in exchange for the 315 shares (pagentum value \$100.00 each) then outstanding and issued a stock dividend of 3.6 shares for one, bringing the total of issued and outstanding shares to 144,900 shares with a par value of \$1.00 each. No other class of shares is authorized.

shares is authorized.

In addition to this new issue of 100,000 shares, the corporation proposes to issue to the underwriter options to purchase 1,745 shares, to certain key personnel options for the purchase of 2,445 shares, to Willard J. Larsen, who assisted in arranging the underwriting, options to purchase 1,000 shares and to certain officers and directors as shown below, options for the purchase of 9,300 shares. All of the options will provide that they cannot be exercised until one year after the issue date, that they must be exercised if at all within five years from the issue date, and that the price to be paid for the shares shall be \$2.75 through the second year with an increase in price of \$.125 during each succeeding year. Options issued to the underwriter and to Willard J. Larsen will be held in escrow for one year.

PROCEEDS—The net proceeds from the sale of this issue of common stock will be used primarily to purchase additional machinery and equipment, to increase inventories as required to meet expanding sales demand, and to increase working capital.

EARNINGS—The net earnings, after taxes, for the fiscal year ending June 30, 1960, amounted to 26 cents per share on the 144,900 shares of \$1.00 par value stock now issued and outstanding.

DIVIDENDS-The corporation has paid no cash dividends. However, in September, 1960, it occlared a stock dividend of 3.6 shares for each \$1.00 of par value in shares then issued. The stock dividend resulted in the issuance of 113,409 shares to the holders of shares of record on Sept. 15, 1960.

PLANT AND PROPERTIES—The company at present occupies 20,000 square feet of office and manufacturing space located at 3625 West Pacific Ave., Burba k, Calif.

of the aforementioned space, 14,000 sq. ft. is under a lease expiring b. 15, 1.63, at a monthly rental of \$980. The balance of 6,000 sq. ft. rented at \$500 per month, on a month-to-month basis.—V. 192,

Heyden Newport Chemical Corp.-Record Highs-

Simon Askin, President, announcer on Jan. 26 preliminary figures reflecting both sales and earnings at record levels for 1960.

Earnings per common share for 1960 are reported to be \$1.61, as compared with 1959 earnings of \$1.19 per common share, an increase of 33%. Fourth quarter earnings per common share were 41 cents, as compared with 29 certs in the fourth quarter of 1959.

Sales for 1960 totaled \$60,800,000, an increase of 9% over 1959 seles of \$55,000,000. Ecouph quarter sales totaled \$15,250,000, as compared

of \$55.948,000. Fourth quarter sales totaled \$15,250.000, as compared with \$13.955.000 for the same period 1959.

Net income after taxes for 1960 was \$3,650,000, as compared with \$2,788,000 in 1959. Fourth quarter 1960 net income after taxes was \$950,000, exceeding the \$684,000 for the comparable 1959 period.—
V. 191, p. 702.

Hoover Ball & Bearing Co.-Files Stock Plan-

This company, of 135 East Bennet St., Saline, Mich., filed a registration statement with the SEC on Feb. 2, 1961, covering 43,664 shares of common stock, to be offered under and pursuant to the company's restricted stock option plan for key executives. to the company V. 192, p. 1197.

Hudson Vitamin Products, Inc.-Common Is Listed on American Stock Exchange-

The symbol "HVP" was flashed nationwide on thousands of stock tickers for the first time on Jan. 30 as the common stock of Hudson Vitamin Products, Inc. was admitted to trading on the American Stock Exchange.

Stock Exchange.

Hudson Vitamin is a leader in the field of selling quality vitamin products by mail order. In business over a quarter of a century, the company became publicly owned in June, 1960. There are currently 675,000 common shares outstanding in the hands of approximately 1,700 shareowners.

For the six months ended Nov. 30, 1960, Hudson Vitamin reported net sales of \$3,883,000 and net income of \$476,000 equivalent to 71 cents per share.—V. 193, p. 8.

Idaho Maryland Industries Inc.—To Sell Interest—

See Ward Industries Corp., below.-V. 192, p. 1493.

Illinois Central RR. - Equipment Trust Certificates Offered—Halsey, Stuart & Co. Inc. and associates offered on Feb. 7, \$4,500,000 Illinois Central 4% equipment trust certificates due Sept. 1, 1961 to March 1, 1976,

at prices to yield 3% to 4.20%. Issuance and offering of the certificates are subject to approval of the Interstate Commerce Commission. Halsey, Stuart won the issue at competitive bidding on Feb. 7 on a bid of 98.8066 for a 4% coupon. A competing bid, naming a price of 98.763, also for a 4% coupon, came from Salomon Bros. & Hutzler and associates.

SECURITY-The certificates, which are guaranteed by endorsement by Illinois Central, will be secured by 750 new 50-ton box cars which will cost an estimated \$6,075,000.

UNDERWRITERS—Associates in the offering are: R. W. Pressprich & Co.; Hemphill, Noyes & Co.; Freeman & Co.; Ira Haupt & Co.; McMaster Hutchinson & Co.; Wm. E. Pollock & Co., Inc.; Shearson, Hammill & Co.—V. 193, p. 602.

Imbank Realty Corp .- Partial Redemption-

The corporation has called for redemption on March 3, next, through operation of the sinking fund, \$375,000 of its first 61/4% series B bonds due Jan. 15, 1980 at 100% plus accrued interest. Payment will be made at any branch in Canada (far north excepted) of the Imperial Bank of Canada.

Indian Head Mills, Inc.-Makes Offer-

Indian Head Mills, Inc.—Makes Offer—

R. Stewart Kilborne, President of William Skinner & Sons, confirmed on Jan. 26 that the Skinner shareholders had received an offer from Indian Head Mills, Inc. to purchase the outstanding shares of Skinner. William Skinner & Sons, established in 1848, is a leading manutacturer of silk and synthetic fabrics. The plant is located at Holyoke, Mass., and the sales and executive offices are located at 12 West 40th Street, New York, N. Y. Their products include Skinner Satins, Skinner Silks, Skinner Linings, and Tackle Twill.

C. O. Wood, Group Vice-President of Indian Head Mills, Inc., has stated that in the event of the acceptance of their offer, Indian Head Mills plans to maintain the identity of the business as William Skinner & Sons, continuing both the sales operation and the Holyoke, Mass. plant.—V. 192, p. 2018.

International Resistance Co.-Acquires-

International Resistance Co.—Acquires—
International Resistance Co. has entered the rapidly-growing semiconductor field with the purchase of controlling interest in North American Electronics, Inc., of Lynn, Mass.

IRC President Walter W. Slocum announced on Feb. 1 that the boards of directors of both firms had approved the sale to IRC of 51% of the common stock of NAE in an all-cash transaction.

Mr. Slocum, who had disclosed last Spring that IRC was interested in entering the area of semiconductors "provided that the right company could be found," said that today's purchase represents "an investment of some of our retained earnings from 1960 profits, and will have no effect on the equity of IRC stockholders."

NAE, he emphasized, will continue to operate independent of IRC, with its present officers remaining unchanged. The NAE board will be increased from its present seven members to eleven, with IRC holding six seats.—V. 192, p. 1302.

Investors Diversified Services, Inc.-Seeks Modified Order-

This Minneapolis investment company has filed an application with the SEC under the Investment Company Act for modification of prior Commission orders relating to transactions between IDS and persons engaged in the offering and sale of securities for which IDS is the underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter; and the Commission has issued an order giving interested underwriter. persons until Feb. 23, 1961, to request a hearing thereon. The application related to SEC exemption orders permitting IDS to make loans to its divisional managers, district managers, and sales representatives whose income is derived from the sale of securities for which IDS is the underwriter.—V. 191, p. 1879.

J-F Machine, Diesel & Electronics, Inc. - Common Stock Offered-Pursuant to a Jan. 30 offering circular, Vestal Securities Corp., 52 Broadway, New York 4, N. Y., publicly offered on a "best efforts" basis, 100,000 shares of this firm's 10¢ par common stock at \$3 per share.

EUSINESS—This is a Pennsylvania corporation organized by Frank S. Jones in 1923. On Sept. 3, 1960 its name was changed to J-F Machine, Diesel and Electronics, Inc., from Jones Machine Tool Works, and approved on Nov. 16, 1960 by the Secretary of State of

Its principal business consisted of designing and building of precision machine tools

In 1940, the business was relocated in a custom built plant on five acres of land near King of Prussia, Pa. on Route No. 23. Since locating on this tract, the turnpike and Philadelphia Expressway have been built within one mile, thus bringing various other important industries to the locality.

Plant buildings and real estate are at present time under ten-year lease repurchase agreement.

lease repurchase agreement.

PROCEEDS—Assuming the entire offering herein is sold the net proceeds of \$243,000 will be used for the following purposes and in the following priority:
(1) \$20,000 of the offering to be paid to the underwriter, which shall
(1) \$20,000 of the offering to be paid to the underwriter, which shall

include the fees and disbursements of underwriter's counsel and all advertising, promotional and travel expenses of the underwriter.

Jaeger Machine Co. (& Sub.)—Net Down—

For the first six months ended Dec. 31, 1960, net income is shown as \$188,079, equivalent to \$0.23 per share, compared to \$597,104 or £0.75 per share for the same period of the previous year—comparative earnings per share are based on the 795,685 shares of common stock currently outstanding.—V. 191, p. 506.

Jervis Corp.—Acquires—

-V. 103, p. 8.

Jervis Corp. of Grandville, Mich., a manufacturer of refrigerator hardware, has acquired Allan Marine of Hicksville, N. Y., according to an announcement by William McCagroll, Jr., Jervis President. No terms were disclosed.

The newly acquired company, a manufacturer of marine hardware and boat parts, will operate as a subsidiary under the name of Allan-

Jervis Marine.

For the year ended Aug. 31, 1960, Jervis Corp. reported net sales of \$10,934,395. Jervis also manufactures stove and automotive hardware, aircraft parts, safety belts for automobiles, and does plating and finishing work for other manufacturers.—V. 192, p. 2327.

Johns-Manville Corp.—Annual Report—

Earnings and sales were lower in 1960 than the record highs set in 1959, according to C. B. Burnett, President, who has made public

audited figures for the year. The printed annual report to stockholders will be available about Feb. 10.

Net earnings in 1960 were \$26,508,000 or \$3.12 per share of common stock on an average of 8,463,934 shares outstanding. In 1959 earnings were \$31,616,000 or \$3.74 per share on an average of 8,451,462 shares outstanding.

Sales were \$365,175.000 on 1960, compared with \$377,562,000 in 1959.

"The decline in earnings," Mr. Burnett stated, "was due to lower prices in many product lines coupled with rising costs and decreased sales because of a softening of business in some major industries."

sales because of a softening of business in some major industries."

It was announced that, as a convenience for Midwest stockholders, the annual meeting of stockholders, on March 16, would be held for the first time in Chicago, at the Sheraton Blackstone Hotel.

Before taxes of all kinds, Johns-Manville earnings in 1960 were \$57,350,000, which was \$5,405,000 less than in 1959.

All taxes in 1960 amounted to \$30,842,000, of which \$20,800,000 were levied on United States and Canadian income. In 1959 taxes were \$31,139,000, including \$21,830,000 levied on such income.

The payroll, including employee benefits, in 1960 was \$146,321,000, compared with \$145,896,000 in 1959.

Depreciation and depletion in 1960 were \$16,790,000, an increase of \$7,000 as compared to 1959.

Expenditures for additions to and improvements and replacements of Johns-Manville properties, including additional investment in foreign affiliates, amounted to \$21,543,000 in 1960, compared with \$17,083,000 in 1559.—V. 192, p. 1816.

Joy Manufacturing Co.—Sales, Net Down—

The Pittsburgh, Pa., machinery manufacturer reported on Jan. 25 net earnings of \$1,130,042 or 61 cents per share on consolidated sales of \$24,791,731 for the three months ended Dec. 31, 1960. In the corresponding three months of 1959, net earnings on a restated basis were \$889,530 or 53 cents per share on consolidated sales of \$23,054,505.

The three months ended Dec. 31, 1959, as originally reported, had earnings of \$1,100.595 or 59 cents per share on consolidated sales of \$22,548,182. These sales and earnings now have been restated to include the month of October 1959 for Western Precipitation Corp. which was acquired by Joy on Oct. 31, 1959.

The 1960 per share earnings are based on 1,859,250 outstanding shares as compared with 1,866,050 shares outstanding at the same period in 1959.

period in 1959.

In a quarterly report to stockholders, W. L. Wearly, Joy's president, said that while company profits for the three months ended Dec. 31, 1960 exceeded those for the corresponding period in 1959, earnings from domestic operations were slightly less than those reported in the comparable quarter of 1959.

He added: "These earnings reflect higher than-normal income from foreign subsidiaries, and although it is expected that income from this source during the balance of the fiscal year will be at a higher rate than last year, it is doubtful that it will remain at the level of the first quarter."—V. 191, p. 2203.

Kennecott Copper Corp.-1960 Results-

The preliminary, unaudited statement of income of the corporation and consolidated subsidiaries for the year ended Dec. 31, 1960 indicated net income per share for 1960 as \$7.00, as compared with \$5.19 in 1959, the latter figure having been adversely affected by the strikes in the second half of the year. Per share income in the fourth quarter of 1960 was \$1.32, as compared with a loss of 12 cents in the fourth quarter of 1959. The amount distributed to shareholders this year was \$5.00 a share, as against \$6.00 last year.

Shipments in 1960 amounted to approximately 540,600 tons, which compares with 434,600 tons in the previous year. The average price received in 1960 was 31.0 cents a pound, as compared with 30.0 cents in 1959. Today, our domestic price is 29 cents and the foreign price 2734 cents. cents

During 1960 we operated our properties on the basis of seven days a week. Lifective Feb. 1, 1961, the operating schedules at Kennecott's domestic divisions will be reduced from seven to six days a week, reflecting lessened U. S. demand. The foreign demand continues to be good.—V. 193, p. 379.

Laclede Gas Co.-Files Stock Plan-

This company, of 1017 Olive Street, St. Louis, filed a registration statement on Feb. 3 covering 150,000 shares of common stock, to be offered to officers and executive personnel pursuant to the company's Restricted Stock Option Plan.—V. 192, p. 210.

Lake Superior District Power Co. - First Mortgage Bonds Offered-Salomon Bros. & Hutzler, and Baxter & Co. offered publicly on Feb. 8 an issue of \$3,000,000 of this company's 4%% first mortgage bonds, series F, due Feb. 1, 1991, at 100.404 and accrued interest to yield 4.60%. The group was winner of the issue at competitive sale on Feb. 7 on a bid of 99.577 for the 45%coupon. Other bids came from Halsey, Stuart & Co., Inc., 99.414 for a 45% coupon; Kidder, Peabody & Co. and White, Weld & Co., jointly, 99.31 for a 43% coupon, and Robert W. Baird & Co., Inc., 99.949 for a 47% %

PROCEEDS—Net proceeds from the sale of the bonds will be used to innance a part of the company's construction expend tures, including the payment of \$2,500,000 of bank loans incurred for that purpose. Construction expenditures for 1961 are estimated at about \$1,120,000, and for 1962 at about \$930,000.

REDEMPTION—The bonds are redeemable at the option of the company at general redemption prices ranging from 105.03% for those redeemed prior to Feb. 1, 1962 to 100% for those redeemed on or after Feb. 1, 1990; and at debt retirement redemption prices ranging from 100.40% for those redeemed during the 12 months ended Jan. 31, 1964 to 100% for those redeemed on or after Feb. 1, 1990.

BUSINESS—The company is a public utility engaged principally in generating, purchasing, distributing and selling electric energy in parts of Wisconsin and Michigan. At Nov. 30, 1960, the company furnished electric service to 29,593 retail customers and supplied electric service at wholesale to two rural electric cooperatives, two municipalities and two public utilities. The company also supplied water in one small community.

REVENUES—Operating revenues for the 12 months ended Nov. 30, 1960 amounted to \$7,941,414 and net income to \$1,235,622 compared with operating revenues of \$7,551,669 and net income of \$1,191,631 for the calendar year 1959.

CAPITALIZATION—Giving effect to the sale of the new bonds and the payment of bank loans, capitalization of the company at Nov. 30, 1960 was: \$14,770,000 in first mortgage bonds; 30,000 shares of pre-

ferred stock, par \$100; and 615,220 shares of common stock, par \$10. PURCHASERS—The purchasers named below have severally agreed purchase from the company the principal amounts of the bonds of forth below opposite their respective names: to purchase from the

Lane Bryant-Factoring-

*Deficit.-V. 193. p. 106.

Lane Bryant has announced that on Jan. 31, 1961 it sold to the Manufacturers Trust Co. approximately \$7,000,000 in customer deferred payment accounts.

The purpose of the sale was to put the company on an installment basis in computing its income taxes with respect to customer deferred payment accounts starting Feb. 1, 1961.

The ultimate recognition by the Treasury Department of this plan of procedure would mean that Lane Bryant will be able to defer payment of income taxes to the extent of about \$1,250,000 with a corresponding increase in its working capital.

Lefcourt Realty Corp.—Shares in Registration—

This corporation, of 1000 16th Street, N. W., Washington, D. C., filed a registration statement with the SEC on Jan. 30, 1961, covering: (1) 1,523,800 shares of common stock of which 400,000 have been, and (1) 1,523,800 shares of common stock of which 400,000 have been, and 1,123,800 will be delivered to A. Smith Bowman Distillery, Inc., a wholly-owned subsidiary of the company, in exchange for shares of its stock, and will be delivered by such subsidiary to A. Smith Bowman, Jr. and E. DeLong Bowman in whole or in part in accordance with certain agreements between the company, Distillery and the Bowmans; (2) 99,100 shares of common stock to be issued to Distillery in exchange for shares of its stock, and will be delivered to J. J. Harrington and Co. in whole or in part in partial payment of broker's commission in connection with the Bowman acquisition, and (3) \$2,000,000 of six year 6% subordinated debentures due Jan. 15, 1966 and 300,000 warrants to purchase at \$2.50 per share 1½ common shares per warrant until May 1, 1963 and \$5 per share thereafter, such debentures and warrants resulting from the modification of the debentures and warrants previously issued by the company as of Jan. 15, 1960 to a certain limited number of persons. The holders of the debentures and warrants are Distillery, the Bowmans and J. J. Harrington and Co. who may sell such securities from time to time to the public.

The company is engaged in the general real estate business. By

such securities from time to time to the public.

The company is engaged in the general real estate business. By agreement in July, 1960, between the Bowmans, the company and Interim Distilling Corp. (a Lefcourt Realty subsidiary), Interim Distilling agreed to purchase and has purchased the outstanding stock of A. Smith Bowman and Sons, Inc. from the Bowmans for \$18,400,000 represented by four notes of the company. In August, 1960, Bowman & Sons was liquidated into Interim Distilling and the latter's name was changed to A. Smith Bowman Distillery, Inc. The first, third and fourth notes are for \$4,000,000, \$2,000,000 and \$8,400,000, respectively. The second note for \$4,000,000 originally payable on Jan. 15, 1961 was extended to be payable in two installments, one of \$900,000 on March 15, 1961 without interest and the other of \$3,100,000 on or before Jan. 15, 1962 with 6% interest per annum until paid. At Distillery's option, the installment payments may be paid in whole or in part in the company's common stock. The Bowman property thus acquired, known as "Sunset Hills Farm," is a tract of 6,440 acres in Fairfax County, Va., said to be adaptable to residential construction. Also included is the distilling plant and equipment which produces and distributes whiskey under the names "Virginia Gentlemen" and Fairfax County."

In addition to certain indebtedness, the company has outstanding

addition to certain indebtedness, the company has outstanding 6,055,733 shares of common stock, of which Arthur A. Desser, President, and Harold B. Garfield, Board Chairman, own of record and/or beneficially an aggregate of 770,506 and 498,799 shares, respectively. According to the prospectus, Max C. Fink, Secretary, became entitled to \$150,000 for services rendered in negotiation of the Bowman acquisition.—V. 192, p. 403.

Le-Wood Homes, Inc., Richmond, Va.—Files With SEC

The corporation on Jan. 19, 1961 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 50 cents) and \$100,000 of 9% convertible debentures due March 1, 1971 to be offered in units of 100 shares of common stock and one \$100 debenture to be offered in units as follows: of stock, \$2 per share; of debentures, \$300 per unit. The offering will be underwritten by Bellamah Neuhauser & Barrett, Washington, D. C.

The proceeds are to be used to purchase equipment and for working capital

Libbey-Owens-Ford Glass Co.—Net, Sales Down—

The Toledo, Ohio company, reported on Jap. 25 net earnings of \$43,753,840 after taxes for 1960.

The year's net compares with earnings totaling \$53,745,152 in 1959. Earnings per share for 1960 amounted to \$4.18 as compared with \$5.13 in 1959. Figures are on the basis of audited reports. Sales for 1960 were \$294,076,451. This total, the company reported was exceeded previously only by the record \$506,734,077 reached in

George P. MacNichol, Jr., President of Libbey-Owens-Ford, said that the lower earnings and the lower sales volume reflected a year of changing glass requirements in the automotive industry, and lower demand in the construction industry. He also cited high glass imports as a continuing disturbing factor in the domestic market. He pointed out that the peak sales volume reached in 1959 was aided by an unusually high demand for glass in the first quarter due to a strike in the glass industry.

in the glass industry.

Libbey-Owens-Ford will pay a quarterly dividend of 60 cents a share on March 10 to shareholders of record Feb. 21. The annual report will be mailed to shareholders on March 11.—V. 192, p. 1711.

Linair Engineering, Inc.—To Acquire—

Linair Engineering, Inc. announced on Feb. 1 the proposed acquisition of Electropot, Inc., of Hawthorne, Calif. Electropot designs and manufactures precision potentiometers and other electronic products.

William T. Snebold, President of Linair, in a joint announcement with principals of Electropot, said the boards of directors of both companies have approved the acquisition. It will be completed upon approval by stockholders of the two companies. Linair proposes to approval by stockholders of the two companies. Linair proposes

issue 400,000 shares of the company's capital stock to Electropot stock-

issue 400,000 shares of the company's capital stock to Electropot stock-holders in exchange for all outstanding shares of Electropot.

Among the principals of Electropot are financier M. L. Bengtson of Beverly Hills, Fidelity Mutual Co. of Hollywood, the venture capital firm of Draper, Gaither & Anderson of Palo Alto, and William T. Smither, President of Electropot. Mr. Bengtson is a director of Siegler Corp. and Sparton Corp.

Corp. and Sparton Corp.
Organized in 1960, Electropot that year acquired the assets of two organizations already engaged in the manufacture of potentiometers—Pacific Electronic Controls Co. and the potentiometer division of Osborne Electronic Sales Corp. Electropot expects to report sales in excess of \$1 million for the current year, according to the announcement.—V. 187, p. 2491.

Liquefreeze Corp. of America—Interest to Be Sold— Sec Ward Industries Corp., below.-V. 192, p. 115.

Litton Industries—Acquires—

Acquisition of A. Kimball Co., the world's largest manufacturer of point-of-sale punch-marked tags and related equipment, by Litton ndustries for an undisclosed amount of cash was announced on Jan. 30.

Jan. 30.

The announcement was made jointly by Fred Sullivan, Chairman of the Board and chief executive officer of the Monroe Calculating Machine Co., a division of Litton Industries, and George R. Brown, President of the United Shoe Machinery Co. of Boston, of which the

Kimball company has been a subsidiary.
Sullivan said that Kimball had more than \$7 million sales in 1960, employs more than 500 people and has facilities in Brooklyn, N. Y.; Dayton, Ohio, and Toronto, Canada.

employs more than 500 people and has facilities in Brooklyn, N. Y.; Dayton, Ohio, and Toronto, Canada.

He said the Kimball acquisition will expand Monroe's line of point-of-sale equipment systems which includes Monroe/Sweda Cash Registers. In addition to the production of punched and printed merchandise tags, tickets and labels and their distribution, the 62-year-old Kimball company markets several types of machines including the Kimball company markets several types of machines including the Kimball punch-marker and reader used primarily in retailing.

Kimball customers use these machines to print and punch the section of the point-of-sale tag on which price and other sales and inventory data are recorded. After an article bearing one of the tags is sold, one of the stubs is placed in a Kimball reader and the information is transferred automatically to a punched card system of business machines so there is a constant check on selling trends, inventory and merchandise control.

United Shoe will continue to manufacture the basic punch marking machines for Monroe. Kimball's overseas business will be handled temporarily by United's subsidiary companies pending a new marketing program by Monroe.

Monroe, a leader in the manufacture and sale of desk calculators for 50 years, also markets a broad line of adding and accounting machines, data processing equipment and electronic computers.

In announcing the sale, Brown indicated the Boston firm had decided to concentrate its diversification program in other areas. He said Litton's Monroe division was well qualified to continue the expansion of the Kimball business.—V. 192, p. 2509.

Lockwood Grader Corp.—Proposes Offering—

This corporation, of Gering, Nebr., filed a registration statement with the SEC on Feb. 2, 1961, covering \$500,000 of 6% sinking fund debentures, series A (with warrants for the purchase of 15,000 shares of class A common stock), and 30,000 shares of class A common stock. These securities are to be offered for public sale through The First Trust Co. of Lincoln, Nebr. The public offering price and underwriting terms, as well as the exercise price of the warrants, are to be supplied by amendment.

The company is engaged in the business of manufacturing and sell-The company is engaged in the business of manufacturing and sell-ing field agricultural machinery and grading, sorting and handling machinery, primarily for use in the potato industry. It has eight sub-sidiaries which manufacture and sell various lines of such machinery and act as distribution and servicing and repair points. It also owns all the stock of Equipment Finance Co., which finances the sale of a portion of the equipment sold by the company and its other subsidi-aries. A Dutch company which manufactures and distributes potato field and handling machinery in Europe is jointly owned by a subsidiaries. A Dutch company which manufactures and distributes potato field and handling machinery in Europe is jointly owned by a subsidiary and certain persons controlling the company. Net proceeds of the company's sale of debentures and stock will be added to its working capital, the increase being deemed necessary by management in order to finance inventories required by the growth of the business as well as by seasonal selling which is characteristic of the business.

The company now has outstanding 228,943 shares of class B common stock. The prospectus lists Margaret K. Lockwood as Board Chairman and President and owner of 127,929 shares (55.9%) of the outstanding class B stock.

Lynch Corp.—Exchange Offer—

Bernard H. Lippin, President, announced that the directors of Lynch at a meeting held Feb. 2, 1961, unanimously approved an offer of exchange to be made to the stockholders of Peninsular Metal Products Corporation, subject to certain conditions. The offer of exchange will be subject, among other things, to the effectiveness of a Registration Statement under the Securities Act of 1933, the approval of Lynch stockholders of an increase in its authorized capital stock to be submitted for consideration at a stockholders meeting designated to be held on Wednesday June 14, 1961, and the acceptance designated to be held on Wednesday, June 14, 1961, and the acceptance of the exchange offer by the holders of a fixed percentage of the shares of Peninsular. The offer will be made solely by a prospectus and further details will be announced at a future date.—V. 193, p. 380.

Marine View Electronics, Inc. - Common Stock Of-- Pursuant to a Jan. 12, 1961 offering circular. Fund Planning, Inc., 15 East 40th Street, New York, N. Y., offered for public sale, 52,800 shares of this firm's

common stock (par 10¢) at \$3 per share. PROCEEDS-The net proceeds from the sale of the 52,800 shares of common stock offered hereby, provided all the shares are sold after deducting expenses, will be approximately \$114,600 which will be added to the cash funds of the company to be available for general corporate purposes, including needed additional working capital. To the extent now known, the use of such net proceeds, in priority of application, will be as follows:

(1) \$25,000 to be used for additional new machinery and laboratory (2) \$25,000 will be used for retirement of corporate debts and

(3) \$10,000 to be used for advertising and promotional purposes to establish an overall sales program for additional coverage over and above the present representation through registered sales representations.

(4) The remainder will be used for additional working capital. BUSINESS—The company of 88-06 Van Wyck Expressway, Jamaica, N. Y., was organized under the laws of the State of New York on Oct. 28, 1954 and has been continuously in business since its incorporation. It is primarily engaged in the manufacture and assembling of electronic equipment and parts used directly and indirectly by the United States Government.

McCulloch Oil Corp. of California-News-

The company has just completed its Duarte No. 1 Well, located in Contra Costa County, Calif., approximately 35 miles east of San Francisco. This well, which was commenced in the company's 1960 exploration program, discovered 320 feet of continuous gas sand. It is anticipated that this one well will increase the company's net

Francisco. This well, which was commenced in the company's 1960 exploration program, discovered 320 feet of continuous gas sand. It is anticipated that this one well will increase the company's net natural gas reserves by approximately 50%. The well tested at a rate of 29,000,000 cubic feet of gas per day through a one-inch orifice, with a pressure draw-down of only 7%, with an indicated open-flow potential of 170,000,000 cubic feet of gas per day—the largest open-flow potential on record in California. Additional drilling in the area is scheduled for the immediate future. Pacific Gas & Electric Co. has contracted to purchase the gas produced from the Duarte No. 1 Well at 30 cents per thousand cubic feet (mcf) with minimum "take or pay" figures yet to be agreed upon.

Another event of considerable significance is the recent completion of the Irvine No. A-1 Well in Johnson County. Wyo., northeast of the Meaedow Creek Field. The Irvine No. A-1 Well, which was also commenced during the company's 1960 exploration program, was completed as a pumping well producing 130 barrels of 40 degree gravity oil from a surface depth of 6,534 feet. There is an available market for production from the Irvine No. A-1 Well, at the posted price of \$2.95 per barrel. Production will not be restricted or otherwise pro-rated by the State of Wyoming. The company owns a 25% interest in the working interest in the Irvine No. A-1 Well, and also owns interests varying from 16% to 25% of the working interest in 27 additional locations in the immediate area which could support similar production if development of the acreage proves successful.

The discoveries of the Duarte No. 1 and Irvine No. A-1 Wells are of course, events of major significance to the company. Of equal, if not greater significance, however, is the means by which the company is availed the opportunity of participating in the drilling of wells such as the Duarte No. 1 and Irvine No. A-1.

The company's proxy statement prepared in connection with the Cuban-McCulloch merger bri some cn smaller acreage blocks situated near production. The undertying objective of the annual programs is, of course, the discovery of a major field—something which would have substantial effect on the value of the corporation stock.—V. 192, p. 1303.

Meredith Publishing Co.-Files Stock Plan-

The company, of 1716 Locust Street, Des Moines, Iowa, filed a registration statement with the SEC on Feb. 2, covering 77.064 shares of common stock, to be offered to key employees of the company pursuant to its Amended Restricted Stock Option Plan.—V. 192, p. 799.

Metropolitan Telecommunications Corp.—Appointmts.

The Chemical Bank New York Trust Co. has been appointed trustee, paying agent, registrar and conversion agent for the 7% convertible subordinate debentures due Dec. 15, 1970 of the corporation.— 192, p. 2611.

Microdot Inc .- Acquires-

Spectralab Instruments Co., Monrovia, Calif., manufacturer of telemetry instrumentation has been acquired by Microdot Inc. of South Pasadena, according to Microdot President Robert S. Dickerman. The acquisition, effective on Feb. 1, was made for an undisclosed amount of Microdot capital stock in exchange for all of the assets of Spectralab. This marks the fourth acquisition by Microdot, three of which are in the telemetry field, since Oct. 1, start of the current fiscal year. Spectralab will provide Microdot's Instrumentation Division with outstanding capabilities in the field of VHS and UHS cavities and related instrumentation. The company is noted for its recent scientific break-through in the new UHS telemetry field with the first operational UHS telemetry transmitter and for its high power transmitter designed for the satellite Pioneer V. Spectralab instruments have also flown in the Redstone, Jupiter, Atlas and Pershing missiles.

The company recently completed development of a new line of high quality laboratory test instruments and calibration standards utilizing advanced solid-state research. This line will be released by Microdot during 1961. Spectralab Instruments Co., Monrovia, Calif., manufacturer of tele-

advanced solid-state research. This line will be released by Microdot during 1961.

F. R. Goodman and J. E. Stankey, Spectralab partners, said, "Spectralab has grown rapidly in the past four years and it is our feeling that through the combined resources and technical potential of Microdot this growth will be greatly accelerated. We are particularly pleased that all personnel will continue to work together as a team in Microdot's Instrument Division."

Mr. Dickerman said Spectralab which is operating at a profit should contribute approximately \$500,000 in additional sales in the remainder of Microdot's fiscal year ending Sept. 30, 1961. "Spectralab's products and capabilities add appreciably to Microdot's telemetry capability particularly in the systems area. Certainly the technical excellence of Spectralab which occupies a company-owned building at 608 Fig Avenue, Monrovia, will be identified as the Monrovia facility of Microdot Inc.—V. 193, p. 381.

Middle South Utilities, Inc.—Stock Option Plan OK'd

Net Up—

In a decision under the Holding Company Act announced on Feb. 8 the SEC gave conditional approval to a proposal by Middle South Utilities, Inc., a New York holding company, to adopt a plan for the granting of restricted stock options to certain key employees of the Middle South System (Middle South and four operating utility subsidiaries, Arkansas Power & Light Co., Louisiana Power & Light Co., Mississippi Power & Light Co. and New Orleans Public Service, Inc.). The unanimous decision was written by Chairman Gadsby.

Middle South now has outstanding 16,750,000 shares of common stock. Under the plan, which is subject to stockholder approval, Middle South would set aside 120,000 authorized but unissued common shares for issuance upon the exercise of options to be granted under the plan. The plan will be administered by a committee composed of directors of System companies who are not eligible to participate in its benefits. The options will have a term not exceeding seven years, no employee may be granted options for more than 10,000 shares, and no option may be granted after five years from the date on which the plan becomes effective. As filed, the plan provides an exercise price of the options at not less than 95% of the fair market value of the stock on the date the option is granted; but if for 12 consecutive months the average market price for the stock is less than 80% of the original exercise price, then the exercise price may be reduced to not less than 95% of the then fair market value.

One of the conditions to Commission approval of the Middle South proposal is a requirement that it be amended to fix the exercise price, of options at not less than 100% of fair market price on the date of granting of the option or on the date of any reduction in the exercise price because of a decline in the average market price, such plan must be amended so as to provide that not more than 25% of the shares covered by the Plan may be optioned to officers of System companies and that the aggregate exercise pri

cash compensation.
Under Section 421 of the Internal Revenue Code of 1954,

Under Section 421 of the Internal Revenue Code of 1954, restricted stock options are accorded favorable income tax treatment. The use of such options has been widely adopted as a form of executive compensation and are "commonpiace" today. At the hearing on its plan, Middle South presented the testimony of persons experienced in executive placement, including officers of management consulting and executive recruiting firms, of executives of industrial corporations and other utilities and of one of its own directors who represents the largest single block of Middle South stock. It was the unanimous view of these witnesses that the granting of stock options was necessary in order to enable the corporation to compete in the market for top-flight management personnel.

The Commission observed that the question whether such options meet the tests of the Holding Company Act was "a matter of first impression." Since options are not included among the securities authorized by Section 7(c) (1) of the Act, namely, "... a common stock, a secured bond, a guaranty or a receiver's certificate," the question presented the Commission was whether the issuance of options (which it ruled were properly to be considered securities) may be permitted under Section 7(c) (2) (D). This provision adds to the permitted types of securities those issued "for necessary and urgent corporate purposes of the declarant where the requirements of the provisions of paragraph (1) would impose an unreasonable financial burden upon the declarant and are not necessary or appropriate in the public interest or for the projection of investors or consumers."

burden upon the declarant and are not necessary or appropriate in the public interest or for the protection of investors or consumers." The SEC Division of Corporate Regulation had urged, among other things, that no credible evidence had been presented that the declarant has suffered in any way by reason of its inability to use stock options in its executive recruitment and that the financial results in companies not employing this device are equivalent, if not superior, to those of companies which have granted executive

These arguments were rejected by the Commission, which stated that the evidence indicated that stock options do in fact in many instances constitute a material factor affecting executive personnel instances constitute a material factor affecting executive personnel recruitment and retention and that: "We are convinced that adequate and fitting executive compensation is a requisite for the financial and operational health of a utility. Consequently, we find that stock options as contemplated in the plan would be issued for necessary and urgent corporate purposes within the meaning of Section 7 (c) (1) would impose an unreasonable burden on the System and are not required in the interest of investors or consumers, the Commission observed that the stock option problem appears not to have been forseen by the draftsmen of the Holding Company Act and that, in determining whether the issue of such securities would impose an unreasonable burden, the Commission must consider the broad standards of public interest and the interests of investors and consumers set forth in the statute and determine, upon the basis thereof, whether the plan would in any way be inconsistent with the consumers set forth in the statute and determine, upon the basis thereof, whether the plan would in any way be inconsistent with the fundamental purpose of the law, which was to eradicate certain abuses from the public utility field. It also commented that it is more important "that we permit an essential industry to operate effectively than that we split dialectic hairs over the meaning of words." The Commission noted in this connection that the Interstate Commerce Commission and the regulatory bodies in some 16 states have expressed stock option plans for utility companies as commentable approved stock option plans for utility companies as compatible with the public interest.

"We cannot find," the Commission concluded, "that the public interest requires us to proscribe the use of restricted stock options by the declarant. Nor do we find any basis for concluding that such by the declarant. Nor do we find any basis for concluding that such use by the declarant would be contrary to the interests of investors or consumers. . . Since we cannot find that the issue of restricted stock options as set forth in the declaration herein is contrary to the spirit or intent of the Act and since the purposes for which such options are to be issued cannot conceivably be met by the issue of securities of the nature described in Section 7 (c) (1), we are constrained to conclude that the requirements of Section 7 (c) (1) would, in this context, impose an unreasonable financial burden on the declarant. Furthermore, for the reasons stated, we find that the provisions of Section 7 (c) (1) are not necessary or appropriate, in

this context, in the public interest or for the protection of investors or consumers." Finally, the Commission rejected the Staff's contention that stock options are not reasonably adapted to the security structure of the Middle South System.—V. 192, p. 2122.

New highs in nearly all categories of their 1960 operations were announced on Jan. 31 for Middle South Utilities, Inc. and its subsidiaries by E. H. Dixon, parent company President.

Consolidated net income for 1960 was \$25,184,000, up 11.5% over the \$22,595,000 reported in 1959. The record net income was equal to \$1.50 a share on each of the 16,750,000 shares outstanding at the end of 1959, or \$1.40 a share after adjusting for a two-for-one stock split in February, 1960.

Total operating revenues for the year were \$214,574,000, up 8.1% over 1959 revenues of \$198,497,000. Other new highs include electric operating revenues, up 8.7% to \$184,494,000 and electric energy sales to residential and rural customers, up 15%.

During 1960 System construction expenditures were \$78 million compared with \$71 million in 1959. No new generating capacity was added to the Middle South System in 1960. However, according to Mr. Dixon, basic growth trends continued with two generating stations scheduled for operation in 1961 progressing to the final stages of construction.

"One of these stations," Mr. Dixon said, "is being built by Louisiana Power & Light Co. and, when completed, will represent a glant step forward in the Middle South System's search for improved economy, afficiency and affects in source plant expectation."

Power & Light Co. and, when completed, will represent a giant step forward in the Middle South System's search for improved economy, efficiency, and safety in power plant operation."

"Based on experience gained at earlier plants," he added, "the 230,000-kilowatt unit is designed so that it will be capable of fully automated operation. Automation will provide many important innovations in the plant's control system, such as complete control of starting operation, and shut-down. The automatic system is at light at lightning. vations in the plant's control system, such as complete control of startup, operation, and shut-down. The automatic system will, at lightning speed monitor some 700 different temperatures, pressures, flow rates, and valve and switch positions. Also, it will log out desired information for record purposes every hour or will log out any or all information on demand. If, under any circumstance, the computer encounters a condition which it cannot correct it will automatically turn the plant over the the operator on duty."

In commenting on the prospects for 1961, Mr. Dixon said, "We cannot predict with certainty the future progress of our service area. However, Arkansas, Louisiana, and Mississippi, the Middle South, are in the process of a major economic change to which the system operating companies expect to contribute materially."

ating companies expect to contribute materially."

Operating companies of the Middle South System are: Arkansas
Power & Light Co., Louisiana Power & Light Co., Mississippi Power &
Light Co., and New Orleans Public Service Inc.—V. 192, p. 2122.

National Biscuit Co.—Record Highs-

Sales and earnings reached record highs in 1960, the company announced on Jan. 30 in a preliminary year-end report released by President Lee S. Bickmore. Nabisco's 1960 net income increased 13.9% over the 1959 figure on a 5.3% increase in net sales, Mr. Bickmore

Earnings totaled \$27.9 million last year, equal to \$4.10 per common chare, substantially up from the \$24.5 million, or \$3.57 per share, earned in 1959. The ratio of net income per dollar of sales increased

from 5.7% in 1959 to 6.2% in 1960.

The company's net sales topped \$450 million for the first time, totaling \$451.3 million, up from \$429 million the previous year. Mr. Bickmore credited the gains to general improvement by the company's several product lines, a number of new products which were favorably

several product lines, a number of new products which were favorably received, and to improvements in Nabisco's marketing activities.

Capital expenditures amounted to \$11.3 million during 1960, an increase over the 1959 figure of \$8.4 million. Mr. Bickmore said that Nabisco would spend approximately \$20 million on capital programs in 1961. The major new project this year will be the construction of a new biscuit and cracker bakery adjacent to the company's present bakery in Chicago. The new plant is expected to start production by the end of 1962.—V. 190, p. 873.

National Equipment Rental, Ltd.—Rights Offering to Stockholders — National Equipment Rental, Ltd., on Feb. 7 offered holders of its common stock of record Feb. 6, and of its common stock purchase warrants. rights to subscribe at \$10 per share for a maximum of 114,000 additional shares of common stock, par value \$1 at the rate of one share for each six shares then held. A group headed by Burnham & Co. will serve as standby underwriters for a maximum of 30,000 shares of the offering. The offer will expire for holders of common stock purchase warrants on Feb. 14, 1961, and for shareholders on Feb. 28, 1961.

PROCEEDS Proceeds from the sale will be added to working capital of the company and to expand the company's business in equipment leasing and related fields.

BUSINESS National Equipment rents or leases production, process ing and packaging equipment, including transporation and materials handling equipment, air conditioning, refrigeration and electronic testing equipment, office furniture and appliances and automatic vending machines to a wide variety of industries.

REVENUES Revenues for the three months ended Oct. 31, REVENUES Revenues for the three months ended out to taled \$691,392 and net income after taxes was \$165,378 equal to 27 cents per share, compared with revenues of \$488,467 and net income after taxes of \$144,879, or 24 cents per share, for the like period in 1959. For the year ended July 31, 1960, revenues totaled \$1,682,439 and net income was \$360,229 equal to 60 cents per share, with revenues of \$1,022,839 and net income of \$173,355, or 29 cents per share, for the comparable 1959 year.

Nautec Corp .- Acquires-

Nautec Corporation has purchased Ivy Hill Lithograph Corp. of rooklyn, N. Y. for \$3,000,000, it was announced jointly on Jan. 30 Robert Rittmaster, Nautec Board Chairman, and Murray Gordon,

Brooklyn, N. Y. for \$3,000,000, it was announced jointly on Jan. 30 by Robert Rittmaster, Nautec Board Chairman, and Murray Gordon, Ivy Hill President.

The lithograph company, founded in 1950 by Mr. Gordon and Lewis Garlick, Vice-President and Treasurer, will become the seventh division of Nautec. Both men will remain as executives of the division, as will other Ivy Hill management staff. Messrs. Gordon and Garlick will retain their ownership of The Gordon Press, Inc., and Record Packaging Corp., both of Brooklyn.

Nautec, formerly Motor Products Corp., took its present name last November to reflect the changing character of the corporation's business from one of making automotive parts to one producing and providing a wide variety of industrial products and services.

"Acquisition of Ivy Hill, which has shown annual increases in sales of from 15% to 20% over the past 10 years, is in line with Nautec's diversification program of acquiring properties in fields of businesses with great growth potentials," Mr. Rittmaster stated. "Ivy Hill does the bulk of its business in producing multi-color album covers for the nation's major record companies. It is considered the lithographic leader serving that field, which last year did the greatest volume in its history and looks forward to setting new peaks in 1961. As the record industry expands, stimulated by the-growing popularity of stereophonic record albums, so will Ivy Hill."

Ivy Hill also produces promotional and point-of-purehase material for major producers of consumer goods. Because of anticipated increased demand from these customers as well as from the record companies, the division plans to move to Garden City, N. Y., before the end of 1961 to a larger and even more modern plant to better serve its customers, according to the announcement. The present plant, on Ivy Hill Road, Brooklyn, built a few years ago, is considered one of the most modern lithographic establishments in the Greater New York Metropolitan area. It is fully integrated and contains a consid

Off sizes.
Other divisions of Nautec Corp. are: Aermotor Water Systems, Chicago; Bertram Yacht, Miami, Fla.; Bond Warehouse Service, Detroit; Braden Winch-Arrow Gear, Broken Arrow, Okla.; Duncan Parking Meter, Chicago; and Trionics Corp., Madison, Wis.—V. 192,

New England Electric System-Borrowings Proposed

New England Electric System—Borrowings Proposed This Boston holding company has joined with 16 of its subsidiaries in the filing of an application with the SEC under the Holding Company Act proposing borrowings by the subsidiaries during 1961, from banks and NEES, in the maximum aggregate amount of \$64, 225,000 of notes to be outstanding at any one time; and the Commission has issued an order giving interested persons until Feb. 23, 1961, to request a hearing thereon. The proposal contemplates borrowings of \$44,130,000 from 17 banks, \$7,785,000 from NEES, and \$12,310,000 from the banks or NEES. The funds will be used to pay some \$37,900,000 of outstanding notes due to the banks and/or NEES, and to provide new money for construction expenditures, or, to reimburse the companies therefore.—V. 193, p. 203.

Nord Photocopy & Electronics Corp.—New Activity— The corporation entered the multi-million dollar addressing machine industry on Feb. 2 with the introduction of its compact, low cost, "Nordamatic Addressor" which uses stencils made on any

The Nord machine capable of obtaining more than 100 000 impressions from a typewritten stencil and designed for high speed printing of up to 120 addresses per minute, retails at \$249.00, about one-half the price of similar existing equipment.

David Harris, vice president, marketing, points out that by offering a quality addressor at this low price, Nord achieves a most favorable competitive position with competitors whose cheapest electric models cell for two to three times this price .- V. 192, p. 1401.

Nortex Oil & Gas Corp.—To Acquire—

office typewriter.

Acquisition of all assets of Ebro Oil Co. Inc., of Longview, Texas, is planned by Nortex Oil & Gas Corp. Principal assets of Ebro are 49 producing oil wells located on the east side of the East Texas Oil Field, Gregg and Rusk counties, Texas.

It is contemplated that the properties would be acquired subject to outstanding on payments totaling approximately \$1,100,000 held by U. S. Steel and Carnegie Pension Fund and others, and to long-term indebtedness held by Southwestern Life Insurance Co. in the amount of approximately \$1,650,000. Under the terms of Nortex's offer, Ebro's stockholders would receive 222,927 shares of Nortex's offer, Ebro's plus \$750,000 in 6% convertible income debentures. This acquisition would significantly increase Nortex's producing oil reserves and net profits in 1961.—V. 190, p. 2451.

North American Aviation, Inc .- Net Down-

North American Aviation, Inc.—Net Down—
The Los Angeles company reported on Jan. 30 net income of \$4,601,000 for the first quarter ending Dec. 31, 1960.

After provision of \$4,...31,000 for Federal income taxes, the net amounted to \$0.56 per share on 8,164,262 shares outstanding. This compared to net income of \$5,992,000 after provision of \$6,491,000 for Federal income taxes, or \$0.74 per share on 8,135,451 shares outstanding in the first quarter of the previous fiscal year.

Sales and income of the first quarter of the current fiscal year which began last Oct. 1, amounted to \$245,961,451 as against sales and income of \$260,663,559 in the like quarter a year ago. Cost of sales and other expenses totaled \$236,429,451 compared with \$248,185,559 in the prior year.

Sales and profits for the first quarter of 1961 were somewhat less than the 1960 comparable period. However, the company estimated

Sales and profits for the first quarter of 1961 were somewhat less than the 1960 comparable period. However, the company that that total sales and profits for the full 1961 fiscal year will be substantially larger than sales and profits for the completed year 1960. It is expected that deliveries on certain fixed-price contracts will be at an accelerated rate for the balance of 1961. Eacklog of unfilled orders on Dec. 31, 1960, was \$869,446,000 compared with \$873,000,000 at the start of the quarter on Oct. 1. This backlog figure does not include portions of new orders not yet finally committed.

The quarterly figures are subject to such changes, if any, as may be necessary as a result of possible price revisions and renegotiation proceedings, and to year-end audit adjustments.—V. 190, p. 1423.

Northern Illinois Gas Co.—Gains Customers—

Northern Illinois Gas Co.—Gains Customers—

The Bellwood, Ill., company announced a record gain of 43,559 customers in 1960 in its Feb. 1 report to stockholders. The previous high was in 1959 when 43,298 new customers were added. NI-Gas served about 716,000 customers at the end of the year.

NI-Gas President Marvin Chandler also reported that the number of space heating customers of all types in its 302-community service area, about 438,000 at the end of the year, increased by nearly 77,000 in 1960. In December, the Illinois Commerce Commission approved the removal of all gas space heating restrictions through 1961.

NI-Gas placed its underground gas storage reservoir near Troy Grove in operation late last year for the first time. Up to 100 million cubic feet of natural gas have been withdrawn from the reservoir several days this winter without any operating problems.

The utility's daily pipeline supply was increased by about 100 million cubic feet last year. NI-Gas now has more than one billion cubic feet of gas available daily to meet peak winter demands. A record sendout of 886 million cubic feet was set on Dec. 22.

NI-Gas previously estimated its construction expenditures for the five-year period 1961-65 will be \$215 million. Chandler said about \$150 million will be obtained from outside financing. No financing plans are contemplated before about the middle of this year.—V. 192, p. 2612.

V. 192, p. 2612.

Northwest Bancorporation-Files Stock Plan-

This firm of 1215 Northwestern Bank Building, Minneapolis, Minn., filed a registration statement with the SEC on Feb. 8, 1961, covering 250,000 shares of common stock, to be offered to employees pursuant to the company's 1961 Stock Ownership Plan.—V. 190, p. 1073.

Ohio-Franklin Fund, Inc.-Proposes Exchange Offer This Fund, of 51 North High Street, Columbus, Ohio, filed a registration statement with the SEC on Feb. 3, 1961, covering 2,000,000 shares of common stock. The Fund proposes to offer its shares to investors in exchange for securities of a selected list of companies. The prospectus states: Through a tax-free exchange of Fund shares for selected individual securities, the Fund provides a medium through which holders of blocks of such securities may obtain diversification and continuous professional investment management without incurring Federal capital gains tax liability upon the exchange. The Ohio Co., Columbus, Ohio, will be investment adviser to the Fund. The exchange will be consummated if securities having a market value of at least \$10,000,000 are deposited and accepted by the Fund. The exchange offering price will be the net asset value, which is expected to be \$10 per share. Upon completion of the exchange of deposited securities for the Fund shares, a fee will be payable by the Fund to the distributor in the amount of 4% of the market value of the deposited securities exchanged in single transactions of less than \$25,000, the minimum transaction being \$5,000. The rate of fee is This Fund, of 51 North High Street, Columbus, Ohio, filed a regis-

of the deposited securities exchanged in single transactions of less than \$25,000, the minimum transaction being \$5,000. The rate of fee is reduced as the size of the transaction increases, and is scaled down to a minimum of 1.50% as more fully set forth herein. An amount equal to the fee payable by the Fund will be deducted from the value of the securities deposited by each investor for the purpose of determining the number of Fund shares to be issued in exchange therefor.

The Ohio Co. also will serve as distributor of Fund shares. The prospectus lists Ewing T. Boles as President and Edgar S. Noland as Secretary-Treasurer. They hold similar positions with The Ohio Co.

Ohio Oil Co.-Net Up-

The Findlay, Ohio, company's preliminary net income for the year ended Dec. 31, 1960 was \$39,215,000, equivalent to \$2.84 per share, J. C. Donnell, II, President, announced on Jan. 26. This compares with earnings of \$38,633,000, or \$2.76 per share in 1959.

The per-share figures are based on 13,807,450 shares outstanding at the end of 1960 and 13,973,575 at the end of 1959, Mr. Donnell said. The 1960 income figure is subject to avoit by the company's independent public accountants.—V. 192, p. 2655.

176 East 71st Street Co.—Files for Offering—

176 East 71st Street Company ("partnership"), 511 Fifth Ave., N. Y., filed a registration statement with the SEC on Feb. 6, 1961, covering \$1,170,000 of assignments of partnership interests, to be offered for public sale in \$10,000 units. No underwriting is involved. The partnership was formed under New York law in January 1961 by Jerome Dansker, Norman Dansker, and Dr. Raphael M. Dansker for the purpose of acquiring fee title to and entering into a net lease of the premises located at 176 East 71st St. New York, upon which premises 178 E. 71st Corp., the present owner, has agreed to erect a 19 story apartment house. In October 1960 Investors Funding Corp. of 19 story apartment house in October 1960 Investors Funding Corp. of New York ("I. F. C.") entered into an agreement to purchase the said land and apartment house to be erected thereon, from 178 E. 71st said land and apartment house to be erected thereon, from 178 E. 71st Corp. ("seller") for \$3,040,000, of which \$500,000 is payable in cash and the balance by taking the premises subject to a mortgage, such purchase to be consumated after completion of the building. Simultaneously with the execution of the purchase agreement, (1) I. F. C. lent to the seller \$600,000, and agreed to lend an additional amount not to exceed \$500,000, (2) Guardian Estates, Inc., a wholly owned subsidiary of I. F. C. agreed, under certain circumstances, to lend to the seller an additional \$500,000, and (3) I. F. C. agreed to fulfill the Guardian loan obligation in the event of a Guardian default thereunder. In January 1961 the partnership entered into contracts with I. F. C. and Guardian whereby, subject to its obtaining sufficient capital, the partnership will purchase I. F. C.'s rights and assume I. F. C.'s obligations under the purchase agreement and will assume certain of the loan obligations. The partnership will not operate or maintain the property. The partnership and 178 E. 71st Corp., the seller, as lessee, are obligated to execute a net lease covering the entire premises. The lessee will operate, maintain, rent and manage the premises and pay all expenses and costs in connection therewith; pay to the partnership an annual net rental of \$62,500; and pay to the mortgagee \$240,000 per year as interess and amortization of the first mortgage that is to be placed on the premises. According to the prospectus, the lessee is entitled to assign the lease and contemplates making such an assignment at the time of the closing of the title to a cooperative corporation.

making such an assignment at the time of the closing of the title to a cooperative corporation.

Each of the three partners has contributed \$10,000 to the partnership and will offer from time to time up to \$390,000 of assignments of his partnership interest. All money received by the partners from such offering will be used by them to increase their contributions to the capital of the partnership, thereby enabling them to assign partnership interests to the public investors. The proceeds from the sale of the assignments will be used to repay to I. F. C. the \$600,000 which it loaned to the seller, pay the purchase price of the property, pay I. F. C. \$100,000 for the sale of the purchase agreement and meet the loan obligations of the partnership. Any excess of funds will be returned pro rata to the partners and participants as a return will be returned pro rata to the partners and participants as a return

Orange and Rockland Utilities, Inc.—Record Highs-

Orange and Rockland Utilities, Inc.—Record Highs—
Orange and Rockland Utilities, Inc., Nyack, N. Y., and its subsidiaries, Rockland Electric Co. and Pike County Light and Power
Co. reported on Feb. 2, in the company's preliminary annual report,
record sales and earnings for 1960.
Operating revenues totaled \$31,095,590 against those of \$28,529,374
in 1959. Net income, after payment of preferred dividends, rose to
\$3,832,441, or \$1.67 per share on 1,958,570 average common shares
outstanding, compared with \$3,477,928, or \$1.56 per common share
on the 1,913,679 average shares outstanding in 1959. Electric revenues
increased \$1,160,981 and gas revenues \$1,405,235 from those recorded
in the previous 12 months.

in the previous 12 months.

Rockwell C. Tenney, Chairman, outlined in the report 12 new industrial building and highway projects now under way in the company's operating territory. He added that "the cold weather of December and January has somewhat slowed new building construction but the new buildings for Glenshaw Glass Co., St. Regis Paper Co., Empire Tube Co., The Ramapo Land Co., as well as major school construction projects in Port Jervis, Pearl River, Spring Valley, Tappan, New City, Valley Cottage, Stony Point, Haverstraw, and hospital construction at Port Jervis and Nyack, N. Y. have continued."

—V. 193, p. 203. -V. 193, p. 203.

Owens-Illinois Glass Co.—Sales Up, Net Down-

The company's 1960 annual sales totaled \$561,042,319 compared to \$552,676,933, in 1959, J. P. Levis, Chairman of the Board of Directors, reported on Feb. 3 at the quarterly meeting of the board Net income after taxes was \$33,187,105 compared to \$40,831,354 in 1959, which was the highest in company history.

After preferred dividend requirements, \$4.10 was earned per common share for 1960, compared with \$5.20 for the preceding year.

Provision for Federal income taxes totaled \$28,100,000 or \$3.86 a share, compared with \$39,200,000 or \$5.43 a share in 1959.

"Sales were up in virtually all our operating divisions, but earnings

"Sales were up in virtually all our operating divisions, but earnings were down because many of our prices either decreased or remained almost static while our costs continued to increase," Mr. Levis said. "Start-up and pre-operating expenses at new plants further adversely affected the earnings picture, as did increased engineering costs, and higher than usual sales promotion and new mold costs.

"Our glass container plant near Haveni-was intervened by the

"Our glass container plant near Havenu-was intervened by the Cuban Government on Aug. 24 and was expropriated and nationalized two months later. The plant's earnings for the first eight months of the year were substantially above chose for the same period in 1959. Our net loss on this investment, amounting to \$3,747,122, has been charged to retained earnings.—V. 191, p. 1882.

Pacific Clay Products-Sales, Net Rise-

Sales increased 10% and earnings increased 11% over those of 1959, President John D. Fredericks announced on Jan. 30.

Net sales for the year ended Dec. 31, 1960 amounted to \$13,479,573, compared to \$12,233,658 in 1959.

Net sales for the year ended Dec. 31, 1960 amounted to \$13,479,573, compared to \$12,233,658 in 1959.

Net income after all charges amounted to \$1,516,257 equal to \$2,31 per share on 656,446 shares of capital stock outstanding on Dec. 31, 1960. This compares with 1959 net income of \$1,369,512 which was equal to \$2.09 per share on the same number of capital shares outstanding at the end of that year.

Mr. Fredericks said that earnings for 1959 have been restated on the same general basis as 1960, providing a conservative depletion allowance to cover possible tax deficiencies which may result from the United States Supreme Court's June, 1960 decision in the Cannelton Sewer Pipe Co. case. In the opinion of Pacific Clay's tax counsel, he said, should the company be upheld in a prior favorable lower court judgment, a settlement be effected, or existing legislation be favorably changed, the earnings stated above and the company's financial position would be improved over that set forth.

In December, 1960, condemnation proceedings were instituted against Pacific Clay's Camance. Calif., silica sand plant as part of a water conservation and flood control project. Net worth and earnings will not be adversely affected as Pacific Clay will receive the fair market value for its property to be taken or damaged.

Increasing sales of the company's Wedge-Lock joint pipe; generally good construction weather through the Western states; the consolidation of the Corona plant into the Santa Fe Springs plant; increased production efficiency, and a continuing program of plant and equipment modernization and expansion contributed to successful operations during 1960. Gains in industrial construction, and Federal, state and municipal projects gave Pacific Clay's sales a jurther impetus, Mr. Fredericks said.

"No decrease in demand for our products is foreseen and we look municipal projects gave Father than the products and projects said.

"No decrease in demand for our products is foreseen and we look forward to a continuation of our growth trend in sales and earnings," he concluded.—V. 492, p. 1712.

Parker-Hannafin Corp.-Sales, Net Down-

Parker-Hannifin Corporation, Cleveland, Onlo, earned a net profit of \$1,046,711 on sales of \$23,281,475 for the six months ended Dec. 31, 1960, according to the corporation's mid-year report to shareholders made public. This compares with net earnings of \$1,503,279 on sales of \$25,717,734 for the corresponding six months of 1959.

Earnings for the six months ended Dec. 31 were equivalent to 80 cents per share on 1,311,844 shares outstanding as compared with \$1.15 cents per share on 1,305,820 shares outstanding for the same period of the previous year.

Earnings for the second quarter ended Dec. 31, 1960—\$653,191 of 50 cents a share—were substantially ahead of first quarter earnings of \$393,520 or 30 cents a share, and not too much below the \$734,390 or 56 cents a share earned in the second quarter of last year, it was pointed out by Chairman C. C. Sigmier and President S. B. Taylor.

"Our most recent forecast," they added, "indicates that, despite current economic conditions, we shall be able to operate for the last six months at close to the sales and earnings levels achieved during the last quarter. This would approximate the \$1.05 per share earned during the concluding six months of the last fiscal year.

"Backlog at Dec. 31, 1960 was \$14,800,000; up from \$12,300,000 of a year ago and \$12,800,000 of six months ago when our present fiscal year began."—V. 192, p. 2510.

THE COURSE OF BANK CLEARINGS

Bank Clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Feb. 11, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 23.7% above those of the corresponding week last year. Our preliminary totals stand at \$25,870,155,943 against \$20,914,705,128 for the same week in 1960. At this center there is a gain for the week ending Friday of 42.6%. Our comparative summary for the week follows:

CLEARINGS-RETURNS BY TELEGRAPH

		**	
Week Ended Feb. 11—	1961	1960	%
New York	\$14,486,129,776	\$10,162,768,813	+42.6
Chicago		922,720,580	+ 28.1
Philadelphia	921,000,000	786,000,000	+ 33.1
Boston	711,368,834	692,068,864	+ 2.8
Kansas City	439,308,905	427,176,832	+ 2.8
St. Louis	390,500,000	371,400,000	+ 5.1
San Francisco	719,717,000	667,945,793	+ 7.8
Pittsburgh	384,379,004	335,527,919	+14.6
Cleveland	501,063,272	565,543,088	-11.4
Baltimore	330,163,757	368,805,173	-10.7
Ten cities, five days		\$15,300,957,062	+ 31.1
Other cities, five days	4,886,837,100	4,678,123,390	+ 4.5
Total all cities, five days			+24.9
All cities, one day	917,367,420	935,624,676	- 2.0
Total all cities for week	\$25,870,155,943	\$20,914,705,128	+ 23.7

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week-the week ended Feb. 4. For that week there was an increase of 7.9%, the aggregate clearings for the whole country having amounted to \$29,266,938,552 against \$27,113,260,227 in the same week in 1960. Outside of this city there was a loss of 8.3%, the bank clearings at this center showing an increase of 21.7%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals record an expansion of 21.0% and in the Boston Reserve District of 7.5% but in the Philadelphia Reserve District the totals register a decline of 1.1%. In the Cleveland Reserve District the totals show a decrease of 6.3%, n the Richmond Reserve District of 0.4% and in the Atlanta Reserve District of 9.0%. The Chicago Reserve District suffers a loss of 2.2% and the St. Louis Reserve District of 2.4% but in the Minneapolis Reserve District the totals have to their credit a gain of 6.9%. In the Kansas City Reserve District the totals are larger by 7.6%, in the Dallas Reserve District of 5.8% and in the San Francisco Reserve District of 4.7%.

In the following we furnish a summary by Federal Reserve Districts:

FOREIGN EXCHANGE RATES

Pursuant to the requirements of Section 522 of the Tariff Act of 1930, the Federal Reserve Bank certifies daily to the Secretary of the Treasury the buying rate for cable transfers on the different countries of the world. We give below a record for the week just passed.

FOREIGN EXCHANGE RATES CERTIFIED BY FEDERAL RESERVE BANK TO TREASURY UNDER TARIFF ACT OF 1930 FEBRUARY 3, 1961 TO FEBRUARY 9, 1961, INCLUSIVE

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended Feb. 1: An increase of \$1,155 million in loans adjusted, a decrease of \$1,275 million in demand deposits adjusted, and an increase of \$994 million in U. S. Government demand deposits.

Commercial and industrial loans decreased a net of \$76 million. Loans to brokers and dealers for purchasing or carrying U. S. Government and other securities increased \$304 million. Loans to nonbank financial institutions decreased \$52 million. Other loans increased \$991 million largely reflecting a substantial sale of consumer receivables to commercial banks by a large retail outlet.

Holdings of U. S. Government securities increased \$81 million. Treasury bills increased by \$40 million, Treasury certificates by \$22 million, and the combined total of Treasury notes and U. S. Government bonds increased by \$19 million.

Time deposits other than interbank increased \$785 million.

Borrowings of weekly reporting member banks from

Federal Reserve Banks increased \$122 million and borrowings from others increased \$1,000 million. Loans to domestic commercial banks increased \$810 million.

Pecos Land and Development Co., Inc. - Shares in Registration-

Registration—

This company, of 207 Shelby Street, Santa Fe, N. M., filed a registration statement with the SEC on Jan. 31, 1961, covering 4,000,000 shares of common stock, of which 500,000 shares are to be offered for public sale at \$1 per share through officers of the company; 1,897,661 shares are to be exchanged for various assets and businesses, and may be offered for sale by the recipients; 687,765 are outstanding shares issued upon organization of the company which may be offered for sale by the holders; and 914,574 shares may be issued by the company from time to time in the acquisition of additional properties.

The company was organized under Delaware law in April, 1960 for the primary purpose of acquiring, holding, developing and selling improved and unimproved urban and farm and ranch lands and other types of real estate, and oil, gas and mining properties, all located principally in the Southwestern and Rocky Mountain regions of the United States. Of the net proceeds from the cash sale of the 500,000 common shares, \$130,000 will be used for interest on the purchase price, advertising and development costs of the El Poso Ranch acquisition; \$107,250 for part of the purchase price, interest, and development costs of the Katson-Hogan property acquisition; and \$94,000 for administrative and overhead expenses.

The company has outstanding 687,765 shares of common stock. Various officers, directors and promoters have assigned properties to the company, acquired within two years, in exchange for properties to the company, acquired within two years, in exchange for properties to the company, acquired within two years, in exchange for properties to the company, acquired within two years, in exchange for properties, officers, directors and management officials will receive 12,68% of such stock in exchange for properties acquired by them in the past two years in which their aggregate cost was \$6,139,93. In addition, they purchased 35,000 shares at \$1 per share. After the consummation of the expected transaction

Perry Electronic Components, Inc. — Common Stock Offered-S. B. Cantor Co. and Farrell Securities Co. offered on Feb. 8, 75,000 shares of Perry Electronic Components, Inc. common stock at \$4 per share.

PROCEEDS—Net proceeds will be applied toward the purchase of equipment and machinery, reduction of outstanding indebtedness, and for general corporate purposes.

BUSINESS—The company, located in Ossining, N. Y., makes component products for manufacturers in the electronics field. Components made by the company have been sold to manufacturers of various kinds of airborne instrumentation, testing devices for such apparatus, power carts for jet aircraft and air conditioning units.-V. 192, p. 2328.

Philadelphia & Reading Corp.—Sells Coal Business— The corporation announced on Feb. 2 that a subsidiary, Reading Anthracite Co., has sold its coal lands, breakers, equipment, inventory and supplies to John B. Rich of Pottsville, Pa. Also included in the sale to Mr. Rich was the right to use the corporate name Reading Anthracite Co. and the "FAMOUS READING ANTHRACITE" trademark, Mr. Rich's Gilberton Coal Co. has been operating successfully

that area for many years.
In making the announcement, Howard A. Newman, Philadelphia Reading's president stated that only a very small amount of bank tonnage was included in the sale. (The term "bank tonnage" refers to the waste products of coal preparation plants of which Reading owns many millions of tons.)

owns many millions of tons.)

"The great bulk of our culm, silt and refuse banks have been retained for future utilization," Mr. Newman said. The Philadelphia & Reading subsidiary will henceforth be known as Reserve Carbon Corp., with George J. Clark of Pottsville continuing as its president. Financial details of the transaction were not furnished.—V. 191, p. 2418.

PneumoDynamics Corp.—Appointment—

The Chemical Bank New York Trust Co. has been appointed New York transfer agent for the common stock of the corporation.—V. 193,

Polymer Corp.-French Subsidiary-

The Reading, Pa., manufacturer of industrial plastics has established a wholly-owned subsidiary near Paris, France, it was announced on Feb. 2 by Louis L. Stott, President.

The new company, known as Polypenco (France) S. A. R. L., will stock and distribute nylon, Teflon and other industrial plastic materials manufactured by Polymer in the United States and by its British subsidiary, Polypenco Ltd. in England. Michel R. Marion, a native of France, has been appointed manager.

With the establishment of this new French organization, Polymer now has three overseas companies to serve the European market.

owth the establishment of this new French organization, Polymer now has three overseas companies to serve the European market. Other subsidiaries are located in Welwyn Garden City, Herts, England, and Cologne, Western Germany. The balance of Europe and other points around the world are served from the U. S. A. by Polypenco, Inc., Polymer's export subsidiary in Reading.—V. 192, p. 2510.

Polysonics, Inc.-Common Stock Offered-Pursuant to a Feb. 6 offering circular, Polysonics, Inc., of 480 Lexington Ave., New York City, publicly offered 70,000 shares of its 1¢ par common stock at \$3 per share. The offering was underwritten by M. H. Meyerson & Co., Ltd., 15 William St., New York City (managing), in association with Karen Securities Corp. and Selected Investors, Inc.

BUSINESS—The company, which was formed last July, will act as theatrical producers and will produce jazz festivals, concerts, records, and commercial films. It also plans to enter the development and merchandising of a new commercial color sound process for industrial and commercial advertising.

PROCEEDS—The proceeds will be used for working capital.—V. 192.

Public Service Co. of Oklahoma-Proposes Stock Sale This company, of Tulsa, has filed an application with the SEC under the Holding Company Act proposing the sale of an additional 200,000 common shares at \$10 per share to its parent, Central & South West Corp.; and the Commission has issued an order giving interested persons until Feb. 23, 1961, to request a hearing thereon. The funds will be used by the subsidiary to finance in part the cost of 1961 property additions.—V. 191, p. 1816.

Radiation Inc.—Forecast—

in

In a talk before the New York Society of Security Analysts on Jan. 27, George S. Shaw, Senior Vice-President, predicted record company sales and earnings for 1961.

and earnings for 1961.

Talking before over 200 people at the group's luncheon meeting, Mr. Shaw stated: "In fiscal year 1960 our volume was \$23,155,000. We are projecting nearly a 25% increase in sales, and expect our 1961 volume to exceed \$28.5 million." Analyzing the company's reduced 1960 earnings of 20 cents per share, Mr. Shaw told of large development costs and said: "... the results are beginning to pay off... during the first 16 weeks of 1961 we earned 25 cents per share, and we project earnings to be comparable for the remainder of this year." Mr. Shaw stated that present backlog is \$12 million, with \$38 million in outstanding proposals.

Mr. Shaw announced that Radiation has received major contracts in three of the company's main areas of work—PCM telemetry for a new non-military satellite program, antenna system design for a space project, and large high-power transmitters for a new radar system. He declined to discuss the first two contracts at this time.

In describing the third contract, Mr. Shaw said: "We have just received an \$800,000 contract for producing what will be the most powerful communications transmitter and most effective radar transmitter in the world. This contract is expected to be followed shortly by a second contract for an identical system . . the transmitters will be used in a new radar system having far greater capability than any in existence today." He commented on the rapidly increasing need for high-power systems in radar and communications and stated "we are experienced in the technology and have the know-how to meet this critical need." In describing the third contract, Mr. Shaw said: "We have just re-

Mr. Shaw told the group that Radiation's commercial products were enjoying increased acceptance, and sales of a Telegraph Distortion Measurement System for use on communications lines had increased substantially. He said that the company's new Mobile Data Handling System introduced to industry last month was received enthusiastically, and projected a large market for these systems.

Discussing the present American-Soviet technological race for supremacy in communications, transportation, education and medicine, Mr. Shaw indicated that "data transmission, processing and display techniques will find rapidly increasing utilization in these areas."

"During the next three to five years," Mr. Shaw said, "Radiation "During the next three to five years," Mr. Shaw said, "Radiation will pursue those front-line military systems which include the invulnerable missile, the anti-missile, the reconnaissance satellite, the communications satellite, the aero-space plane, and limited warfare devices such as STOL (stationary take off and landing craft) and anti-tenk wearners." devices such as S anti-tank weapons.

Referring to the rapidly approaching era of satellite space communications and the coming worldwide requirements for antenna, data handling and other complex electronic systems, Mr. Shaw stated: "... we are not overlooking, of course, the vast commercial opportunities presented by new developments in space. The 24-hour stationary compresented by new developments in space. The 24-hour stationary communications satellite will expand our worldwide communications bandwidth, and hence our capability, by a factor of 10 within three years, and by a factor of 10,000 within 20 years. . . . Radiation has the present capabilities and technical research staffs to take a prominent role in this growth."—V. 193, p. 204.

Radiatronics, Inc.—Capital Stock Offered—Pursuant to a Jan. 30, 1961 offering circular, Morgan & Co., Los Angeles, Calif., offered for public sale, 100,000 shares of this firm's no par capital stock at \$3 per share. The company is located at 14801 Califa Street, Van Nuys, Calif. Of the 100,000 shares, 84,000 were offered for the account of the company and the remaining 16,000 for a

BUSINESS—The company designs and manufactures radar antenna and mircowave equipment which are used in radar systems. This equipment is installed in radar systems used for shipboard and aircraft navigation, electronic countermeasures (i.e. techniques used for disrupting opposing radar systems), satellite tracking, launch checkout and control of intercontinental ballistic missiles, and missile test equipment. Approximately 80% of the products manufactured and sold by the company are used in the defense and space programs and the remaining 20% for commercial purposes. It is estimated that 30% of the equipment manufactured by the company is of its own design and the balance is manufactured to customer design. Substantially all of the company's contracts are on a fixed-price basis. selling stockholder. APPOINTMENTS—Transfer agent, Security First National Bank, Los Angeles, Calif.; Registrar, Union Bank, Los Angeles, Calif.

PROCEEDS—Of the 100,000 shares being offered hereby, 16,000 shares are being sold for the account of George E. Hewitt, selling stockholder, and the company will not receive any proceeds from the sale of those shares.

A total of 84,000 shares offered hereby are being offered for the account of the company. Of the net proceeds from the sale of these shares, approximately \$30,000 is expected to be used for the purchase of additional machinery, \$15,000 for the purchase of electronic test equipment, and \$5,000 for leasehold improvements. It is expected that companying the company of the company in the company i that approximately \$55,000 of such proceeds will be used to reduce bank borrowings and \$15,000 for research and development work. The remaining proceeds will be used to finance increased inventories and to carry increased accounts receivable which are expected to result from a greater volume of business due to the company's present backlog of orders with fixed delivery dates. As the need arises in the future, the company may obtain bank borrowings to finance its operations.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Authorized 500,000 shs. Capital stock (without par value) ____ 391,400 shs.

Radio Corp. of America-Private Placement-The corporation has arranged for the private sale to institutional investors of \$100,000 of promissory notes due May 1, 1986, it was announced on Feb. 9. The transaction was negotiated by Lehman Brothers and Lazard Freres & Co. PROCEEDS—Proceeds of this financing will provide the company with funds to meet the expanding financial requirement of the overall business.—V. 193, p. 50.

Rapid-American Corp.—Sells Paper Division—

Rapid-American Corp. has sold the American Paper Specialty Co., a division of its highly diversified merchandising and manufacturing operation, to a group of investors including present operating management of the paper division, it has been announced by Meshulam Riklis, Papid-American president and other paper of the paper. Rapid-American president and chairman of the board The purchase price of \$11,750,000 was paid in the form of cash and

notes.

Rapid-American, which owns a controlling interest in McCrory Corp.—the retail merchandising chain organization—now consists of four divisions: The Rapid Electrotype Co.—manufacturers of printing plates and mats; L & C Mayers-Spors Co.—catalogue mail order house; American Art Works Co.—manufacturers of metal products; and Alan Jay-Clarolyte Co.—manufacturers of plastic specialties.

Estimated sales of Rapid-American in 1960 exceeded \$40 million.

"The revenue from the sale of the paper division will be a trans-

"The revenue from the sale of the paper division will be a tre-mendous asset in our continuing program of further expansion in the service and merchandising fields," Mr. Riklis said. The new paper company has assumed certain liabilities and received

all rights and patents of the former paper division. Its sales for the fiscal year ended Jan. 31, 1961, are estimated at \$16.5 million compared with approximately \$3 million in 1958. It has five operating divisions which manufacture a wide range of products, including school supplies, stationery, binders, briefcases, greeting cards, gift wrappings, valentines

The purchaser, now a completely independent company, will continue to operate under its present name, American Paper Specialty Co., with office headquarters at 310 Fifth Avenue, New York City. Co., with office _V. 189, p. 2894.

Realsite Inc.—To Sell Utility Interest—

Shareholders of Realsite, Inc., on Feb. 6 voted to sell its 50% interest in Lauderdale Utilities, Inc., the utility company which will provide water and sewer service to the corporation's Fort Lauderdale, Fla., properties, Harold M. Diamond, President, announced.

Realsite will be reimbursed for its investment in the utility company, less \$13,448.30, by payment of \$250,000 in cash at closing, and the balance of \$112,906.83 in 11 annual instalments without interest, Mr.

Diamond explained.

Realsite's president pointed out that the company will not only receive much needed cash, but also will be relieved of the cash drain represented by its share of future contributions for the completion

and maintenance of the utilities plant.

The company's investment in the utility company up to Feb. 6, he said, has been approximately \$376,355.13, consisting of acquisition of stock, capital investment and loans. In addition, Realsite has advanced

stock, capital investment and loans. In addition, Realsite has advanced to the utility company \$230,000 as contributions in aid of construction for extension of lines and service to Realsite's properties with the company receiving credits against such advances up to the full amount thereof as its houses are connected up to the utility system.

Shareholders were told that the company had made progress, notwithstanding rather substantial setbacks in the general economy and in home building construction generally throughout the nation, Realsite's management "is confident of the ultimate financial success of its Lauderdale Lake development."

"Nonetheless," it was pointed out, "it is now essential to provide Realsite with liquid funds in order to continue its building operation, which is presently its basic and fundamental business."

Shareholders were told that an agreement of sale of its 50% interest in Lauderdale Utilities, Inc. has been made with a trustee, who is acting for one or more of the persons who own the remaining 50% stock interest in the utility company.

acting for one or more of the persons who own the remaining 50% stock interest in the utility company.

Shareholders also voted that the company's Certificate of Incorporation be amended to eliminate the existing classes of convertible preferred stock, substituting for same two classes of convertible preferred stock, said stock having all of the rights, privileges and characteristics of the original five classes, except that class 1 will represent 50% of the outstanding convertible preferred stock which may be converted that the company stock on a share for share having a transfer having a property of the convertible preferred stock which may be converted.

of the outstanding convertible preferred stock which may be converted into the common stock on a share-for-share basis at any time previous to April 30, 1961, and class 2 may be converted on the same basis at any time between May 1, 1961 and April 30, 1962.

Realsite Inc. and its subsidiaries are engaged primarily in the development and construction of communities in Florida. Active on the Florida scene since 1958, this publicly-owned company is completing its 470 homes in developments at Realsite Estates in the Carol City area, Florida and Ives Estates in the Northeast Dade area, Florida. Executive offices are located in Lauderdale Lakes, Fla., an area being developed by Realsite and other builders into a community of approximately 5,000 families.—V. 193, p. 382.

Reinsurance Investment Corp.—Seeks Order—

This corporation of Jersey City, N. J., has applied to the SEC for der the Investment Company Act exempting it all an order under the investment Company Act exempting it from an provisions of that Act; and the Commission has issued an order giving interested persons until Feb. 24, 1961, to request a hearing thereon. The applicant's assets as of Sept. 30, 1960, were valued at \$5,596,722 and consisted of 1,152,000 shares of Loyal American Life Insurance Co., Inc., valued at \$3,312,000 and 189,495 shares of American Income Life Insurance Co. valued at \$1,184,950, with the balance of the assets consisting in the main of government securities and cash Assets consisting in the main of government securities and cash. Applicant asserts in support of its application that it is primarily engaged, through the subsidiary companies, in the insurance business and, accordingly, is entitled to the requested exemption .- V. 192, p. 1037.

Republic Aviation Corp.—Sales, Net Up-

Sales and earnings of the corporation during 1960 rose over the

previous year.

Preliminary figures for the Long Island aircraft company for 1960 indicate earnings of \$4,653,000 after taxes of \$4,914,000 on sales of \$207,679,000 or approximately \$3.25 a common share on 1,431,448

\$207,679,000 or approximately \$3.25 a common share on 1,431,448 shares outstanding.
This compares with 1959 earnings of \$3,413,107 on sales of \$198,-065,976 and \$2.37 a common share on 1,437,148 shares outstanding. Earnings in both years are consolidated to include its wholly-owned subsidiary, Republic Aviation (International) S. A.

Mundy I. Peale, President, also reported the company's blacklog of orders stood at \$637 million at the year end, including signed contracts and letters of contract with the government.

Mr. Peale said that delivery rate of the supersonic F-105 fighter-bomber under fixed price contract increased during the final quarter of the year and is reflected in earnings for that period. This all-

of the year and is reflected in earnings for that period. This all-weather aircraft is in service with the Air Force's Tactical Air Command here and this spring will be deployed for service with the U.S. Air Forces in Europe. The fiscal 1962 defense budget calls for \$400 million worth of F-105's which would maintain production at its present levels, Mr. Peale explained. Included in the appropriations is some \$27 million for reconnaissance versions of the 1,400 mile-ap-hour jet. an-hour jet.

The Republic official stated that earnings in 1961 and succeeding years should continue to show reasonable increase as production and deliveries of the fighter-bomber build up.—V. 192, p. 2372.

Resisto Chemical, Inc.—Common Stock Offered-Amos Treat & Co., Inc. and Bruno-Lenchner, Inc. offered on Feb. 6, 200,000 shares of the common stock of Resisto Chemical, Inc. at a price of \$2.50 per share. The shares were offered as a speculation.

PROCEEDS-Net proceeds from the sale of the shares will be used by the company for the redemption of preferred stock (including accrued dividends); purchase of machinery and equipment; and for selling and advertising expenses. Balance of the proceeds will be added to working capital for the purchase of raw materials, payment of operating expenses and general corporate purposes.

BUSINESS Resisto Chemical, Inc., with headquarters in New Castle, Del., is engaged in the development of protective coatings for packaging and fabrics, and of products with resistance to extremes of temperatures and corrosion. These products are intended for use in the rocket and missile industry.

CAPITALIZATION—Upon completion of the current financing, capitalization of the company will consist of 305 shares of 6% preferred stock, which are expected to be redeemed with the proceeds, and 917,-460 shares of common stock.—V. 192, p. 942.

Richardson-Merrell Inc. (& Subs.)-Net, Sales Up-

Consolidated sales of Richardson-Merrell Inc. (formerly Vick Chemical Co.) were \$78,866,070 during the six months period ended Dec. 31, up 14.7% over the \$68,779,553 sales during the same period in 1959.

period in 1959.

Earnings, after adjustment for foreign operations, were \$10,211,072 or 21.1% higher than the \$8,434,540 earnings for the comparable 1959 period. Per share earnings for the six months, adjusted to reflect a four-for-three split in 1960, were up 22% to \$1.72, compared with \$1.41 in the same period the year before.

In the six months ended Dec. 31, 1959 earnings were reduced by \$612,000, representing a portion of unremitted foreign earnings set aside to provide for future contingencies. In the current six months period, there was a net restoration of \$6,412 to income as the result of the transfer of accumulated earnings from foreign markets.

The company's diversification in all four major segments of the drug field—ethical drugs, proprietary drugs, veterinary drugs and chemicals-plastics—proved to be a major factor in continuing growth "even when economic conditions were not the best," Smith Richardson, Jr., President, said. While operating divisions in chemicals and plastics dropped somewhat in sales volume because of the recession, he said, most other divisions registered gains over last year. The company's international sales in both proprietary and ethical drugs, which represent more than 20% of the total business, also increased in the six months period.

"New products contributed part of this growth." Mr. Pichendon in the six months period.

"New products contributed part of this growth," Mr. Richardson said, "particularly 'MER/29,' developed by the Wm. S. Merrell Co. Division, which inhibits the body's production of cholesterol, and 'Formula 44' Cough Mixture, marketed by the Vick Chemical Co. Division. The six months figures also reflected the addition of Clearasil Medications, for acne and pimples, which were acquired in the spring of 1960."—V. 192, p. 1038.

Riegel Paper Corp.—Sales Up, Net Down-

The corporation's results for 1960 were reported on Jan. 31 by John L. Riegel, chairman, and Frederick S. Leinbach, president.
For the 52 weeks ended Jan. 1, 1961 net sales reached \$97,916,713 as compared to \$90,968,882 for the year before.

Net income was \$3,067,661, equal to \$1.84 per share on the 1,665,714 shares of common stock outstanding at the end of the 1960 fiscal year. This compares with net income of \$3,319,616 for the 53 weeks ended Jan. 3, 1960, which was equal to \$2.03 per share on the 1,632,146 shares then outstanding.

Net profit before taxes on income amounted to \$6,577,661 in the 1960 fiscal year compared with \$6,838,470 for the comparable 1959 period.

Figures in both periods have been restated to give retroactive effect to the acquisition of the business of Bartelt Engineering Company on Feb. 8, 1960, and to the mergers of Bloomer Bros. Co., Lassiter Corp., Fairtex Corp., and Branson Yarn Co. into Riegel on Oct. 24, 1960. Shares outstanding have also been adjusted to include shares of Riegel common stock exchanged in these transactions.—V. 192, p. 1753.

Roberts Co.—Sales, Net Up—

The highest sales in company history, 40% above the year before, and a substantial increase in earnings were recorded by this Sanford, N. C., company in its 1960 fiscal year, it was reported by Robert E. Pomeranz, President, in the annual report distributed to stockholders

Noting that 1960 was a year of progress for the company, Mr. Pomeranz disclosed that "product lines were broadened, foreign licensee activity expanded, plans were effected to insure continued future growth—and new fields of textile machinery manufacture were entered into."

Total sales for the fiscal year ended Dec. 3, 1960, were a record \$7,387,800, compared with \$5,269,828 in the previous year. Net profit after taxes in fiscal 1960 amounted to \$202,714, compared with profits of \$60,529, in 1959.

On the total of 503,618 common shares including the non-dividend

bearing Founder's Series, earnings per share amounted to 40 cents in 1960, compared with 12 cents in 1959. The 283,618 common shares eligible for dividends earned a 1960 after-tax profit of 71 cents

Working capital improved in 1960 to \$1,400,371, from the prior year's \$785,892, the current ratio going to 2.33 to 1 from 1.55 to 1, and \$139,329 was added to the gross property and equipment account. During the year under review, the synthetic fiber transforming and blending fields were entered by Roberts, and roving machinery for cotton and worsted-synthetics was also added to the product line. Mr. Pomeranz disclosed

Roberts now engineers and installs complete varn making mills; the first mill (Federal Spinning Corp.) is presently running at capacity making 100% synthetic knitting varns, and the second (Jonathan Logan, Inc.) is now being installed for wool-worsted varns. Prior to 1960, the company manufactured and sold only spinning and twisting machines, and modernizations.

"The company's English licensee serving the European and Middle Eastern countries has completed tooling, and royalty income will start in 1961," he said.

Various projects were completed in 1960 to reduce manufacturing costs and improve the company's competitive position and earnings. These include the full mechanization of the foundry with a 50% boost in its capacity. Production of ball bearing Supreme spindles was increased to an annual rate of half million, the plastics division is molding nylon and phenolic parts, and a new aluminum die casting department has been established.—V. 192, p. 445.

Royal Industries, Inc.—Acquires—

Royal Industries, Inc., of Los Angeles, has expanded its activities in the nuclear field with the acquisition of Dublin Industries, Inc., of Hayward, Calif., it was announced on Feb. 7 by J. R. Johnson, Royal

Dublin Industries is engaged in nuclear research and analysis. Royal designs and manufactures precision equipment for the nuclear and

The transaction involved an exchange of stock, Mr. Johnson stated. "Our present hydro-mechanical capabilities in the nuclear field;" be complemented by Dublin's activity in physical chemistry," he declared. "Moreover, this will permit joint ventures with our Vard Division which produces control rod mechanisms and other equipment for nuclear reactors."

Dublin will be operated as a subsidiary of Royal Industries under the name Royal Research Corp., and will continue under the direction of its president, Dr. W. T. Crane. A graduate of the University of California where he studied under Dr. Glenn Seaborg, Dr. Crane was formerly senior scientist and chief of the advanced development section of the Martin Co.'s nuclear division.

"In addition to Dr. Crane, this acquisition brings to Royal a fine staff of professional scientists," Mr. Johnson said.

Founded in February, 1959, the new subsidiary is conducting work in isotopic power, analytical research and development, and nuclear

It also designs and manufactures enclosures for the safe handling of hazardous materials.—V. 193, p. 382. ards evaluation.

Russ Togs, Inc.—Sales, Net Up-

Russ Togs, Inc.—Sales, Net Up—

Net sales of this apparel and sportswear manufacturer totaled \$5,720,772 in the 13 weeks ended Oct. 29, 1960, as compared with sales of \$4,724,122 for the 13 weeks ended Oct. 31, 1959, Eli Rousso, President, disclosed on Jan. 26.

Net profit for the quarter ended Oct. 29, 1960, amounted to \$280,625 as compared with \$217,595 for the comparable period in 1959. Net income per share on the 552,000 shares outstanding before a common share offering last December was 51 cents a share as compared with 39 cents net income per share ior the previous period. Net income per share on the 652,000 shares outstanding after the common share offering totaled 43 cents a share as compared with 33 cents net per share on a similar basis for the 1959 quarter.

Russ Togs, Inc., was founded in 1946, although the Rousso family had been in the apparel and sportswear field for many years previously. The company became a public enterprise as a result of a common share offering on Dec. 8.—V. 193, p. 423.

Screen Gems, Inc. - Offering to Stockholders of Columbia Pictures Corp. — Screen Gems, Inc., a wholly-owned subsidiary of Columbia Pictures Corp., is offering at \$9 per share an aggregate of 288,400 shares of common stock for subscription by the holders of the outstanding common stock of Columbia Pictures at the rate of one share for each five shares of Columbia Pictures held of record on Feb. 9, 1961. In addition the subscription offer is extended to participating employees under the Columbia Pictures Corp. employees stock purchase plan at the rate of one share for each five shares of common stock of Columbia Pictures covered by Purchase agreements in effect on the record date. The subscription rights will expire at 3:30 p.m. (EST) on Feb. 23, 1961. Hemphill, Noyes & Co. and Hallgarten & Co. will head a group of investment firms to underwrite the offering. Prior to this offering the common stock of Screen Gems, Inc. has been wholly-owned by Columbia Pictures Corp. and therefore has not been traded in any market.

After giving effect to the sale of the shares presently offered,

BUSINESS—Screen Gems, Inc. is engaged in the production and distribution of television series programs, and the distribution of feature motion pictures and shorts originally produced for theatrical release. Through its Elliot, Unger and Elliot division the company produces commercials for television. The company is a major factor in each of these three areas of activity.

PROCEEDS—The proceeds of the sale of stock will be applied by Screen Gems principally for the financing of television film programs produced by the company or by independent producers for distribution by the company, and to an extent some of the proceeds may be used for payments to Columbia under an operating a greement. At Jan. 31, 1961 the company owned 1,020 programs and had participating interests of distribution rights in approximately 1,457 additional programs. Le addition, the company has distribution rights for television exhibition of about 1,400 features, principally under agreements with Columbia Pictures Corp. and Universal Pictures Co. Inc.—V. 192, p. 2511.

Seeman Brothers, Inc. — Stock Offered — Gregory & Sons and Straus, Blosser & McDowell head a group that offered on Feb. 10, 98,150 shares of Seeman Brothers, 5% cumulative convertible preferred stock at **\$25.75** per share

PROCEEDS—Net proceeds from the sale will be used to retire all 34% debentures due Feb. 1, 1962, currently outstanding in the amount of \$1,230,000, and to reduce short-term borrowings.

CONVERSION—The \$20 par value preferred stock is convertible into \$3 par value common stock on a share-for-share basis, subject to adjustment. Cash dividends on the common stock have been paid every year since 1922.

LOAN—Management intends to apply amounts received under a \$3,000,000 loan agreement with Mutual Benefit Life Insurance Co. first toward reducing short-term bank loans and commercial paper and thereafter to working capital.

BUSINESS—Seeman Brothers, through various subsidiaries, is engaged in the wholesale distribution of grocery products, and the processing and sale of frozen vegetables, truits and prepared foods. Seabrook Farms Co., consolidated with Seeman last Nov. 1, is estimated to be the second largest processor of frozen vegetables in the United States. "White Rose" and "Premier" are included in the grocery product labels, and "Seabrook Farms" and "Snow Crop" are the company's frozen foods brands.

UNDERWRITERS-The names and addresses of the underwriters of the shares of preferred stock and the number of shares which each has severally agreed to purchase from the company, subject to the terms and conditions specified in the Underwriting Agreement filed as an exhibit to the Registration Statement, are as follows:

(John) Sexton & Co.-Record Highs-

This nation-wide supplier to the volume feeding markets reported on Jan. 30 net sales totaling \$32,964.828 for the six months ended Dec. 31, 1960, a gain of 2.2% over the \$32,246,473 reported for the first six months of the previous fiscal year.

Net income for the six months was \$842,992, a gain of 9.1% over the comparable period a year ago and equivalent to \$1.13 per share.

T. Mackin Sexton, President, credited the company's earnings increase largely to improved operating efficiency. A continuing program of improvement in plant facilities, materials handling methods and data processing helped offset rising total costs of labor and materials. As part of this program, the company in September began construction of a new \$1,500,000 food distribution center in Englewood, N. J., to serve the New York metropolitan area. The plant will also process and package Sexton coffees, teas and spices, distributed

wood, N. J., to serve the New York metropolitan area. The plant will also process and package Sexton coffees, teas and spices, distributed to hotels, restaurants, hospitals, schools and other institutions.

John Sexton & Co., which is privately owned since its establishment in 1883, made its first public offering of 200,000 shares of common stock last Nov. 18 through Hornblower & Weeks and associated underwriters. The stock is now traded over the counter. A quarterly dividend of 22½ cents per share was paid Jan. 3 to stockholders of record on Dec. 15.—V. 192, p. 2124.

Siegler Corp.—Appointment—

Irving Trust Co. has been appointed co-transfer agent in New York of \$5.75 cumulative convertible series A preferred stock of the corporation.—V. 193, p. 644.

Small Industrial Plants, Inc.—Offering Suspended—

Small Industrial Plants, Inc.—Offering Suspended—
The SEC has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of debentures by Small Industrial Plants, Inc. ("Industrial"), of Farmingdale, N. Y.
Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding \$300,000 in amount. In a notification filed May 8, 1958, Industrial proposed the public offering of \$150,000 of 8% debentures pursuant to such exemption. The Commission's order asserts that certain terms and conditions of Regulation A were violated, as follows: (1) Industrial sold debentures to about 41 persons without providing them with a copy of an offering circular containing the information required by the Regulation; (2) debentures were sold by use of an advertisement and circular which failed to state from whom an offering circular could be obtained; and (3) the company's officers failed to cooperate with the Commission in supplying requested information and repeatedly ignored communciations and correspondence from members peatedly ignored communciations and correspondence from members

of its staff.

The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.—V. 187, p. 2271.

Socony Mobil Oil Co. Inc. (& Subs.)—Net Up—

Socony Mobil Oil Co. Inc. (& Subs.)—Net Up—
Socony Mobil's consolidated net income for 1960 is estimated at \$182.5 million, Albert L. Nickerson, President, announced on Feb. 1. This is \$11% higher than 1959 earnings of \$164 million.

The 1960 estimated net earnings are equivalent to \$3.76 a share based on the average of 48.592,322 shares outstanding during the year. This compares with \$3.38 a share in 1959 on the average of 48.507,250 shares outstanding in that year.

Mr. Nickerson attributed the higher earnings in 1960 to increased operating efficiency, record volumes, and firmer product prices in the United States in the second half of the year.

The company's sales of petroleum products averaged an estimated 1.129,000 barrels a day, compared with 1.074,000 in the preceding year.

World-wide gross crude oil production was estimated at 797,000 barrels a day, compared with 749,000 in 1959. Crude oil processed by its refineries was estimated at 984,000 barrels daily as against 939,000 in 1959, with most of the increase taking place overseas.—

-V. 193, p. 204.

The SEC has issued an order under the Holding Company Act authorizing the company, of Atlanta, to issue and sell at competitive bidding 750,000 shares of common stock. The order also authorizes Southern to apply the net proceeds thereof, estimated at \$35,000,000, together with treasury funds to the extent required, to pay \$22,000,000 of outstanding bank notes and to make additional common stock investments in subsidiaries, as follows: Alabama Power Co., \$6,000,000; Georgia Power Co., \$6,000,000; Gulf Power Co., \$2,000,000; and Mississippi Power Co., \$1,000,000. In addition, the order authorizes the Alabama and Georgia companies to make additional investments the Alabama and Georgia companies to make additional investments of \$1,500,000 each in Southern Electric Generating Co. The several subsidiaries will use the additional funds primarily for construction purposes.—V. 193, p. 540.

Southern Indemnity Underwriters, Inc.—Exemption— The SEC has issued an order under the Investment Company Act declaring that this company, of Louisville, Ky., has ceased to be an investment company as defined in that Act.

Southwestern Life Insurance Co.-To Acquire-This company, of Dallas, has contracted to buy substantially all of the capital stock of Atlantic Life Insurance Co. of Richmond, Va., from Life Companies, Inc., also of Richmond, in what is termed one of

the largest transactions in insurance history.

The \$29,000,000 purchase, subject to approval of the stockholders of The \$29,000,000 purchase, subject to approval of the stockholders of Life Companies and the insurance commissioners of Texas and Virginia, was jointly announced by John D. Murchison, Life Companies' President, J. Ralph Wood, Southwestern Life President, and R. V. Hatcher, Atlantic Life President.

Southwestern Life President Wood stated that the purchase of Atlantic Life was a milestone in his own company's history, being the first company purchased by Southwestern since 1915.

Southwestern Life was founded in 1903 and Atlantic Life in 1900. Both companies have achieved the highest rating possible in "Best's Life Insurance Reports." which is considered the highest authoritative

source in insurance company analysts' and reporting services. More than 99% of the stock of Atlantic Life is owned by Life Companies. Presently, Southwestern Life has more than \$2,100,000,000 of insurance in force and Atlantic Life has in excess of \$500,000,000. Assets of Southwestern at the end of 1960 were more than \$500,000,000 while those of Atlantic totaled more than \$100,000,000.—V. 172, p. 2129.

Speedry Chemical Products, Inc.—New Highs-

Sales and earnings for the six months ended Dec. 31, 1960, were the highest in the company's history. Sales of \$1,447.224 were 10% above the \$1,318,492 for the comparable 1959 period. Net after taxes of \$201,649 showed an increase of 14% over the \$177,448 profit for the half-year ended Dec. 31, 1959.

Earnings per share for the latest six months were 28 cents, a rise of 17% above the per share earnings of 24 cents for the like period last year.

The three months ended Dec. 31, 1960, were also a record quarter for Speedry. Sales hit \$790,457, an increase of 15% over sales of \$689,986 for the same quarter last year. Net profit for the quarter was \$98,358 against \$74,248, and per share earnings of 14 cents compared with 10 cents per share earned in the quarter ended Dec. 31, 1959.

31, 1959.

The largest company in the world in the business of manufacturing and selling marking, stamping and stencilling inks and devices. Speedry produces the Speedry Brushpens and Magic Marker felt-nib applicators, as well as more than 1,250 speedalized inks for industry. It also turns out the line of Speedry Chemical Cloths, silicon-impregnated products for polishing and cleaning. Speedry's main plant is in Richmond Hill, Long Island, and it has branches in Chicago, Ill.; Albuquerque, N. M., and London, England.—V. 193, p. 540.

Spencer Chemical Co.—Quarterly Report—

Net sales in the second quarter, ended Dec. 31, 1960, were 12% greater than a year before. The improved second quarter volume of shipments in all major product lines moved total sales for the six months ahead of the same period a year ago, according to John C. Denton, President.

Earnings for the second quarter were the highest for any like

period in five years.

Consolidated net sales for the second quarter were \$16,407,671, compared with \$14,635,041 for the same 1959 period. For the six months ended Dec. 31, sales totaled \$33,339,078, compared with \$32,714,196.

\$32,714,196.

Net income for the second quarter was \$1,106,027, equal to 36 cents a common share, after preferred dividends, compared with \$1,025,552, or 33 cents a share, a year earlier. The six month net income of \$2,144,929 was equal to 69 cents a common share, against \$2,673,997, or 89 cents a share, last year. The 1959 comparisons were adjusted to give retroactive effect to the acquisition in June, 1960, or The Pittsburg & Midway Coal Mining Co. and a 2-for-1 stock split-up.

The combination of higher price levels for agricultural and industrial nitrogen products and improvement in coal operations contributed to the better earnings for the second quarter. These factors, however, were tempered by the continuing effect of substantially lower prices of polyethylene, as compared with 1959. The average prices received for polyethylene during the quarter were about 17% under a year

Commenting on the near term outlook, Mr. Denton said the prospects commenting on the near term outcook, Mr. 25 nton said the prospects are favorable for continued good business in all major product lines. Shipments of fertilizer will benefit from the nermal seasonal upswing in the next six months and industrial chemicals, polyethylene, and coal sales are expected to continue at good levels.

Directors have voted the usual quarterly dividends of 35 cents a share on the common and \$1.05 a share on the preferred, both payable March 1 to holders of record Feb. 10.—V. 192, p. 156.

Spiegel Inc.—Sales Higher—

Stackhouse Athletic Equipment, Inc., Perry, Okla .--Files With Securities and Exchange Commission-

The corporation on Jan. 31, 1961 filed a letter of notification with the SEC covering 23,980 shares of common stock to be offered at par (\$10 per share), without underwriting.

The proceeds are to be used for expansion, purchase of raw material,

machinery and working capital.

(A. E.) Staley Manufacturing Co. - Expands European Activities-

The Decatur, Ill. company, announced on Feb. 1 an expanded working relationship with two European corn refiners, through its wholly-owned Swiss subsidiary, Staley A. G.

A. E. Staley, Jr., Chairman of the Decatur corn, soybean and chemical processing concern, said the new relationship will increase the exchange of technical information between Staley, Glucoseries Reunies, S. A. of Alost, Belgium, and Tunnel Glucose Refineries Ltd. of London, England. For the past several years, the three companies have been associated through the licensing of certain patented processes, Mr. Staley said.

The broader relationship will provide a means for new products.

esses, Mr. Staley said.

The broader relationship will provide a means for new products coming from Staley's greatly expanded research program to be produced and marketed by the Belgian and British companies in the Common Market countries and the United Kingdom, he noted.

As part of the new arrangement, the Staley Swiss subsidiary has recently purchased a financial interest in Glucoseries Reunies, S. A., and also a minority interest in Tunnel Glucose Refineries. Neither

and also a minority interest in Tunnel Glucose Refineries. Neither will be Staley subsidiaries, nor will their management and policies be altered by the transaction.

This is the second overseas venture announced by the Staley Company in recent months. A joint venture with the Permutit Co., Ltd., of London, England, was announced in August by Staley's U B S Chemical Company Division of Cambridge, Mass. It provides for production of "Ubatol" brand polymer emulsions at Permutit's plant in South Wales, and distribution of these products in the United Kingdom and Europe.—V. 192, p. 2656.

Standard Financial Corp.—Net Up-May Merge-

Earnings increased 15% as 1960 earnings advanced to \$1,265,816 from \$1,102,341 in 1959, Theodore H. Silbert, President, announced on Feb. 3. This is the tenth successive year of increased net profits over the previous years' record earnings.

Per share earnings in 1960 increased for the sixth straight year to 74 cents per share based on 1,664.265 average shares outstanding, compared with 72 cents per share earnings based on 1,497,200 average shares outstanding in 1959.

shares outstanding in 1959.

Standard Financial is a \$305 million (annual finance and factoring volume) nationwide, diversified financing, factoring and commercial instalment banking company with executive offices in New York City and subsidiaries in Los Angeles, Dallas, Philadelphia, Pittsburgh and

Elmira, N. Y. Earnings for 1960 include the operations of Business Factors Corp. and Fortune Factors, Inc., as of Jan. 1, 1960, acquired on April 14, 1960 and Sept. 13, 1960, respectively. Earnings given are as before amortization of excess costs of common stock over equity in net assets of acquired subsidiaries, amounting to \$163,254 in 1960 and \$88,171 in

MERGER—The corporation is negotiating to acquire all the stock of Unversal Pinance Corp. of Los Angeles from its stockholders in exchange for about 400,000 shares of Standard Financial stock, Mr. Silbert announced. The combined company will do an estimated finance volume of \$400 million and have resources of \$125,000,000.

that it is an interest

The completion of the exchange will require the approval of the boards of directors of both companies, certain banking and institutional lenders of both companies and Standard Financial stockholders at their annual meeting on April 11. The exchange will be made through a pooling of interest and will be effective Jan. 1, 1961.

Universal Finance Corp. is a leading company in the financing of mobile homes. It had \$25 million of gross accounts receivable and net income of \$350,000, after taxes, but before preferred dividends in the fiscal year that ended June 30, 1960. It is closely held.

Standard Financial's gross receivables are approximately \$90 million, and its 1960 net income, after taxes, but before preferred dividends is estimated at \$1,250,000.—V. 193, p. 147.

ders in k, Mr. ted fi-

A preliminary report released on Jan. 26 by M. J. Rathbone, President, estimated consolidated earnings for 1760 at \$688 million, or \$3.18 per share, based on the 216,533,000 shares currently outstanding. This represents an increase of 9% over the final audited results for 1959, which were \$630 million or \$2.93 per share on the average humber of shares outstanding during that year.

An increase in petroleum product sales worldwide of about 5% was cited by Mr. Rathbone as the most important factor in the earnings improvement. Gains in sales of petrochemicals and natural 2as, particularly in the United States, as well as continued emphasis on control of operating costs, were also factors contributing to the higher earnings level. Severe competitive conditions resulted in lower average realizations for crude oil and petroleum products, but a firming up in prices was noted in the United States in the latter part of the year.

Total revenues from sales and investments are estimated at about \$8,890,000,000 compared value \$6,712,000,000 in 1959.

Gross crude oil production including natural gas liquids was estimated at 2,513,000 barrels daily for the year, and compared with 2,464,000 barrels daily for 1959. Refinery runs in the United States in 1900 were reduced by 47,000 barrels daily below the 1959 level. However, expanded refinery operations abroad, notably in Europe, brought refinery runs to an average of 2,864,000 barrels daily for the year, which compared with 2,785,000 barrels daily for last year.

year. Income and operating taxes, together with import duties, consumer taxes and other payments to the United States and foreign governments, are estimated at more than \$2.590,000,000 for 1960. The comparable total for 1959 was \$2.518,000,000.

The preliminary figures indicate that the consolidated affiliates made capital expenditures for property, plant and equipment totaling about \$.20,000,000 in 1960 and compare with expenditures of \$729,000,000 in 1959. In addition, other expenditures made in the search for oil and gas and charged to current income were \$200 million, about the same level as in 1959.—V. 193, p. 623.

Sterchi Bros. Stores Inc.-Sales Off-

January net sales of this Corp. were \$852,891, reflecting a decrease of \$204,683 or 19.35% as compared with January sales last year of \$1,057,574.

Net sales of \$16.024,942 for the first 11 months of the fiscal year were \$1,266,356 and 7.32% below the net sales of \$17,291,298 for the same period last year.—V. 192, p. 1916.

Sterling Investment Fund, Inc .- Proposes Acquisition This Fund, of Charlotte, N. C., has applied to the SEC for an exemption order under the Investment Company Act with respect to its proposal to purchase substantially all the assets of J. T. Beaty Co.; and the commission has issued an order giving interested persons until Feb. 28, 1961, to request a hearing thereon.

Under the proposal, Sterling proposes to issue its shares at their net asset value in exchange for the assets of Beaty Co., consisting of cash and cash items having a value of about \$87,981 as of Aug. 9, 1960. The shares will then be distributed to Sterling's stockholder.—V. 187, p. 87.

Stop & Shop, Inc.-Appointment-

The Bankers Trust Co. has been appointed co-transfer agent for the capital stock of the corporation.—V. 193, p. 51.

Suburban Propane Gas Corp.—Earnings Up-

Preliminary figures released by Mark Anton, President, indicate a 22% increase in 1966 earnings for Suburban Propane Gas Corp. over

Preliminary figures released by Mark Anton, President, indicate a 22% increase in 1966 earnings for Suburban Propane Gas Corp. over the preceding year.

Net earnings were \$2.590,281 as against \$2,128,591. Earnings per share based on 1,437,000 average number of common shares outstanding during 1960 were \$1.72, or 31 cents higher than per share earnings of \$1.41 based on the average number of 1,417,000 shares outstanding during 1959.

Total revenues for 1960 amounted to \$43,233,000 compared to \$43,800,867 a year ago. The drop in total revenues was due to a lower volume of appliance sales, a condition which was generally true of the appliance industry as a whole in 1960. Also, there was a considerable planned reduction of gas sales at the wholesale level, which has the lowest profit margin of all the company's gas sales. However, total gas sales of \$37,973,190 showed a gain over the \$37,723,571 reported in 1959.

Total gas sold during 1960 amounted to 139 million gallons compared to 134 million gallons sold during 1959.

Mr. Anton attributed much of this gain to the sales emphasis put on the gas load per customer rather than acquiring new customers, to increased industrial and farm consumption, and to lower cost of operation. This emphasis on load building is well placed, Mr. Anton said, because the LP-Gas business should no longer be measured by the number of customers, but rather by the volume of gas sold.

According to Mr. Anton: "Thirty years ago propane was used only for cooking. The only way to build up volume, therefore, was to add customers. But today propane is an all-purpose fuel in the home, a motor fuel on the farm and industry, and is in great demand for industrial purposes that require a clean, hot, fast, controllable fuel." Suburban Propane, one of the pioneers in the industry, is the largest independent distributor of LP-Gas. Its operations extend over 18 Eastern and Central States.—V. 192, p. 1345.

Sun Oil Co. (& Subs.)-Net Up-

Consolidated net income of the company and its subsidiaries last year totaled \$49,273,000, Joseph N. Pew, Jr., board chairman, announced on Jan. 31,

This figure represents an increase of 15% in net income over that in 1959 when it was \$42,844,000. Gross revenue last year totaled \$755,426,000, compared with \$746,265,000 in 1959.

Gross revenue for 1960 included \$4.463,000 from capital gains. The comparable 1959 ligures was \$8,310,000. Last year Sun Oil wrote off \$6,400,000 as the value of leases abandoned in Venezuela.

Net carnings last year were equivalent to \$3.78 per share on 13,046,-588 ft!! shares of stock outstanding at the year-end. Net earnings for 1959 were equivalent to \$3.48 per share on 12,326,314 full shares of stock outstanding at the end of that year.—V. 192, p. 747. Tamar Electronics, Inc.—Securities Sold—A \$1,750,000 financing arrangement just completed with Tamar Electronics, Inc., has brought the total investment commit-

ment of Electro-Science Investors, Inc., of Dallas, to nearly \$6 million since the company began operations last October. Under terms of the agreement, ESI has purchased \$650,000 in Tamar common stock and convertible debentures, representing 70% interest in that company. In addition, ESI has purchased \$600,000 in Tamar senior notes and committed \$500,000 for future purchase of convertible debentures and senior notes. The \$500,000 commitment is contingent upon the achievement by Tamar of certain sales, profit and backlog levels.

BUSINESS—Tamar Electronics, Inc., designs and develops complete airborne electronic countermeasure systems from transmitter to antenna, including coaxial cables and necessary connectors and adapters. Tamar is the world's largest manufacturer of the famous scimitar antenna used in electronic countermeasure systems. These systems are presently in use on such aircraft as the B-47 and B-52 bombers.

According to Joseph F. McKinney ESI President, the present market for countermeasure systems is \$100 million per year. "However," says Mr. McKinney, "the market is growing at the rate of approximately 20% per year, largely because or the increasing complexity of enemy electronic detection systems."

Tamar is also very active in the commercial electronics field with due to their patent on the only technique for bending teilon in making right angle coaxial adapters.

Tamar is also very active in the commercial electronics field with such products as VHF dorsal antennae and ADF systems for commercial aircraft.

Technology Instrument Corp.—Reports Loss-

Technology Instrument Corp.—Reports Loss—
This Acton, Mass. manufacturer of precision electronic components and laboratory test and space instrumentation equipment sustained a net loss of \$157,619 or 25 cents per share on sales of \$3,698,000 for the six months ended Dec. 31, 1960. According to Raymond W. Searle, president of the corporation, profit margins were hit by start-up costs for a number of new programs during calendar 1960, principally in the company's rapidly expanding Space Instrumentation Division and in the new facility for the volume manufacture of fixed carbon resistors. Although these programs, together with the setting up of a new national sales organization, will continue to depress third quarter profits, Mr. Searle believes they should contribute to results for the second half of the 1961 fiscal year.

Mr. Searle pointed out that despite a broad general slackening of new orders throughout the electronics industry, sales of TIC's precision components and instruments since June 30, 1960 maintained a pace even with last year. An uptrend in orders and a marked step-up of inquiries and requests to bid presage sales increases for established products and new products for the rest of the fiscal year ending June 30, 1961.

inquiries and requests to bid presage sales increases for established products and new products for the rest of the fiscal year ending June 30, 1961.

As part of the company-wide cost reduction program now under way, TIC box and square trimmer potentiometer manufacturing facilities were moved from a high-cost leased plant at Franklin Park, Ill. to TIC's modern Newbury Park, Calif. plant.

In its Space Instrumentation Division, TIC has created 12 new products which are building blocks for use in a wide variety of rocket or satellite instrumentation systems. In the last 90 days the Space group has bid on over \$4,500,000 worth of contracts. TIC's recent alliance with three other companies, forming an independent corporation called United Systems Corp., enables the firm to bid on prime government missile, rocket and weapons systems work and offers an important new source of business.

TIC has also formed a new national sales organization to handle the increasing diversity of the company's products and services. Offices are in Rutherford, N. J., Manhasset, L. I., Philadelphia, Washington, Dayton, Chicago, Beverly Hills, San Francisco, and Acton. The nucleus of the company's new sales force is a group of factory-trained sales engineers who fully understand the application of TIC's products and who have had close engineering liaison with major TIC customers. Mr. Searle believes that these sales engineers will substantially improve customer relations and facilitate TIC's nationwide sales growth.—V. 192, p. 1039.

Tennessee Gas Transmission Co. (& Subs.)—Net Up—

Tennessee Gas Transmission Co. (& Subs.)-Net Up-Proposed Pipeline-Acquires-

Proposed Pipeline—Acquires—

Preliminary and unaudited fiurges for 1960 show an 18% increase over 1959 in the company's consolidated net income, it was announced on Jan. 31 by Gardiner Symends, Board Chairman.

The 1960 net income was \$61,588,972 as against \$52,366,635 for 1959. After provision for preferred dividends, 1960 earnings available for the common stock were \$53,137,885, equal to \$1.35 per share on 39,368,354 common shares outstanding at year-end. This compares with \$44,825,649 or \$1.14 per share for 1959 based on the same number of shares.

Operating revenues for 1960, also preliminary and unaudited, exceeded a half-billion dollars for the first year in company history. They were \$554,706,684, or 20% more than the \$462,900,772 for 1959.

The figures give effect to a 1960 company refund made in one of its three pending rate cases pursuant to an interim order of the Federal Power Commission. A reversal of the order is sought in a company appeal pending in Federal court.

The proposed \$225,000,000 international pipeline for natural gas from southern Texas and northern Mexico's new Reynosa field to southern California is one of the most important projects in the economic history of Mexico, Pascual Guiterrez Roldan, director general of Petroleos Mexicanos (Pemex), the oil and gas agency of Mexico, said in Los Angeles on Feb. 2:

"We have no intention of denying the importance of this pipeline

of Petroleos Mexicanos (Pemex), the oil and gas agency of Mexico, said in Los Angeles on Feb. 2:

"We have no intention of denying the importance of this pipeline to Mexico," he said. "Every possibility has been checked and it is ieasible from economic, political and technical viewpoints."

Senor Guiterrez Roldan who has been in California for several days conferred with Governor Edmund (Pat) Brown during his visit. He held several conferences with officials of the Southern California Edison Company, the Tennessee Gas Transmission Company and the California Gas Transmission Company.

"Very seldom have such pleasant conferences been held between the interests of two nations," he said. "I am most appreciative for the hospitality of Governor Brown, and his knowledge of the project." Governor Brown first learned of the Mexican interest in the project when he was in Mexico three months ago and visited with President Adolfo Lopez Mateos, Senor Guiterrez Roldan said.

"In the new foreign policy of the United States, a project such as this should be important," he added. "It will prove that "" nations can get together on something of such importance to both." In the party with Senor Gutierrez Roldan were Serapion Fernandez, his special assistant, Rafael Ortiz Mena, coordinator of new projects for Pemex; Alfonso Barnetche, manager of exploration for Pemex; Harold Pape, general manager of Altos Hornos, S. A.; manufacturer of pipe, and Gabriel Fernandez, an attorney.

Senor Fernandez and Senor Mena recently appeared as witnesses on behalf of the project before the California Public Utilities Commission, which will resume hearings in March.

The project provides for a 1,600-mile pipeline from Texas, across northern Mexico to the steam generating plants of the Southern California Edison Company. The gas field in Mexico would supply about 20% of Edison's needs, or 75,000,000 cubic feet daily; and it would also provide gas for domestic consumers and industries in Mexico.

The balance of Edison's needs would come from the Texa

fields.

Edison officials say the proposed pipeline would afford price protection to consumers in this area by providing competition for the present suppliers. Edison is receiving an "interruptible" supply of gas from the Southern California Gas Company and the Southern Countries Gas Company, which receive their supplies from the El Paso Natural Gas Company. These companies are fighting the plan, contending it would be costly to the consumers.

Sale by Pan American Petroleum Corporation of extensive oil and gas producing properties in the West Bastian Bay field of Plaquemines Parish, La., to the Houston company was announced on Feb. 2 by

Parish, La., to the Houston company was announced on Feb. 2 by

the two firms.

Under terms of the sale agreement, Pan American, the Tulsa-based producing subsidiary of Standard Oil Company (Indiana), has transferred its oil and gas rights, down to the base of presently known producing formations, and all well and lease production equipment,

The total consideration, in cash and promissory notes, was an-

The total consideration, in cash and promissory notes, was announced to be over \$150 million.

Involved in the sale are 10 leases with 11 gas and 13 oil wells, in which Pan Am held 100% working interest, and three joint interest leases with one oil and two gas wells.

Prior to the sale, Pan American was the major working interest owner, and the operator in the Bastian Bay field. Other working interest owners are not parties to the sale.—V. 193, p. 148.

Texas Eastern Transmission Corp.—Appointment—

The Bankers Trust Co: has been appointed co-transfer agent for the preferred stock 5.52% series of the corporation.—V. 193, p. 645.

Texas Gas Transmission Corp.—Common Stock Sold-Dillon, Read & Co. Inc. heads an underwriting group which offered, pursuant to a Feb. 8 prospectus, a new issue of 300,000 shares of this corporation's common stock at \$37.25 per share. This offering was oversubscribed and the books closed.

PROCEEDS-Net proceeds from the sale of these shares are to be

used to pay part of the cost of the corporation's 1961 expansion and construction program. The program is estimated to cost \$27,000,000 of which approximately \$17,000,000 represents the estimated cost of new facilities which will increase duly derivery capacity by 50 million cubic feet to meet projected requirements of certain existing customers for the winter heating season of 1961-1962. The balance represents the estimated cost of the corporation's new gueral office building in Owensboro, Kentucky (\$4,500,000) and estimated expenditures in expanding the corporation's underground storage facilities (\$3,900,000) and for normal additions to its pipeline system (\$1,600,000).

BUSINESS—Texas Gas owns and operates a natural gas pipeline

BUSINESS—Texas Gas owns and operates a natural gas pipeline system extending from the Louisiana-Gulf Coast area to Ohio with a daily delivery capacity allocated to customers which will have been increased to 1.513 million cubic feet by the 1961-1962 heating season, assuming completion of the current expansion program is on schedule. Approximately 46% of the corporations total sales are made to 67 public utility distributors serving communities in Louisiana, Arkansas, Mississippi, Tennessee, Kentucky, Illinois, Indiana and Ohio: 35% to Texas Eastern Transmission Corp. and Ohio Fuel Gas Co. for resale in the Appalachian area; 8% to American Louisiana Pipe Line Co. for resale to the Detroit and Milwaukee areas, and the remaining 11% are primarily direct sales to industrial customers and intrastate sales for resale. Texas Gas Exploration Corp., a subsidiary of Texas Gas Transmission Corp., as of Sept. 30, 1960, had estimated net reserves of approximately 115 billion cubic feet of natural gas and approximately 9.6 million barrels of oil and condensate.

Texstar Corp.—Acquires—

The San Antonio, Texas, corporation announced on Jan. 24 the acquisition of Desert Ceramic Corp. of Albuquerque, N. M.

The joint statement by William T. Rhame, president of Texstar and F. L. Ledlow, president, of Aztec Ceramics, division of Texstar, said the acquisition was made through issuance of 75,000 shares of Texstar's common stock. Desert's book value at Nov. 30, 1960 was \$190,000. The Texstar officials emphasized that the purchase followed Texstar's policy of expansion and growth. Desert Ceramics is the only glazed ceramic tile plant between Texas and California and thus is in a strategic position to serve the rapid growth areas of New Mexico and Arizona, they said.

The acquisition will enable Aztec to serve the entire Southwest market with maximum efficiency and customer service. Production and sales between the two plants will be coordinated so as to lower

market with maximum efficiency and customer service. Production and sales between the two plants will be coordinated so as to lower costs and at the same time offer the trade a complete line of colors, sizes, and shapes.—V. 192, p. 2269.

Tidewater Oil Co.

Tidewater Oil Co.—Capital Structure—

Shareholders voluntarily exchanged 777,688 shares of Tidewater common stock for an equal number of shares of the company's preferred during the exchange period which closed Jan. 11. Tidewater President George F. Getty II announced on Feb. 1.

The final share figure was reported to Tidewater by its exchange agent. Chase Manhattan Bank.

The exchange offer was made by company directors to meet the needs of those common stockholders to whom income is more important than growth, Mr. Getty said. The number of shares c:changed amounted to approximately 5% of Tidewater's outstanding common thoract. shares.-V. 192, p. 2373

Torque Controls Corp., San Gabriel, Calif .- Files With

Securities and Exchange Commission-The corporation on Jan. 30, 1961 file; a letter of notification with the SEC covering 225,000 shares of common stock (par one cent) to be offered at \$1 per share, through Russell & Saxe, Inc., New York New York

York, New York.

The proceeds are to be used to repay loans, purchase additional machinery, and for working capital.

Totts Pharmacal Corp.—Files for Offering—

The company of 3757 Mahoning Avenue, Youngs'own. Ohio, filed a registration statement with the SEC on Feb. 1, 1961, covering 125,000 shares of common stock, to be offered for public sale at \$4 per share. The offering is to be made on a best efforts basis through International Services Corp., which will receive a 60-cent-per-share selling commis-

sion and up to \$32,000 for expenses. The company has issued to the underwriter an additional 12,500 common shares at 10 cents per share and three-year warrants for the purchase of an additional 12,500 shares at \$4 per share. The company will pay a fee of \$10,000 to Marvin Hayutin and Calvin J. Kohler, as finders, and has issued 6,250

shares at \$4 per share. The company will pay a fee of \$10,000 to Marvin Hayutin and Calvin J. Kohler, as finders, and has issued 6,250 warrants to each.

The company was organized under Delaware law in September, 1960 to acquire the assets and liabilities of Lucente law in September, 1960 to acquire the assets and liabilities of Lucente Enterprises, Inc., an Ohio corporation. Lucente had been engaged in the business of manufacturing, selling and distributing a dentifrice under the name of "Orbit Dental Cream" in a novel plastic container with primary appeal to the children's market for such product. Upon evaluation of the results of test-marketing, the company decided to promote and advertise the product on a nationwide basis. To implement its program, the company has acquired from National Telefilm Associates, Inc. 26 episodes (and an option for an additional 13) of the television program entitled "This is Alice," for which the company issued to NTA a two-year \$200,000 noninterest bearing debenture convertible into common stock at \$4 per share. The company has also entered into contract with Tele-Net Corp. for television time and facilities and for the rights to use a "commercial" film at a total cost of \$202,500, \$90,000 being paid in 22,500 common shares and the balance being payable in cash. The net proceeds from the stock sale will be used as follows: \$15,000 for repayment of the balance of a bank loan; \$100,000 to pay accounts and notes payable and current obligations due to trade creditors; \$12,500 to pay T-NC; \$10,000 to be added to \$15,000 on deposit to purchase additional molds to increase production of the tooth paste tubes; \$20,000 to purchase additional molds to increase production of the tooth paste tubes; \$20,000 to purchase additional machinery and equipment; \$60,000 for a program of test marketing of various new items; \$35,000 to purchase and install facilities; \$25,000 to recruit and develop a sales force; and the balance will be added to general funds for use as working chase and install facilities; \$25,000 to recruit and develop a sales force; and the balance will be added to general funds for use as working capital and for general corporate purposes including business expansion

In addition to certain indebtedness the company has outstandding 100,000 shares of common stock, of which Paul R. Lucente, President, owns 5,425 shares, Tele-Net Corp., 22,500 shares, International Services Corp., 12,500 shares, and Albert Lucente, a director, 11,100 shares. The former stockholders of Lucente Enterprises, Inc. own an aggregate of 16,400 shares of the company which were issued to them upon its present state the company which were issued to them upon its

merger into the company.

Underwater Storage, Inc.—Common Stock Offered-Pursuant to a Feb. 6 offering circular, Searight, Ahalt & O'Connor, Inc., 115 Broadway, New York City, publicly offered 100,000 shares of this firm's \$1 par common stock at \$3 per share.

BUSINESS—Underwater Storage, Inc., having its offices at 1028 Connecticut Avenue, N. W., Washington 6, D. C., was incorporated under the laws of the State of Maryland on June 6, 1960, to engage principally in the sale and/or leasing of underwater storage systems. The pally in the sale and/or leasing of underwater storage systems. The company was organized by its parent company, Jet Fuel & Storage Co. (a Maryland corporation). Jet Fuel & Storage Co. was incorporated on July 10, 1959; is a holding company and owns the patent applications on underwater storage systems. It is also engaged in development of underwater and above ground storage systems. Its principal place of business is the same as that of the company. The premites are leased under the terms of a five-year lease at a rental of \$450 per month with provisions for a renewal.

As the company is newly organized, it does not have an earnings

As the company is newly organized, it does not have an earnings record, is not engaged in production and has nominal assets. It presently has no orders for its underwater storage systems although it is negotiating to obtain orders therefor. However, the receipt of firm orders must await further engineering and development work on the systems to which a portion of the proceeds will be devoted.

PROCEEDS—In the event the company's entire offering of 100,000 shares of common stock is sold, the net proceeds, after payment of commissions and expenses, of \$235,500 will be applied in the following

(a) Approximately \$75,000 to finance engineering studies and prepare proposals and/or bids on various projects.

(b) The use of \$50,000 for immediate working capital.

(c) The payment of \$30,000 to Jet Fuel & Storage Co. as cash payment for contractual rights to use the systems developed by Jet Fuel and Storage Co.

(d) The expenditure of \$25,000 of the further development toward broadening the application of underwater storage systems in the storage of solid materials.

(e) The balance of the net proceeds amounting to \$55,000 will be added to the company's working capital.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Authorized *500,000 295,000 Common stock purchase options____ 45,000 45.000

United Fuel Gas Co.-FPC Sets Hearings-

The Federal Power Commission has scheduled hearings to commence Feb. 20 in Washington, D. C., on proposals by four independent producers to increase natural gas rates in southern Louisiana from 22.881 cents per thousand cubic feet to 24.659 cents.

All of the increases would affect United Fuel Gas Co., of Charleston, W. Va. The sales are made from the Erath Field in Vermillion Parish, La. The producers proposing the increases are; Humble Oil & Refining Co., of Houston, Tex.; Phillips Petroleum Co., et al., of Bartlesville, Okla.; Pan American Petroleum Corp., et al., of Tulsa, Okla.; and Tidewater Oil Co., of Houston.

The proposed increases were suspended by the FPC, pending hearing and decision, by orders issued last Oct. 17 and 19. They were suspended until April 1, 1961, when they may be put into effect, subject to refund, if the proceedings have not been concluded.

The four increases together would amount to approximately \$273,000 per year. The FPC said, however, that the consequent activation of favored-nation clauses apparently may result in an annual increase of more than \$4,000,000 per year to United at current production volumes. The Commission also noted the potential impact of the proposed prices on price determinations throughout several pipelines there.

Immediate hearings on the increases had been requested by United Gas Improvement Co., of Philadelphia, Pa., which had pointed out the proposed 24.659-cent level is the highest ever filed with the FPC for the southern Louisiana area, with one exception. Humble and Tidewater opposed the motion.—V. 190, p. 1464.

United Merchants & Manufacturers, Inc. (& Subs.)-

The firm on Jan. 25 estimated consolidated net earnings for the six months ended Dec. 31, 1960 of \$6,183,029, after income tax provisions of \$3,685,000. This is equivalent to \$1.04 per share on 5,955,170 shares of outstanding common stock.

These earnings compare with the estimated consolidated earnings for the six months ended Dec. 31, 1959 of \$8,167,000 after provisions for income taxes of \$6,172,000. This is equivalent to \$1.37 per share on the common stock now outstanding.—V. 192, p. 1654.

United States & Foreign Securities Corp. — Reports Year-End Assets-

The year-end report of this closed-end investment company shows net assets on Dec. 31, 1960 of \$104,539,183, equivalent to \$31.58 per share on the 3,310,815 shares of common stock outstanding. This compares with a net asset value on Dec. 31, 1959, of \$118,757,860 which was equal to \$35.87 per share on the same number of outstanding shares. The corporation also reported that it had set up a "provision for Federal income taxes in controversy" in the amount of \$6,900,000 plus interest, or a total as of Dec. 31, 1960 of \$8,650,000. After deducting this provision, the corporation's net assets on Dec. 31, 1960, were equivalent to \$95,889,183, or \$28.96 per share. The President, in his letter to stockholders, stated that the provision for Federal income taxes in controversy was felt advisable because on Jan. 19, 1961 a "30-day letter" had been received from the local office of the Internal Revenue Service proposing tax deficiencies in the above amount as a result of a recent reaudit of the 1955 tax returns of the corporation and its former subsidiary. United States & International Securities Corp. These 1955 tax returns reflected the retirement of the second preferred stocks of both companies by means of distributions of portfolio securities in kind and were accepted in 1957 without additional claims. The Internal Revenue Service now raises the question whether these retirements were not "a sale in fact" of the portfolio securities and the additional tax claimed is based on the capital gains which would have been realized had the portfolio securities so distributed been sold.

The corporation's counsel and auditors under whose advice the 1955 returns were prepared, after review of the Government's letter, have

The corporation's counsel and auditors under whose advice the 1955 returns were prepared, after review of the Government's letter, have reaffirmed their opinions that the returns were correct as originally filed. Its counsel, Shearman & Sterling & Wright, are of the opinion that the claims as asserted are without merit and they have been instructed by the corporation to contest them.

During the year a total of \$2.13 per share was distributed to shareholders of which approximately \$1.35 per share was derived from realized capital gains and approximately 78 cents per share from ordinary income.

ordinary income.

At the end of the year oil issues continued the major group of common stock investments in the corporation's portfolio, representing 36.26% of assets compared with 34.36% at the end of 1959. Chemical and drug common stocks represented 20.69% compared with 23.17% a year ago: metal and mining 11.13% against 15.14%; manufacturing and miscellaneous 11.27% compared with 10.36%; electric utility 5.54% against 4.15%; merchandising 2.38% against 2.05%; and natural gas 1.57% against 1.37%. U. S. Treasury bills comprised 10.68% against 8.90% a year ago, cash and receivables comprised 31%, and other investments were .17%.—V. 190, p. 404.

U. S. Photo Supply Co., Inc.-Backlog-

a result of burgeoning sales and dealer interest, orders for Rollaprint, a revolutionary new printing and developing device, have reached more than \$1.8 million, according to an announcement by

Sidney Freed, President of U. S. Photo, exclusive distributor of Rollaprint, states that interest has been particularly heavy since the Franch-developed item was demonstrated before a large gathering of New York dealers.

of New York dealers.

Rollaprint was unveiled last fall at an international photographic exhibition in Cologne, Germany. It is a product of Ets Bauchet & Cie., of Paris, France, one of the largest manufacturers of sensitized paper and film materials in Europe. U. S. Fhoto handles a wide line of photographic equipment and is located at 6478 Sligo Mill Road in Washington, D. C.—V. 192, p. 944.

United States Rubber Co.—To Expand Missile Activity

The company expects to increase its participation in missile develop-

The company expects to increase its participation in missile development and production, George R. Vila, President, said on Feb. 1 in announcing the formation of a rocket motor group within the company. The group has been established to help expand the company's role in the nation's defense and space effort, Mr. Vila said. It will concentrate on business development in the rocket and missiles field and the execution of government contracts, supplementing the work of the company's operating divisions and government department. Christy H. Madsen, who is now product manager of rubber and chemicals in the company's Naugatuck Chemical division, has been appointed co-ordinator of the rocket motors group. Other members will be Paul Blunt, now the government contact member of Naugatuck Chemical's commercial development department in Naugatuck, Conn.; Raymond A. Herrly, co-ordinator of new products and processes, footwear and general products division, and Dr. Ernest J. Joss, co-ordinator of military research contracts for the company's Research Center. military research contracts for the company's Research Center,

S. Rubber has developed such rocket components as cases, insulators, binders and propellants. The company also produces many other items for military use, including tires, hose, insulated clothing, footwear and collapsible containers for fuel storage.—V. 193, p. 52.

United States Steel Corp.—Earnings-

Reporting the earnings of the corporation for the fourth quarter of 1960, Roger M. Blough, Chairman, announced that the directors had on Jan. 31 declared the quarterly dividend of \$1.75 per share on the preferred stock, payable Feb. 20, 1961, to stockholders of record at close of business on Feb. 7, 1961, and a dividend of \$.75 per share on the common stock, payable March 10, 1961, to stockholders of record at close of business on Feb. 10, 1961.

Income for the fourth quarter of 1960 is reported as \$58.6 million.

Income for the year is reported as \$304.5 million, or a return of 8.2% on sales of \$3,698.5 million. For the year 1959, which was adversely affected by the 116-day strike, income was reported as \$254.5 million. or 7.0% on sales of \$3,643.0 million.

Employment costs for the year 1960, as in 1959, include full provision for current service pension costs. During 1960, however, in the light of a review of U. S. Steel's actual experience, certain actuarial service and mortality tables and the interest rate were refined, and costs were more directly related to the level of operations. As a result, income for the fourth quarter reflects a reduction in current service pension costs included in the first pipe months of \$15.4 million before the effects of included in the first nine months of \$15.4 million before the effect of income taxes and \$7.4 million after such taxes.

Although full provision was made for current service pension costs or the year 1960, it was determined that because of the reduced level of steel operations no payments should be made toward funding of past service cost. Income for the fourth quarter therefore reflects the amount which had been provided for funding past service cost in the first nine months of \$27 million before the effect of income taxes and \$13 million after such taxes.-V. 191, p. 2685

Universal Silvers Co., Houston, Tex.-Files With SEC The company on Jan. 30, 1961 filed a letter of notification with the SEC covering 75,000 shares of common stock (par 25 cents) to

be offered at \$4 per snare, without underwriting.

The proceeds are to be used for expenses incidential to mining

Viewlex, Inc.—Earnings—

disted on the American Stock liewlex. Inc. of Holbrook. Exchange), reported for the first half of the 1960/61 liscal year, which began on June 1, 1960, gross earnings of \$293,283. (No comparable figures for the first half of the 1959/60 fiscal years are available, since the company became public on June 2, 1960)

Net earnings after taxes for the same period amounted to \$146,282 and the dividend per share to 15c.

Sales for the first half of the fiscal year 1960/61 were \$1,630,000 sgainst \$1,600,000 for the June 1 to Nov. 30, 1959 period, it was announced by Louis A. Peirez, President of Viewlex, Inc.

Common shares outstanding for the 1960/61 year were 624,800 of class B and 210,200 of class A, a total of 835,000.

A third consecutive quarterly cash dividend has been paid on Jan. 13, 1961, in the amount of 71/2c per share.

The new leased \$750,000 plant and administrative headquarters building of Viewled, Inc., located at Veterans Memorial Highway and Broadway in Holbrook, L. I., N. Y., will be officially opened in February, Mr. Peirez stated.

Viewlex, Inc., is engaged primarily in the design and manufacture of photographic, mechanical and electronic products for industrial, commercial and educational markets, as well as for the military services and defense installations .- V. 193, p. 52.

Vim Laboratories Co., Ir.c.—Class A Common Offered -Pursuant to a Jan. 31 offering circular, First Investment Planning Co., 1500 Massachusetts Ave., N.W., Washington, D. C., publicly offered, 90,000 shares of this firm's 10¢ par class A common stock at \$2.75 per share.

BUSINESS—Vim Laboratories Co., Inc., formerly D'Henri, Inc., was organized on March 31, 1954 under the laws of the State of Maryland and its name changed by charter amendment on Oct. 13, 1960.

company operates (1) an Aerosol packaging division for personal and household products formulated and produced at a plant at Frederick, Md., and (2) a toiletry production, packaging and distribution business with headquarters in Rockville, Md.

The Aerosol Division is operated at Frederick as a wholly-owned subsidiary of the company under the name of Atlantic Aerosol Associates, Inc. The company caused this subsidiary to be formed by incorporation in Maryland on June 2, 1960; it invested \$25,000 as original capital with which equipment and supplies were purchased to engage in aerosol packaging, which previously the company had sub-contracted.

PROCEEDS-The purpose of this issue of stock is to provide funds PROCEEDS—The purpose of this issue of stock is to provide funds for further expansion of the company's operations. The net proceeds to be received by the company from this financing are estimated at \$212,750 after payment of underwriting commissions and expenses in connection with this offering.

The company estimates that the proceeds realized from this offering will be allocated for the purposes and in the amounts indicated below:

To consolidate the Rockville and Frederick, Md. plants to To equip an aerosol and cosmetic research laboratory 15,000 purchase additional manufacturing equipment for Aerosol Division 50,000 To increase inventory. add to working capital:
To repay bank obligations 87,750 To be used as needed __

\$212,750

-V. 192, p. 1958.

Waltham Precision Instrument Co., Inc.—Acquires—

Waltham Precision Instrument Co., Inc.—Acquires—
Boesch Manufacturing Co. and Electro-Mec Laboratory, Inc. have been consolidated with and become operating divisions of Waltham Precision Instrument Co., Inc. Announcement of the completion of the acquisition of the two companies as wholly owned subsidiaries of Waltham was made recently in a letter to Waltham stockholders from Louis R. Ripley, President.

The letter to stockholders also contained the news that the principal balance of \$350,000 of the mortgage note originally issued to the Reconstruction Finance Corp. was retired in Ecc. 31, 1960.

Boesch, established 60 years ago, designs and manufactures a patented line or toroidal coil winding machines, accessories and control instruments. Electro-Mec Laboratory custom designs and manufactures high precision potentiometers and digitometers.

Instruments. Electro-Mec Laboratory custom designs and manufactures high precision potentiometers and digitometers.

The parent company, Waltham Precision manufactures such electromechanical devices as gyroscopes, elapsed time indicators, subminiature motors, stepper mortors, subminiature differentials and gear trains, electronics industries.

Waltham Precision Instrument Co. is currently listed and traded on the American Stock Exchange-V. 192, p.)44.

Ward Industries Corp .- To Buy Interest-

Idaho Maryland Industrics Inc., Los Angeles, has agreed to sell 50% of its Liquefreeze Corp. of America to Ward Industries Corp., New York, for \$1,200,000, according to an announcement by George J.

Morton, President of IMI.

The reason for the sale, said Mr. Morton, is to permit IMI and Ward to combine their various facilities and capabilities toward furtherance of the Liquefreeze program.

Mr. Morton also announced that M. J. Leonard, formerly Executive Vice-President of IMI, has been named President of the Liquefreeze Corp. of America.

Mr. Leonard stated that he will establish headquarters at the Lique-Mr. Leonard stated that he will establish headquarters at the Liquefreeze offices and research laboratory at 1733 Flower Street, Glendale, Calif., and that Liquefreeze will also maintain an eastern sales office at 26 Broadway, New York City. Both offices, he said, will be staffed by sales engineers who have specialized in the field of food processing, shipping, and cryogenics.—V. 192, p. 1536.

Warner Bros. Pictures, Inc.—Buys Its Common—

Warner Bros. Pictures, Inc.—Buys Its Common—Warner Bros. Pictures, Inc. previously announced that it would purchase through sealed tenders up to 300,000 shares of its common stock at the lowest prices tendered and reserved the right to purchase a greater number, if tendered, no shares to be purchased at a price in excess of \$55 per share. An Invitation to Tender Stock was malled to stockholders on Jan. 9, 1961. The corporation announced that in response to this invitation there were tendered 407,887 shares at varying prices and that the board of directors on Feb. 2 authorized the purchase of all shares tendered in compliance with the terms of the invitation. Payments for the shares purchased was made by Morgan Guaranty Trust Co. commencing Feb. 6.—V. 192, p. 2658.

Washington Technological Associates, Inc., Rockville, Md.—Files With Securities and Exchange Commission—

The corporation on Jan. 25, 1961 filed a letter of notification with the SEC covering 30,000 shares of common stock (no par) of which 3,000 shares are to be offered for subscription by stockholders and employees and 27,000 shares to the public as follows: to stockholders and employees, \$8 per share; \$10 per share to the public. No under-writing is involved.

The proceeds are to be used to purchase equipment and for working

West Texas Utilities Co .- Bond Offering Cleared-

The SEC has issued an order under the Holding Company Act additions and improvements, including the payment of some \$3,600,000 petitive bidding \$8,000,000 of first mortgage bonds, series F, due Feb. 1, 1991. Net proceeds will be used to pay or reimburse the company for a part of expenditures made and to be made for property addition and improvements, including the payment of some \$3,600,000 of short-term bank notes incurred for such purpose. The company's and 1962 construction program is estimated at \$24,163,000 .-

Western Industries, Inc.—Acquires—

This producer of railroad and parking lot automatic gate and signalling equipment has announced the purchase of Q and C Company, New York City railroad equipment firm. Terms were not

George L. Hudson, Board Chairman of Western Industries, said the acquisition is a diversification move which will add approximately \$1,000,000 to the company's annual sales volume.

Q and C will be relocated at Western Industry's Chicago head-quarters, 2742 West 36th Place, and it will be operated as a division of Western Railroad and Supply Company.

Founded in 1886, Q and C produces and distributes a complete line of railroad maintenance-of-way and mechanical equipment, including snow melters and flangers, track gauging tools, guard rail clamps, flangeway crossings, switch point guards, foot and heel guards, one-piece guard rails, anti-slip rail tongs, step joints, car replacers, roller side bearnings, emergency knuckles, derails, gage roos, car stops, and benders.

(Clyde) Williams Corp .- Formed-

A new corporation to provide research, technical information, investment advisory, and management service; in the United States and Europe is being organized by Dr. Clyde Williams, Columbus, Ohio, and his American and European business associates.

To be incorporated in Chio, the firm will be known as the Clyde will her at 50 West Gay Street, Williams Corp. Its main offices will be at 50 West Gay Street, Columbus, and branch offices will be maintained in London, England. and Paris. France.

Principal stockholders in the new venture will be Dr. Williams; Dr. F. R. Hensel, Vice-President, P. R. Mallory and Company, Indianapolis; Dr. L. Kermit Herrdon, Columbus; and Harry H. Jackson, London, England. They will also serve as directors.

> New Jersey Turnpike Authority N. J. (P. O. New Brunswick), N. J.

Issues 1960 Annual Report-A new record in traffic and revenues; the authorization of a number of needed improvements and betterments, and further reduction in outstanding bonded indebtedness were features of the 1960 report of the Authroity submitted to Robert B. Meyner, Governor, and members of the State Legislature by Joseph Morecraft, Jr., Chairman, and Angus M. Harris, Treasurer.

Traffic totaled 49,083,017 cars, an increase of 6.2% compared with 1959, and toll revenues were \$35,583,987, an increase of 6.8%. Total revenues in 1960, including tolls, concessions, income from investments and miscellaneous items totaled \$39,508,455, a new record, and an increase of 5.9% over 1959.

Chairman Morecraft and Treasurer Harris stated that "the safety of the traveling public, and service to it, continue to be of paramount importance, and have in almost entire measure dictated the magnitude and nature of our expenditures.

Although our fatal accident rate was not quite as good as in 1959, our overall accident rate was substantially better than that of the preceding year. Determined efforts are in force and directed towards reducing accidents involving trucks, rear - end collisions, and sleepy drivers, and we believe we may take some credit for contributing towards higher standards and pioneer efforts in the field of highway safety."

The list of improvements and betterments authorized in the past two years was estimated to cost about \$11,000,000. By the end of 1960, some were completed, some still under construction and the remaining projects were in the design stage. The list includes the median barrier for the length of the Turnpike, the new Carteret interchange, substantial enlargements and improvements of restaurant facilities, a charter bus stop, an expansion of the radio communications system to include facilities for the remote control of speed warning signs, the purchase of new equipment for the Maintenance Department, an addition to the Administration Building, and considerable work in painting and the rehabilitation of structures and facilities peculiar to a toll road. The cost of the improvements will be spread over three years, including some \$2,-566,284 spent in 1960.

"Additional projects will be required to keep abreast of inize more of our facilities," Chair- a basis of about 3.47%. man Morecraft and Treasurer Harris reported. "In keeping with prior predictions, and which anticipated the need for these and other capital improvements, our total bonded indebtedness was Bond Sale—The \$523,000 various 31, 1959 to \$398,221,000 at the end

"As the amount of outstanding awarded to a group composed of bonds decreases our reserves decrease also, and are now \$32,102,-872. Four years ago these same reserves were \$39,893,542. Every dollar over and above what is needed for operations and maintenance including items of a type not recurring annually or at short intervals, interest, and for betterments and improvements not financed from the General Reserve Fund, goes to the retirement of bonds."

A daily average of 134,107 revenue vehicles was carried in 1960 Feb. 16 for the purchase of \$2,against 126,574 in 1959. The aver- 280,000 school building 1960 bonds. age toll per vehicle was 72.5 cents
